THE COUNCIL AND ITS BUSINESS.

Very soon, now, thoughts will be turned once again to the activities of the Central Council, which will meet in London at Whitsun. It will be the first meeting held under the complete operation of the new rules, and for this reason there will be some change in the representation of the affiliated societies. There may be a few who will not be entitled to as many representatives as in the past, but where there are changes they will, for the most part, be in the direction of increased representation. Membership goes in the following proportion for territorial societies: One representative for a recognised society with over 75 and less than 150 members; two representatives for a membership between 150 and 300; three for a membership between 300 and 450; and four (the maximum number) for a membership of over 450. Membership for the purposes of representation is based upon resident ringing and hon, members; non-resident ringing members do not count for this purpose. Certain non-territorial organisations, like the College Youths and Cumberlands, are not affected by this "residential" qualification.

This new rule does not necessarily mean that societies will elect the full number of representatives to which they are entitled, although most of them will probably do so, but it does mean that they will be called upon to pay affiliation fees to the Council in proportion to their membership. Hitherto it has been possible for even a large society to have full advantage of the Council's activities, while electing only one member and paying accordingly. As the Council's resources are devoted to furthering the art in a number of practical ways—notably the publishing at cost price of numerous works connected with ringing—it is only fair that societies should furnish financial support to some extent commensurate with their strength.

In recent years the work of the Council has been growing, and every meeting has provided almost more business than can be compressed into the hour available. From past experience, and from what we have heard, it would seem that the next meeting, which, of course, brings with it the triennial appointment of officers, is likely to be a very lengthy one. It would seem as if the time is approaching when the Council will have to start its meeting at an earlier hour than eleven o'clock. On one or two occasions in recent years the final stages of the business have been completed with a thinning attendance, owing to the early departure that some members from long distances have to make. It would be better to begin a little earlier and have any time there might be

to spare at the end of the business, if it could be arranged. One of the difficulties in the way is the present practice of holding a meeting of the Standing Committee before the Council meeting; but, seeing that this committee has, for the past few years, begun its meeting the previous evening, there would seem to be no insuperable difficulty in an alteration of the Council's meeting time, so that the business on the agenda can be got through in a full assembly. At any rate, if the congestion of the agenda increases, some change will be necessary if the business is to be adequately dealf with.

AN APPEAL FOR PUNCTUAL SERVICE RINGING A most enjoyable meeting of the Eastern and Western Districts of A most enjoyable meeting of the Eastern and Western Districts of the Durham and Newcastle Diocesan Association was held at Gateshead on Saturday, March 14th, many belfries being represented from north of the Tyne to south of the Wear. Two ringers were also present from far off Kirkby Stephen. The bells were kept going during the afternoon, and tea was partaken of at the Anchorage. A short meeting was held, over which Mr. F. Sheraton presided, supported by the

Rev. Canon Stephenson.

After the loyal toast, the chairman welcomed the 'strangers,' and also the visitors, and hoped they would have a happy time.

Mr. J. Anderson proposed a vote of thanks to Canon Stephenson for the use of the bells. He went on to say that he always appreciated the way in which the Canon turned up at ringers' meetings, and particularly the annual meeting, and Canon Stephenson always gave thom a hearty welcome. Mr. Anderson also reminded ringers that, boing church bellringers, it was their duty to ring for Sunday services, and that it was really church law that bells should be rung before services. It was sad to think of some befries where ringers had often to wait for just one or two and then probably not get the bells going. It was up to each ringer to do his utmost to further the art.

Canon Stephenson, in reply, said it was always a pleasure for his bells to be rung, and he wished the meetings were more frequent. He appreciated the services of the ringers and hoped they would go away feeling that they had had a happy time at the meeting.

Mr. Pickering proposed a vote of thanks to the ladies for the bounteous tea, which he was sure that everyone present had enjoyed.

The verger replied on behalf of the ladies.

