GILLETT & JOHNSTON

CROYDON, Surrey.
BELLS, CLOCKS, CARILLONS.

St. Peter's Collegiate Church,
Wolverhampton.
Tenor (33 cwt.) of the New Ring of 12.

WULFRUN CHAMBERS, WOLVERHAMPTON,
MESSRS. GILLETT & JOHNSTON, CROYDON. 4th March, 1912.
Gentlemen,

The re-casting of the peal of ten bells with the addition of two new ones in the tower of St Peter's Collegiate Church, Wolverhampton, recently carried out by you has proved most successful, and given general satisfaction.

I am authorised by the Rector and Wardens to say how pleased they are with the result. In the opinion of those well qualified to judge, we have now, undoubtedly, one of the best peals in the Kingdom.

Yours faithfully, F. T. BECK,

Architect, Diocesan Surveyor.

MODERN WORK.

CORRECTING AMERICAN IMPRESSIONS

Dr. Arthur H. Nichols, of Boston, who is doing such splendid work in the cause of ringing in the United States, has, by a timely article in a widely read American magazine, "The Nation," rendered further valuable service to the art. Among our cousins across the Atlantic a good deal of ignorance and misconception exists as to the practice of ringing, and the musical critic of "The Nation" having been pleased to call the art a "curious sport," Dr. Nichols thought it necessary to correct him, and this he has done very effectively. As the periodical reaches the very class of readers in every part of the States whom those responsible for ringing desire to appeal to, the article, concisely written, yet fully setting forth the advantages of the English style over the method generally adopted in America, should have no little influence in shaping opinion.

A few points quoted from the article should prove as interesting to our readers as to those less cognisant of the real facts who reside in the States. Dr. Nichols refers to the fact that the art has been cultivated in England for more than two centuries, and goes on to remark:—

It should be appreciated, by musicians at least, that scientific change ringing, designated in your columns as "a most singular sport, quite unknown here," is in reality a distinct branch of music constructed on mathematical formulæ and hence perfect from its inception. This remarkable discovery of producing with certainty on a set of bells all possible permutations, or sequences, of notes served to develop the full capacity and particularly the harmonics of the instruments, and thus awakened at once an interest in bell ringing and casting. The immediate result was that societies, or guilds, were formed for the study of the art, and have since continued to flourish. In England, therefore, as in no other country, there exists an impressive method of giving dignified utterance to occasions of festivity and mourning.

After alluding to what has been done in America, and showing the advantages of English methods of bell hanging over those adopted by American founders, Dr. Nichols adds:—

Visitors to belfries are apt to manifest surprise at the moderate muscular force necessary to guide heavy bells, properly equipped, through the maze of an intricate peal. But it is the mental faculties which are chiefly engaged. Hence, the exercise is quite as appropriate for women as tennis, golf, or rowing. Indeed, one society in England is composed exclusively of that sex; and in illustration of their accomplishments it may be added that there has been recently unveiled in Christ Church, Isle of Dogs, a tablet to record a successful peal of 5040 changes rung in three hours by eight ladies.

There are gratifying signs that this fascinating art which gives free scope to the intellectual faculties, and is also of value from an athletic standpoint, may receive more extended recognition in America. Its introduction would insure a needed reform in the treatment of belfries, and present a novel recreation to those individuals who possess the physical organisation requisite for the apprehension of this particular music.

**OPINION OF OUR
MODERN WORK.**

Broomfield Vicarage,
Chelmsford

Dear Sirs,
I have great pleasure in stating that we are perfectly satisfied with the manner in which you have carried out the work entrusted to you of re-arranging and re-hanging the Broomfield Church Bells.

We consider that the work reflects great credit upon your firm, and believe that your system of hanging the bells reduces the vibration of the steel frame supplied by you to a minimum.

The CHURCHWARDENS unite with ME in this expression of opinion. The BELLRINGERS are also unanimous in their praise of the alterations effected by you.

Yours truly,
CHAS. EDMUNDS,
Vicar of Broomfield.

BELLS OF ENGLISH CATHEDRALS.— ST. ALBANS.

By J. R. JERRAM.

The late Mr. Stahlschmidt, in his "Church Bells of Herts," gives a most exhaustive account of the Abbey bells from early time up to the present date, from which I have extracted the following:

The church was rebuilt by Paul de Caen, 14th Abbot, in 1077. Mention is then made of his providing bells for the tower, but how many is not stated. Soon after this a nobleman named Lyolf, together with his wife, gave two more bells.