Mr. G. S. Taylor read a letter he had received from the Rector of Bishop Auckland asking the association to hold a meeting there. A special meeting was arranged for April 25th.

It was proposed that the next meeting be a joint one between the Eastern and Western Districts, and be held at Chester-le-Street on Saturday, June 13th.

Further ringing afterwards took place, and everyone was quite

STILL RINGING AT 93

RYDE VETERAN THE OLDEST ACTIVE RINGER.
To-morrow Mr. George Henry Coombes, of 25, Swanmore Road, Ryde, Islo of Wight, will celebrate his 93rd birthday, and ringers everywhere will join in congratulating him.

Mr. Coombes has been a ringer at All Saints' Church, Ryde, since the bells were installed in 1886. He continues, despite his great age, to ring regularly for divine service on Sundays, and seldom misses the weekly ringing practice. Not only is Mr. Coombes the oldest active ringing member of the Winchester and Portsmouth Diocesan Guild, but is believed to be the oldest active service ringer in the British Isles.

FOR BEGINNERS.

MAKING THE MOST OF DOUBLES.

Those ringers who confine their attention to ringing Doubles-and there are many—have a very limited scope for variety. Whereas on six bells the number of 'regular' methods available runs to over 200, if we include those which can be 'spliced' together to make up a true extent, the methods of pure Doubles can be counted on the fingers, while if we include all the methods which in these days would pass muster, it is only just over a score. But even with this limitation, the scope is not fully exploited by those who are compelled, or for other reasons are content, to confine their attention to five-bell methods.

We often wonder why this should be. It is a very monotonous thing always to ring just one method, especially when its extent can be disposed of in five minutes or less. It may be that many ringers have not the figures of the methods from which to learn. Let us, if we can, help you to something fresh.

To begin with, we will assume you can ring Grandsire Doubles, in which there is another bell besides the treble doing a plain hunt, and a third's place made (causing the two bells behind to dodge) when the

Now, try and ring this method 'reversed' as it is called. You still have a bell in the hunt, but the 3rd's place is made when the treble has laid its whole pull behind. That causes the dodge to be made by the two bells in front—one dodging 1-2 (up) and the other 2-1 (down). In Grandsire 3rd's place is made by the bell that the treble takes off lead; in Reverse Grandsire it is made by the bell that the treble turns from behind. from behind.

The bell that dodges in 5-4 (down) in Grandsire passes the treble in 3-4 on its way up. In Reverse Grandsire the corresponding dodge is in 1-2 (up) and the treble is passed in 3-2 on the way down. In each case you strike over two other bells before meeting the treble. The other dodge, of course, is made after meeting the treble one place carlier; in Grandsire you pass the treble in 2-3 before dodging in 4-5 (up), and in Reverse Grandsire you pass the treble in 4-3 as you go

The bobs in Reverse Grandsire are made when the treble is behind. The bell that passed the treble in 4-3, instead of going down to the front to dodge, makes 3rd's and goes up again, turning the treble from behind and becoming the bell in the hunt. The bell coming out

from behind and becoming the bell in the hunt. The bell coming out of the hunt double dodges in 1-2 (up), and the bell that would have dodged in 1-2 (up) double dodges in 2-1 (down).

When a Single is made the bell the treble turns from behind (corresponding to the one the treble turns from the front in Grandsire) makes 4th's place and turns the treble from behind, being then in the hunt. The bell that would have gone into the hunt, had the call been a bob, makes an additional 3rd's place before going up behind again. The conductor's task is quite a simple one. Reverse Grandsire is called exactly as Grandsire, except that the bobs and singles are called when the treble is in 3rd's place going up, instead of when it is in 3rd's place, going down. If you must have an observation bell, then for the calling that in Grandsire brings the 3rd or 5th each time into 4-5 up, call either the 4th or the 3rd into 2-1 (down).