About 1300 we find that Roger Norton, Abbot, provided "a great bell, and a most sonorous one, called by the name of St. Amphibalus," to be used as a curfew bell. Two more bells were added at the same time. Again; about 1340 two new bells were provided, and Amphibalus was recast. It must not be supposed that these bells formed a peal in any sense; but were probably odd bells used for different services.

to the ground, if they had not been, by the contrivance of the workmen, secured and bound by ropes and cords, and attached to the upper roof."

We find that in 1484 John Stoke, Abbot, when he was on his dying bed, bequeathed money for a great bell, called "John," and for new glazing of the cloister. We pass over a considerable period, during which there are numerous records of the bells being rung on special occasions. In 1699 we find there were five mediæval bells, dedicated respectively to Mary, Amphibalus, Alban, Christ, and John. These were broken up in that year and cast into a peal of six by Philip Wightman, a London founder. Four of these still remain, two have since been recast; and in 1730 two trebles were added by Phelps to make the present peal of eight, which are thus inscribed:—

Treble.

ST. ALBANS CATHEDRAL.

In 1380 we have the following record of a supposed miracle: "Now the fourth day prior to the Feast of the Passion of the glorious martyr (St. Alban) was at hand, on which, according to the custom of the conduct of spiritual works, the Office of the Dead was said in the convent for the commendation of the late most invincible King of England, Edward of Wyndeshores, when, as is the custom at such chief anniversaries, all the great bells were rung. Whilst they were being pealed, suddenly the bell which was the largest but one, and which was called Alban, becoming detached from its bearings, fell and broke the floor of the tower and two beams upon which the same bell then rested. Now was to be seen a fearful spectacle, the bell lying upon broken beams, which were unable to support themselves when relieved from the weight of the bell, and these becoming stronger as if from that immense burden, and so supporting it throughout the whole day, to the admiration of all beholders. But as soon as the bell had, by the skill of the carpenters, been lifted, the very beams which before had sustained it, proved unable, when lightened, to maintain their position, and being broken into pieces would have forthwith fallen

The tenor is 52½ inches diameter, weight about 25 cwt.

There is a tablet in the belfry recording a peal rung in 1765.

The inscription on the treble "Natu minor laude prior" means "younger by birth but greater in merit." That on the tenor "I being struck call the living to heaven and the dead to earth."

ODD CHANGES.

There is a family of ringers at Swanmore, Hants, and all are members of the Winchester Guild. On Sunday week the proud father (Mr. W. Linter) conducted his three sons and two daughters through 720 of Bob Minor on handbells, Miss May Linter 1, Miss Ethel Linter (first 720) 2, Walter Linter (first with a bob bell) 3, Frederick Linter 4, Roy Linter (first 720) 5, Willian Linter (conductor) 6.

The Holy Trinity Guildford Company have retrieved their false peal of Guildford Surprise, by ringing the first true one in the method on Tuesday last.

His many friends in Manchester and district will be pleased to learn that Mr. Richard Newton, who has been holding a good position at Boston, U.S.A., is relinquishing it for an important confidential position in one of the prominent banks.

The young band at Colsterworth, an out-of-the-way Lincolnshire village, deserve congratulations upon having scored their first peal. Until the bells were increased to six about 18 months ago not one of them knew anything about change ringing, and the only instruction they have had has been some half dozen lessons by the Rev. H. Law James. Their success is, therefore, all the more creditable.

To celebrate the birthday of the veteran captain of St. Lawrence's tower, Reading (Mr. W. Newell), a peal of Stedman Caters was attempted, but, unfortunately, after 3 hrs. 27 mins. ringing the conductor found that a shift course had taken place. The ringers were: E. Holloway, W. J. Paice, H. White, R. T. Hibbert, F. Webb, C. Pullen, W. H. Fussell, A. Osborne, F. Hopgood (conductor), R. Sawyer. It was the first attempt on Stedman Caters by Messrs. Holloway, Pullen, Paice and Webb.

Mr. C. J. Hamblin, the latest acquisition to the band at Auckland, New Zealand, reached the end of his long journey from England on October 1st, and as a welcome, a quarter peal of Grandsire Triples was rung at St. Matthew's Church on Sunday, October 5th, for morning service by J. F. Colgrove 1, N. Smallwood 2, J. Heather 3, O. Throssell 4, J. Davies 5, C. J. Hamblin 6, A. J. White (conductor) 7, S. C. Hamblin 8.

Those taking part in the peal at Ombersley, on Saturday, had an unpleasant experience. When they had fairly settled down to the task before them, one of the two oil lamps began to smoke, and presently the flame drew up to the top of the glass and finally set fire to the outside of the lamp. Through the fourth, fifth and sixth 720's the ringers could scarcely see each other for smoke, but the lamp then burnt itself out and the peal was finished in safety, but by that time all of them were almost as black as colliers.

Those ringers who have accepted invitations to Mr. George's birthday celebration on Saturday, are reminded that the tea takes place at St. Martin's Hotel, in the Bull Ring, Birmingham, at 6 o'clock prompt. As many visitors will not be taking part in any peals on that day, they may be interested to know that Mr. Harry Withers will be playing on the fine carillon at Bournville (Cadbury's Garden Village), from 3 to 4 p.m., and any who care to make the journey, of about four miles from the city, will hear something worth listening to. The bells of St. John's, Deritend (8) will be available during the afternoon for touches.

Miss Elsie Bennett has scored another success in her unique handbell record, for she has now added Stedman Cinques to her list, after having just recently rung Stedman Triples. Stedman Caters she achieved some time since, and she is the first lady to ring Stedman double-handed from Triples to Cinques.

Mr. W. White, of Raglan, Mon., writes confirming Mr. Hesse's measurements of Wedmore tenor, and says that he classes the bell as 33 cwt. St. Mary's, Taunton, tenor is 29 cwt. 3 qrs. 20 lbs., with a diameter of 58½ inches, which, by comparison, is further proof that Wedmore is not 38 cwt. But to ring a peal at Wedmore, Mr. White adds, is a great credit to the band, both on account of the "go" of the bells and the noise of 7 and 8.

ESSEX ASSOCIATION MANAGEMENT.

To the Editor.

Sir,—It seems a most deplorable thing that just when we should be most united, and almost at the moment when we are about to add "Diocesan" to our title, dissension appears in our midst. I do not know what the grievance of our friends is, but everyone, of course, is entitled to grumble—and Englishmen have the reputation of being born grumblers—but as you rightly say there are constitutional methods. If members are dissatisfied with their officers the remedy is in their own hands, and can be summed up in three words—Elect fresh ones. I feel sure, however, that if our friends in the North-Western division were to lay their grievances before those in authority they would be remedied.

May I, therefore, appeal to my brother ringers, many of whom are personally known to me, to do nothing which would cause injury or bring discredit to our Association, as I am certain that by all pulling together a way out of the difficulty will be found. Although criticism is always easy, it is far better to embark on a constructive rather than a destructive policy.—Yours faithfully, GEO. A. BLACK.

NOTEWORTHY PEAL RECORDED.

There has just been fittingly recorded in the tower of Leiston, Suffolk, that memorable performance by the eight brothers Bailey. It is in the form of a tablet of Corre Pine, the handsome top having been designed by the Rector, who dedicated the board prior to Matins on Sunday week. The tablet contains the following records of the achievements of the St. Margaret's Society:—

Norwich Diocesan Society of Change Ringers, St. Margaret's Society. Performances accomplished by members of the above Society.

Monday, May 31st, 1909. Peal of Double Norwich Court Bob Major, 11,040 changes in 6 hrs. 32 mins. The longest peal on the bells.

Saturday, October 21st, 1911. Peal of Bob Major (5024 changes) in 2 hrs. 58 mins.: Allen F. Bailey 1, Fredk. W. Bailey 2, Leonard P. Bailey 3, James M. Bailey 4, Norman R. Bailey 5, Ernest S. Bailey 6, Charles F. Bailey 7, Edgar F. Bailey 8. The first peal ever rung by eight brothers. Composed by G. Lindoff, of Dublin (late of Leiston). Conducted by C. F. Bailey.

Wednesday, January 1st, 1913. Peal of Kent Treble Bob Major (5088 changes), in 3 hrs. Composed by G. Lindoff. Conducted by C. F. Bailey. Rung in honour of the golden wedding of Mr. J. M. Button, for 50 years Master of the St. Margaret's Society. Mr. Button the treble bell in this peal, in spite of his advanced age.