Now from Reverse Grandsiro to Reading Doubles is an easy step. A plain lead of Reading is bobbed lead of Reverse Grandsire, and a plain course consists of only two leads. In Reading, however, the bob is made when the treble is in front. The bell that, on the way up, passes the treble in 2-3, makes 3rd's (as if it were a bob in Grandsire) and goes down to take the treble off. This causes the two bells behind to have a single dodge—there is no other 3rd's place made from the

and goes down to take the treble off. This causes the two bells behind to have a single dodge—there is no other 3rd's place made from the front as in Grandsire, and there is no bell in the hunt.

A single in Reading is made by the two bells behind 'lying still' instead of dodging. That is to say, the bell that would have dodged down makes 4th's place and lies another whole pull behind; while the bell which, had it been a bob, would have dodged in 4-5 (up), lies a whole pull behind; actually carrying on as if it were a plain lead.

A 120 can be got by calling Rob, Bob, Single at alternate leads and repeating. So that you may compare the methods, here are the figures. Note that in starting there is no 3rd's place made. The 3rd goes straight up and the 4th straight down:

WHITFIELD VETERANS HONOURED.

FIFTY YEARS' SERVICE AT ONE CHURCH.

The three veterans at St. James' Church, Whitfield, Glossop, who, as already reported in 'The Ringing World,' have completed 50 years' service as ringers at the church, have been honoured by their friends. They are Mr. T. Jackson, Mr. J. Marsden and Mr. E. Garside, and a tablet has now been erected in the belfry recording their long and loyal attachment.

The trio and their wives were entertained at a social gathering, at which, among the many ringers and friends present, was Mr. J. Lawton, who started ringing with the other three, but who spent eight years as a member of the band at the nearby tower of Holy Trinity, Dinting.

After tea, a silence was observed in memory of the Whitfield ringers—twelve of them—who had passed away in the last 50 years, and then congratulatory speeches were made by the churchwardens and others and by the Vicar (the Rev. J. W. Cooke). The latter said the record of the ringers would be very hard to beat, and he had not heard of a better. He handed to the ringers the tablet worded as follows:—

St. James' Church, Whitfield.

To commemorate with gratitude and thankfulness their completion of 50 years' individual service as ringers in this belfry and church, February, 1886-February, 1936: Thomas Jackson, Joseph

Marsden, Eli Garside.

The Vicar said the tablet was to be placed in the belfry, amongst other memorial tablets, and he did not think there could be a more litting or hallowed place for it. He expressed deepest appreciation and thanks to the three ringers and hoped they would be spared to ring for many more years at Whitfield.

The veterans were reminiscent in their replies and had some interesting and amusing stories to tell of ringing and ringers in their early days. Speaking of the time before they took up change ringing, Mr. T. Jackson said that, when he and his colleagues started ringing in 1886, there were no cinema shows and very few other attractions, and they used to go practically every night and do a bit of ringing. Eventually, he said, they got to ringing 'single thirds,' and on one occasion rang 'single thirds' for three hours. An admiring friend treated them to half a gallon of small beer and cigars as a reward for their achievement (laughter). When they started change ringing on eight bells some of the old ringers left and the younger ones had to take their places. Mr. Jackson, in conclusion, said that during the 50 years he had been connected with ringing, of all the ringers they had had, he had never known one of them get into trouble (applause). (Continued in next column.)

LADY RINGER MARRIED.

Miss E. Dorice Turner, hon. secretary to the Northern Branch of the Ladies' Guild, was married on Saturday, March 14th, to Mr. H. Kelly at St. Mary's Church, Handsworth, Sheffield. Miss L. N. Cawthorne, late secretary of the Northern District, was bridesmaid, and Mr. H. Swallow was best man.

The bridegroom is a sergeant in the local section of the Church Lads' Brigade. The bride's capabilities as a ringer are well known.

After the ceremony, as the bridal couple left the church, the local company rang one or two touches of Kent and Plain Bob. The Church Lads' Brigade also formed a guard of honour outside the church.