Saturday, March 13th, 1913. Peal of Stedman Triples (5040 changes) in 2 hrs. 57 mins. Heywood's variation of Thurstans'. Conducted by C. F. Bailey. The first peal in the method by all, and on the bells, by the above Society.

Chelmsford Cathedral.

WINCHESTER GUILD.

STRONG POSITION OF GUILDFORD DISTRICT.

The Guildford District of the Winchester Guild maintains its strong position, and since the amalgamation with the Leatherhead District, has a membership of over 300. The annual meeting took place on Wednesday of last week at Guildford, and was largely attended.

During the afternoon touches were successfully brought round in the local towers, and at a service in St. Nicolas' Church an able and helpful address was given by the Rev. G. Harding, of Godalming. The offertory, amounting to £1 6s. 3d., was on behalf of the Titchfield bells. Tea was served at the Sart Inn, ringers being present from Cobham, Shere, Cranleigh, Godalming, Haslemere, Chiddingfold, Witley, Womersley, Clandon, Merrow, Aldershot, Farnham, Woking, Worplesdon, Shalford, etc. At the annual meeting which followed, in the absence of the Mayor of Guildford, Ald. E. Bridger (Godalming) presided, and was supported by the Revs. G. F. Coleridge (Crowthorne), W. W. S. Fleet (Woking), G. Harding (Godalming), J. B. Francis (Farncombe), and C. Compton (Haslemere), and Messrs. G. Williams (general secretary of the Guild, Southampton) and J. J. Jones (district secretary), etc.

Mr. J. J. Jones presented the district report, in which regret was expressed at the destruction by fire at West Clandon Church of a fine peal of six bells. It had been pointed out to the Rector that the same amount of metal would make a fine peal of eight. The strength of the district with the amalgamation of the Leatherhead district was 30 towers, 275 ringing members, and 38 hon. members. The towers of Womersley and Rammore had been affiliated to the district, and instruction was given at Ash, Bentley and Womersley. At present there was a balance in hand of £14 (applause).

The following officers were elected: Chairman, Mr. C. Willshire; district secretary, Mr. J. J. Jones; assistant secretary, Mr. T. H. White (Dorking); representatives on the Central Committee, Messrs. R. Whittington and C. Edwards; ringing master, Mr. A. H. Pulling; auditor, Mr. W. H. Tunnell; and chaplain, the Rev. G. Harding.

The meeting approved of the following meetings: February, Aldershot; April, Shere; May, Haslemere; June, Leatherhead; August, Rammore; September, Farnham; November, Guildford.

It was unanimously agreed to attempt four district peals next year. The question of a badge was postponed to the next meeting of the Guild, the Rev. G. F. Coleridge stating that he had been deputed to bring the matter of a badge for the ringers of England before the Central Council.

Mr. A. H. Pulling presented the ringing master's report, which stated that eleven peals were rung on six bells, thirteen on eight, two on ten and eighteen on handbells, making a total of 44.

Thanks were accorded Ald. Bridger, on the motion of Mr. F. E. Dawe, who also apologised for the absence from the meeting of Mr. J. Hunt, and extended the sympathy of all ringers to the Clandon band on the loss of their tower, bells, and records. He hoped that out of evil might come good, and that as a result a peal of eight bells might be installed at Clandon.

Following the meeting a touch of Stedman Triples was rung on handbells by Messrs. A. H. Pulling, M. Smithers, G. Williams and S. Radford. The Farncombe band (the Rev. J. B. Francis, Messrs. W. Moorey, W. Hooker and Wood) also gave an exhibition of ringing and songs were sung by the Revs. G. Harding and J. B. Francis, and Messrs. B. Ward, S. Bennett, Nells, T. Mack, F. E. Dawe, G. W. Brion, T. Lodge, H. Mason and E. Etheridge. The arrangements for the gathering were most satisfactorily made by Mr. Willshire.

BASINGSTOKE DISTRICT'S PROSPECTS.

The annual meeting was held at Basingstoke, on Saturday, and proved an attractive gathering. Happily, the day was beautifully fine, so that the larger number, who come by road, found travelling pleasant. The members began to assemble about 4 o'clock, and the bells of St. Michael's tower were soon set swinging to Stedman and Grandsire Triples and a six-score or so of Doubles for the less advanced. At 5.30 all attended a hearty service in the church, where the ringers' form of service was used; and the music was led by the choir, who kindly attended at the request of the Vicar (the Rev. D. Bonstead), who himself took the service, the lessons being read by the Rev. F. Hume, the district secretary. Afterwards, 56 sat down to an excellent tea at the Church Cottage, well served by Mr. Philpott, as of yore. It was hoped that the Rev. C. E. Matthews (Master) and Mr. George Williams (general secretary) would have been present, but both of them were prevented. However, the Rev. W. E. Colchester (general treasurer), and Mr. C. Russell were present from Winchester, and Mr. F. Shepherd from Hersham.

At the general meeting which followed, the Vicar took the chair. The accounts (which are not closed till January) showed a substantial estimated balance on the right side. The president (Dr. Bonstead), district secretary (Rev. F. G. Hume), representative on Central Committee (Miss Alice White), and auditor (Mr. H. White) were unanimously re-elected.—The dates and places for annual and quarterly meetings were fixed, as far as possible; the names of 15 young members were added, by election; and several who had left the district were found to have returned, and met a welcome.

It was reported that there was a prospect of bringing five more

towers into union; and that a ring of four was soon to be augmented to a ring of six by the presentation of two trebles.

An interesting feature of the meeting was, that one of the Deane ringers, who is quite deaf, but very keen, was piloted, quite successfully, and to his own great delight, through a touch of Grandsire Triples, on the treble. This ringer, Mr. George Leaves, rings the treble to a six-score of Grandsire Doubles, and a touch of Plain Bob Minor quite accurately.

The towers represented were: Basingstoke, Oakley, Sherfield, Whitchurch, Dummer, Rotherwick, Hockfield, Bramley, Overton, Deane, and Andover, besides the visitors from Winchester and Hersham. Three members of the Ladies' Guild were present, and took part in the ringing. Some money was given in the room by the Basingstoke and Whitchurch bands, towards the Master's fund for augmenting the peal at Titchfield; and it was hoped that a fair sum will be placed in the hands of the district secretary, by the district, for that purpose, before the close of the year.

A return to the tower, and continued ringing until 9 o'clock, brought to a close a very successful meeting.

PRESENTATIONS.

CREWE RINGER'S SERVICES ACKNOWLEDGED.

Through the kindness of the President of the Crewe branch of the Chester Guild (Mr. C. J. Bowen Cooke, M.Inst.C.E.), the ringers of Christ Church, Crewe, met at "Chester Place" on Sunday, Nov. 16th, after morning service, to make an interesting presentation (on behalf of the branch) to Mr. R. T. Holding, senr., who has this year completed 21 years as instructor to the branch.

Mr. Cooke opened the proceedings with some well-chosen remarks, and the presentation, which consisted of an enlarged photograph of Mr. Holding, with a purse of gold, was made by Mr. Langford, the oldest member of Christ Church tower, who spoke in high terms of the work rendered by Mr. Holding, in connection with change ringing in the district.—The Vicar (the Rev. W. Bidlake) and churchwardens also endorsed these remarks, and said, that although Mr. Holding had not been able to get to the belfry as often as previously, owing to illness, they all hoped that he would be among them again before long.—Mr. Holding thanked them for their kind gifts, and said that what he had done in the past had not been done for any personal gain, but for the love of the art.—Mr. Cooke was thanked for the interest he had taken in the ringers in the district.

RINGERS' GIFT TO VICAR.

An interesting presentation took place in the belfry of St. Outhbert's Church, Kirkby Ireleth, on Saturday week, when the Vicar (the Rev. A. Partridge) received from the ringers of the churches of Broughton-in-Furness and Kirkby Ireleth, a beautifully chased silver cigarette case, suitably inscribed, on the occasion of his leaving Kirkby to take up duties at his native place, Great Barr, near Birmingham. Mr. H. Casson, who presided over the little ceremony, voiced the regret of the parishioners at the departure of the Vicar, and Mr. J. Spry (the conductor) then handed the gift to Mr. Partridge. He spoke in appreciative terms of the way in which the Vicar had assisted the ringers and joined with them in the practice of the art, and on behalf of the subscribers wished him every success and happiness in his new sphere.—The Vicar acknowledged the gift in a feeling speech, in the course of which he said he should always look back with pleasure on the happy times spent with the ringers both in the belfry and on the many little trips they had had together. He appreciated the gift, not alone for its value, but for the spirit that prompted it, and it would always be a pleasant reminder of the happy hours he had enjoyed with them.