The reception afterwards was attended by the Rector (Canon W. A. Baker), the local ringers and numerous other guests. Touches of Bob Major and Grandsire Triples 'in hand' after the reception brought great applause from the guests.

The Hardsworth ringers presented a Westminster chiming clock to the bride and bridegroom, whose future residence will be 171, Richmond

Road, Handsworth.

(Continued from previous column.)

Mr. J. Marsden said he was glad to know there were young ringers to follow them. He did not think there were many places which, during the last 50 years, had had less trouble with the Vicars than had been the case at Whitfield (laughter). They had had no trouble with any of them during the whole of that time (laughter and applause). Ringing, he concluded, had been part of their lives and, he could certainly say, a very happy part.

Mr. Garside spoke of the very happy 50 years which he and his colleagues had spent, as far as ringing was concerned. They had grown up together and had stuck together, and during all those years he could safely say they had never had a wrong word with each other (applause). He hoped they would live for many years to continue service ringing. He did not think there was a finer set of ringers in England than at Whitfield, so far as their close association with the church and school was concerned. He hoped the young ringers they had now got would continue for the sake of the church, because he should never like the bells at Whitfield to be stopped.

Mr. J. Lawion made a few racy remarks, and the Vicar added appreciation of the wives of the three veteraus. They must have had a certain amount of encouragement from their wives, he said, and thanks were due to the ladies in this respect (laughter and applause). 'Auld Lang Syne' brought a memorable and enjoyable gathering to

a close.

John Taylor and Co.'s bellhaugers are now busy hoisting the bells of Buckfast Abbey. It is expected that the peal of twelve, with the 2 ton tenor and the 7 ton Bourdon, will be rung for the first time on

Easter Day.

The ring of eight bells of Staveley Parish Church, Derbyshire, are to be rehung by John Taylor and Co.

The Middlesex Association and Oxford Guild joint meeting and social will be held at Hillingdon on October 10th.

A quarter-peal of Plain Bob Minor was rung at Beenham, Berks, on March 14th, by the following members of the local band: E. Wallace, E. Richardson, F. Churchill, the Rev. R. Howes, G. Fowler, E. Tigwell (conductor). This was the first quarter of Minor by all except the conductor. As four of the band are gardeners by occupation, it helps to prove the contention which one of the ringers makes, that you cannot enter a belfry without finding at least one gardener there; and the recommendation which the same ringer gives to the clergy and others, that if they want to engage a gardener, always engage a ringer.

A first peal by all the band is always a noteworthy performance, and the ringers of the peal at Bathampton on March 14th are, therefore, heartily to be congratulated upon their achievement.

A peal tablet is to be unveiled to-morrow at St. George's Church, Bolton. One of the peals which it records is a peal of Stedman Triples rung in 1900 in which Canon Elsee, president of the Lancashire Association, took part. Three of the band who rang in the peal are dead, but it is hoped that some of the others remaining will join Canon Elsee at the ceremony.

BUCKFAST ABBEY BELLS.

WORK NEARING COMPLETION.

WORK NEARING COMPLETION.

In addition to the new ring of twelve bells, with a 40 cwt. tenor in C, Messrs. J. Taylor and Co. are making a notable addition to the bells of Buckfast Abbey. This is to be a bourdon of 7½ tons, and is being given to the Abbey by Miss de Trafford, in memory of her sister, Lady Bellew. The name 'Hosanna' will be given to the bell and there will be cast on it a dedicatory inscription in Latin.

The new peal, which will consist of 14 bells, is to be hung some 20ft. higher than the old ring, in the now nearly completed tower, and will be carried on a massive iron and steel frame designed by Messrs. Taylor and Co. to strengthen the structure.