WEDDING GIFT.

On Thursday of last week, Mr. R. G. Black, the esteemed captain of the Geddington company and a well-known ringer in the district, was married at Kettering Parish Church to Miss S. E. Darker, of Kettering. In honour of the event, his brother ringers rang at Geddington 720 Grandsire Doubles: W. Moore 1, C. Swann 2, C. Cooper (conductor) 3, E. Reed 4, C. Moore 5. Illness near the church unfortunately prevented a peal attempt.

After the ringing the bridegroom was present in the belfry, and on behalf of the Geddington band, Mr. W. Moore presented him with a handsome set of knives and forks. In a happy speech, Mr. Moore wished the bride and bridegroom long life and happiness.

Subsequently the ringers were entertained to supper at the residence of the bridegroom's parents (Mr. and Mrs. G. Black), and an enjoyable evening was spent in singing and handbell ringing.

DURHAM & NEWCASTLE ASSOCIATION.

A meeting of the Northern district was held at Christ Church, North Shields, on Wednesday week, with an attendance of eighteen members representing four towers. Rounds were rung for the benefit of the beginners, and the following methods were practised: Stedman Caters, Kent Treble Bob Royal, Plain Bob Royal and London Surprise Major. Four members had their first practice on ten bells. The next meeting will probably be held at Newcastle.

A NEW SUSSEX CHURCH. MUNIFICENT GIFT CONSECRATED.

One more has been added to the beautiful churches of Sussex by the consecration on Thursday, November 13th, of Holy Trinity Church, Coleman's Hatch, which has been erected by a local resident, Mr. J. McAndrew, J.P., of Holly Hill. The church forms a landmark in its stately position at the top of Shepherd's Hill, and has a fitting background of very fine trees. Mr. McAndrew has not only defrayed the cost of erecting the church—estimated at about £16,000—but has endowed it and thoroughly furnished it throughout with every requisite, including a full peal of beautifully-toned bells, which rang out their joyous welcome before the service. The church consists of a nave and north aisle, a tower and spire, and the usual arrangements of chancel and organ chamber and vestries, advantage being taken of the steep slope of the ground at this point to place the choir vestry and heating chamber under the organ and clergy vestry, both of which are at the same level as the body of the chancel. At the west end there is a small baptistery containing a stone font. The total accommodation of the church is 300, including the choir. The exterior of the church is of Sussex stone, the interior having dressings of the same stone, the walls being plastered. The fittings throughout are of oak, and include the altar, altar rail, choir stalls, pulpit and seats in nave and aisles. The church is heated by hot air. There is a clock in the tower, which is fitted with Lord Grimthorpe's double three-legged gravity escapement and all the latest improvements, and which chimes the "Westminster" quarters and drives the hands of gilt skeleton dials.

The consecration of the new church, tower, bells and clock took place in the presence of a crowded congregation, many of whom were unable to find seats, and was performed by the Bishop of Chichester in the course of a most impressive service.

After the service, the congregation were entertained to tea by Mr. McAndrew, the company numbering between 500 and 600.

Before and after the service the new bells were rung by the ringers from St. Peter's, Brighton, under the direction of Mr. Keith Hart, and after a hurried tea the band returned to the tower and rang an excellent peal of Stedman Triples as recorded in last week's issue.

The tenor of the ring weighs 12 cwt., and is in the key of G; and all the bells have been hung in a steel and iron frame, and tuned on the five-tone "Simpson" principle, which soon becomes apparent to the listener.

The whole of the bell and clock work has been carried out by Messrs. Gillett and Johnston, of Croydon, who were complimented on all sides for the manner in which their contract had been completed, and particularly for the sweet tone of the bells and the ease with which the ringers were able to handle them.

LINCOLN DIOCESAN GUILD. NORTHERN BRANCH MEETING.

A meeting of the Gainsborough district was held at Kirton Lindsey on Saturday week, ringers and friends being present from Gainsborough, Willingham, Barnetby and Bigby. Although the gathering was not so large as it might have been, yet from a ringing point of view the meeting was very successful. During the afternoon and evening several well-struck touches of Grandsire Doubles, Plain Bob, Oxford and Kent Treble Bob Minor were accomplished. At tea at the Red Lion Hotel, the ringers were joined by the Vicar of Kirton Lindsey (the Rev. H. R. Garvey), Messrs. Silverwood and Kent (choir-master), and some of the local company. The subsequent business meeting was presided over by the Vicar, and it was the pleasing duty of those present to elect the Rev. H. R. Garvey as an hon. member. Votes of thanks to the church authorities for the use of the bells, to Mr. R. Johnson for making the necessary arrangements, and to the host and hostess were unanimously carried and responded to in a very cordial manner by the Vicar and Mr. Johnson. Mr. Silverwood also expressed the great pleasure it gave him to be with them on that occasion.

This concluded the business, after which some of the visitors returned to the tower and indulged in further ringing, including a 720 of Kent Treble Bob Minor, by: C. H. Baker 1, F. S. W. Butler (conductor) 2, G. W. Blanchard 3, J. C. Tinker 4, W. T. Herring 5, J. T. Ladd 6. This was the first 720 of Treble Bob by Mr. Herring, and is believed to be the first in the method on the bells. The meeting proved one of the most successful ever held by the Gainsborough district.

LANCASHIRE ASSOCIATION.

The members of the Manchester branch held their usual monthly meeting at the famous tower of St. Michael, Ashton-under-Lyne, on Saturday week. The meeting was of a very representative character, members being present from Manchester, Pendleton, Worsley, Eccles, Hyde, Stockport, Oldham, Middleton, Penkull (Staffordshire), etc.—Mr. Jas. Barratt (vice-president of the Association) presided over the business proceedings, at which Mr. J. Broadbent and Mr. A. Sumner were elected members.—Manchester Town Hall was chosen for the next meeting place.—A hearty vote of thanks was accorded the Rector and local ringers for the use of the bells.

EXCURSIONS.

AN OUTING TO LEEDS.

On Saturday week, the members of the Bolsover band journeyed to Leeds for their annual excursion. Arriving at our destination about 10 a.m., writes one of their number, we were met by the genial Mr. H. Williams, who proved a most capable guide, and whose attractive programme included visits to the town hall and other places of interest. At St. Michael's, Headingley, a disappointment awaited us, for owing to the illness of a parishioner we were not permitted to ring. The Rev. C. C. Marshall, Vicar of St. Chad's, and President of the Yorks Association, received us most courteously, and gave us a hearty invitation to have a pull on the beautiful peal of eight bells of which his church boasts. Touches of Norfolk, Treble Bob and Superlative were brought into rounds, and after expressing our thanks to the Vicar for his kindness, we proceeded to Beckett Park, formerly the seat of Lord Grimthorpe, and now the Leeds Training College. After crossing the park, we arrived at the famous Abbey of Kirkstall, and our interest in the venerable pile was enhanced by Mr. Williams' narrative of its history and past greatness. The morning's exertions, and the bracing air of Headingley, made dinner unusually welcome. The meal was partaken of at Leeds, and afterwards, as Mr. Williams was compelled by a business engagement to leave us, the duties of cicerone were undertaken by Mr. Johnson, who conducted us to Hunslet Parish Church. Here, Mr. Cotterill, of Halifax, and several ringers were awaiting us, and touches of Cambridge, Norfolk and Bob Major were successfully brought into rounds. We next visited the parish church of Holbeck, and came to grief over a touch of London, after succeeding with touches of Superlative and Double Norwich. Tea provided a welcome respite, and subsequently we concluded our tour with a visit to the Leeds Parish Church, where we again failed with a touch of London, but brought into rounds touches of Stedman Caters and Superlative. The very warm welcome we received on every hand contributed to the day's enjoyment, and we desire to extend our heartiest thanks to the Vicars of the churches at which we rang, and to all who in any way ministered to our pleasure.

LUTON RINGERS VISIT NORTHAMPTON.