The work of hoisting them into the tower is now in progress. The old peal had a 28 cwt. tenor and was hung in a wood frame. The ringing was done from a stone gallery in the centre of the transepts, with an awesome drop of something like 60ft. to the floor of the church below. Only one peal was rung under these conditions—a peal of Stedman Cinques, conducted by William Pye.

In future the ringing chamber will be on the floor where the old bells stood.

We understand it is hoped to have the bells erected about Easter, but the tower itself, which will complete the final stage of the great building, the whole of which has been carried out by the monks themselves, will not be finished until towards the end of the year.

DEATH OF MR. R. K, KNIGHT.

A VETERAN CUMBERLAND YOUTH.

A VETERAN CUMBERLAND YOUTH.

We regret to record the death of Mr. Robert K. Knight, late of Gloucester and Walthamstow, which occurred on Saturday last at his residence, 105, Hainault Road, Leytonstone, at the age of 91 years.

Mr. Knight, who was born at Gloucester, learned to ring in that town. He came to London in 1866, to take up a position in H.M. Customs at the docks. One of his first actions was to join the Royal Cumberland Society, which he did in August, 1866. He became a member of the St. James' Society in February, 1867. Later he joined the Essex Association, when he became a member of the St. Mary's, Walthamstow, band, in 1892. He joined the Middlesex Association in 1897.

At St. Mary's, Walthamstow, he rang the tenor to a peal of Grandsire Caters on the occasion of the Diamond Jubilee of Her Majesty Queen Victoria, and nearly four years later he rang in a muffled peal at the same church to record the passing of that Sovereign. This peal was called by the late William Pye, whom Mr. Knight always greatly

ringing with the late Rev. H. Law James and his brother, the Rev. E. Bankes James, when they were very young men; and also with many other well-known Gloucester ringers, all of whose names he recollected. For the last 15 years Mr. Knight had been confined to his bed with an incurable leg trouble, but his interest in ringing never waned. He was gifted with a wonderful memory, and, with a wide store of reminiscences, was most entertaining to listen to. He was keenly interested in the William Pye memorial, and up to the time of his death had collected quite a considerable sum of money for that object. He was never so happy as when a ringing friend went to see him, and one of his greatest days was when he received a visit from Mr. and Mrs. R. Richardson on the day after their return from Australia, which gave him something to talk about for months afterwards.

The funeral took place on Wednesday at Ilford Cemetery.

SURREY ASSOCIATION.

REORGANISATION OF FINANCE. Seventy-Five Per Cent. for Central Fund.

of sixpence per member and a levy to meet the cost of the annual report.

The meeting was attended by nearly 100 ringers, representative of a large number of towers in the county, and many visitors. After enjoying ringing on the noble peal of twelve bells at the Cathedral, where on the first Sunday in every mouth the association supplies a hand to ring for the morning service, the members attended the beautifully sung evensong. Afterwards an address was given by the Rev. J. C. Kinnear, of St. John's, Croydon, where he is learning to ring. His subject was the brotherhood of service, and he spoke of the place of the ringer in the scrvice of the Church. There were many people, he said, who remained outside the walls of the Church, and it was a wonderful privilege which bellringers had of sending out to

place of the ringer in the scrucies of the Church. There were many people, he said, who remained outside the walls of the Church, and it was a wonderful privilege which bellringers had of sending out to them the message of the Gospel. It was more than just sentiment which touched people when they heard the sound of the bells. It was something of the appeal of that voice which had gone out into all lands and its sound unto the ends of the earth. They could not dissociate the bells of the Church and the message of the Church. They were one and the same thing. The bells rang out the message of the love of God. If that was true, it was important that those who rang the bells should keep that message before them. There had been correspondence lately in the ringers' paper about the worthiness, or unworthiness, of bellringers. He remembered when he was first ordained and went to a London parish, he went into the beliry and found that one of the great secrets of that place was its friendliness. 'When I told the Vicar what a nice lot of ringers he had got,' said the preacher, 'he replied, "They are no good at all. They ring the hells and that is all you see of them." I said, "Are you sure that is all you see of them?" I had to point out to him that two of them were members of the choir, three others were members of the C.E.M.S., ready to do anything they could, irrespective of their ringing, and that I had often seen one or two others of them with their wives at the Sunday evening services. You see,' added the preacher, 'he didn't know. It may not be always the case, but I believe that often those men who Sunday by Sunday go into the belfries and perform that extraordinary magic of the bells have been looked upon as just outside the Church. There may be a fear that ringers may think only of their ringing, as some organists and choirs may think only of their ringing, and I want to appeal to you to-day to bring to your bell-ringing not only the skill God has given you, but all the Christian forces of your life.'