The ringers of Luton Parish Church visited Northampton for a half-day, at the kind invitation of the Vicar of St. Giles (the Rev. T. A. Gurney), who was senior curate at Luton some twenty years ago. After having a look round the town, a move was made to the belfry, where, during the afternoon and evening, the following methods were rung on the nice peal of ten, with tenor 25 cwt.: Grandsire and Stedman Triples, Kent Treble Bob Major, Grandsire and Stedman Caters, Bob and Kent Treble Bob Royal. By the kindness of the Vicar, tea was partaken of at the St. Giles' Churchrooms, and the tables presided over by three ladies, including Miss Gurney. After tea, Mr. A. King, on behalf of the visitors, proposed a hearty vote of thanks to the Rev. A. T. Gurney for his kind hospitality, and for the use of the bells.—The Vicar, in reply, said how pleased he was to entertain the ringers from his old parish, and spoke of the happy time he spent at Luton, under the late Vicar (the Rev. James O'Neill). He hoped at some future date to have the opportunity of inviting them to Northampton again.—Thanks were also expressed to the ladies for their help at the tea tables, and to Mr. W. Rogers and his colleagues for having everything ready at the belfry, and making the outing a success.—Owing to a prior engagement, Mr. F. Wilford, general secretary of the Northamptonshire Association, was unable to be present to welcome the visitors.

DEATH OF CANON YERBURGH.

A RINGING CLERIC.

Readers of the daily papers will have seen with regret the announcement of the sudden death of Canon Wardell Yerburch, Vicar of Tewkesbury, on the 14th inst. In losing him, the Tewkesbury company lose a genial and kind-hearted president, the Gloucester and Bristol Diocesan Association lose an earnest supporter and well-wisher, and the Exercise in general loses one of the comparatively few clergy who not only took a deep interest in the art, but who at one time himself practised change ringing, and was a College Youth. Charming and delightful in manner, he won the admiration of all who came into contact with him. He had held the living of Tewkesbury for some twelve or thirteen years, and was deservedly popular in the parish. The dignity and beauty of the services in the glorious Abbey were his constant care, and the void that he leaves behind will be hard to fill.

The following ringing took place at Tewkesbury Abbey Church, with the bells muffled as a last token of respect: On Sunday morning, the 16th inst., for Divine service, 532 Grandsire Triples: W. Hampton 1, R. H. Wetherington 2, F. S. Wilson 3, F. Smith 4, John Wathen 5, T. Devereux 6, Jos. Wathen 7, W. Haines 8. Also for evening service, 714 Grandsire Triples, standing as before, with the exception of C. W. Dyson 4 in the place of F. Smith. Both touches were composed and conducted by Jos. Wathen. On Monday evening, the 17th, before the memorial service, 600 Grandsire Triples were rung.

ROYAL CUMBERLAND YOUTHS AND SHOREDITCH BELLS.

To the Editor.

Dear Sir,—Our society's thanks and compliments are due to Mr. Herbert J. Bradley for his researches among parish records and the interesting tit-bits of ancient history he has discovered and published. His find in Shoreditch Library of "Dawson's Diary," having a record of a peal rung on Shoreditch bells in October, 1746, is of more than ordinary interest, and, as he suggests, may be the peal by the London Scholars (which society was founded A.D. 1603) rung in honour of Royal Duke.

Thanks are also due to the past master, Mr. J. D. Mathews, for his search of the society's old peal books, as the extracts therefrom of the two "first" peals of Grandsire Cinques rung there in 1807 and 1823, at once clinch the point that the present is the third ring of twelve bells put up in that tower.

One other of the treasured possessions of this society is documentary evidence of subscription lists for the original ring of twelve bells at Shoreditch, and also for keeping them in repair years after they were put up.—Yours truly,
H. DAINS.

BADDOW RINGERS' BEREAVEMENT.

It is with sincere regret we have to record the death of Mrs. Green, wife of Mr. George Green (one of the local ringers), of Great Baddow, Essex. Deceased had been suffering for the last two years from consumption, and passed away on Monday week at the age of 31 years. The deceased leaves a husband and three sons (the eldest of whom is 10 years of age), with whom we all deeply sympathise in their great loss.

The funeral took place on Friday at Great Baddow, when a great number of mourners assembled, and 28 floral wreaths and crosses were sent. In the evening, a quarter-peal of Grandsire Triples was rung at the Parish Church with the bells half-muffled as a last token of respect by: W. J. Rice 1, H. R. Dawson 2, A. Head 3, H. Richell 4, H. Bush 5, H. F. Cooper (conductor) 6, A. Richell 7, F. Newman 8.