A SUCCESSFUL YEAR.

A SUCCESSFUL YEAR.

The committee's report, presented by the hon, secretary (Mr. C. H. Kippin) stated that the year had been a very successful one. In the North-Western District twelve meetings were held. Five were district meetings, which had an average attendance of 37, two were joint meetings with the Guildford Diocesan Guild at Ranmore and East Molesey, and five were mid-week meetings with the Ladies' Guild. All the joint meetings were well supported by members of the district. The Southern District reported a new tower to be affiliated to the association, viz., Lingfield, the bells of which had been restored and augmented to a peal of eight. Four district meetings were held with an average attendance of 30. Membership in both districts had increased, and the total number of annual subscribing members was 297 (North-Western District 198 and Southern District 99), an increase of 23 on the previous year. Ringing had taken place at Southwark Cathedral on the first Sunday morning in each mouth by members of the association, and excepting during the holiday months the twelve bells were rung for service. A rota system had been established and 23 members at present were responsible for the ringing. The committee tendered its thanks to those members, and would welcome any further volunteers to assist in ringing the bells of the Cathedral church of the diocese.

The association still flourished financially. The balance in hand in the general and in the gene

the general and district funds at 31st December, 1935, was £39 8s. 1d., as against £34 5s. 5d. at the beginning of the year, being an increase of £4 17s. 4d. upon the year's working.

The committee regretted to report the death of Mr. H. Goodwin, of St. John's, Redhill, and Mr. A. J. Trappitt, of St. Mary's, Beddington. Both were regular service ringers at their respective towers. Mr. Trappitt had been a member for 42 years and had rung 168 peals for the association. He was district secretary for nine years. His death was a great loss to Beddington tower and to the association as a whole. During the year 21 peals were rung, 89 members taking part in the following methods: Superlative Surprise Royal 1, Stedman Caters 1, Grandsire Caters 2, Cambridge Surprise Major 1, Double Norwich Major 1, Kent Treble Bob Major 1, Bob Major 2, Stedman Triples 4, Grandsire Triples 3, London Surprise Minor 1, Bob Minor 1, and

Minor in four methods 3. The conductors were as follows: C. H. Kippin, 7; O. Sippetts, E. Hancox and L. A. Tidy, 2 each; W. Claydon, R. V. Fuller, C. W. R. Grimwood, A. Harman, E. Morris, C. Pothecary, W. C. Smith and H. B. Thorpe, 1 each. Ten members rang their first peal, four their first on a working bell, 17 their first in the method and five their first on different numbers. Statistics for the past five years showed that although peal ringing was gradually decreasing, through the difficulty of obtaining towers for peal attempts, individual interest was still being maintained. In 1932 51 peals were rung by 100 members. In 1935 the 21 peals were rung by 89 members.

INCREASED CENTRAL COUNCIL REPRESENTATION. The following officers were re-elected: President, the Bishop of Croydon; Master, Mr. D. K. C. Birt; hon treasurer, Mr. C. Dean; hon secretary, Mr. C. H. Kippin; hon auditor, Mr. G. W. Steere. Mr. E. G. Talbot was elected assistant hon secretary, Mr. F. E. Darby retiring. Mr. Kippin thanked Mr. Darby for his valued services. His work, he said, had been carried on behind the scenes and the hon secretary got the credit for it.

secretary got the credit for it.

As the membership was now 313, under the rules of the Central Council the association was entitled to elect three representatives; and the following who had been nominated were elected: Messrs. D. Cooper, W. Claydon and C. H. Kippin.

Leatherhead, Croydon and Kingston were proposed for the next annual meeting. Croydon was withdrawn, and, on a vote being taken, Leatherhead was selected by a large majority.

On the recommendation of the committee, a grant of £1 ls. was voted to the William Pye Memorial Fund, an amendment to increase the amount to £2 2s. being defeated.

The committee recommended an alteration to rule 17, increasing the district contribution to the general fund from sixpence to 1s. 6d. in respect of each member whose subscription shall have been paid.

the district contribution to the general fund from sixpence to 1s. 6d. in respect of each member whose subscription shall have been paid.

The hon, secretary explained that the districts had hitherto contributed 6d. per member, and had paid, in proportion to their membership, for the cost of printing the annual report.

After discussion on points raised as to the amount to be contributed from 'shilling' members (those who join at the end of a year) and hon, members, the motion was adopted with the substitution of '75 per cent.' for '1s. 6d.'

The following alterations to rules, also recommended by the committee, were also adopted:—

The following alterations to rules, also recommended by the committee, were also adopted:

Rule 4, paragraph 1, substitute the following: 'All nominations for general officers and representatives upon the Central Council should be made either at the previous annual district meetings, or in writing to the general secretary, providing such nominations are in his hands at least 14 days before the annual general meeting.'

Addition to rule 16: 'All nominations for district officers and committee representatives should be made either at the previous district meeting or in writing to the district secretary, providing such nominations are in his hands at least 14 days before the annual district meeting. Any contested election must take place by hallot.'

The hon. secretary explained that hitherto the nominations had to be made in writing, but during the ten years he had been in office, no nominations had ever been received, and the committee had had to make the nominations. Under the proposed amendments they would ensure that nominations were made at district meetings, when the business would be on the agenda. At the same time, there would be nothing to prevent nominations being sent in in writing.

be nothing to prevent nominations being sent in in writing.

It was resolved that the annual dinner should be held again this

year, the place being left to the committee to decide.

THE FORTHCOMING CENTRAL COUNCIL MEETING.

On behalf of the committee the hon secretary moved that the expenses of the Central Council representatives should be divided between the general fund and the districts.

After some discussion, it was decided to allow the question to stand over until the next annual meeting, as on this occasion, with the meeting held in London, the expense would be comparatively small.

Mr. M. Northover said he thought the members were entitled to a written report on the Council meeting, which could be read at the

district meetings.

district meetings.

The hon, secretary said he made a verbal report last year at a meeting of the Southern District, but Mr. Northover was not present.

Mr. Northover said a written report would be available to those members who were unable to attend the meeting.

Mr. F. W. Housden said the difficulty raised by Mr. Northover would be removed if everybody supported 'The Ringing World' (hear, beach).

The Chairman said he would recommend that, too. He found a great deal of interest in the paper and he hoped there would be a good response to the appeal made recently by the Editor for a larger circulation.

The hon, secretary said when the Central Council met in London The non, secretary said when the Central Council met in London three years ago, the Surrey Association was invited to join with other associations in arranging the social side of the proceedings. The association then guaranteed two guiness towards the expenses, but were only called upon for £1 7s. 4d. He believed the association would be invited to join in a similar arrangement this year, and proposed that, if that he so, the association should contribute a sum up to two guiness.—This was agreed to.

DEATH OF AN OLD ASTON RINGER.

MR. JAMES HOPKIN'S WORK IN THE BELFRY.

We regret to record the death of Mr. James Hopkin, an old Aston ringer, who passed away on March 5th at his residence in Church Lane, only a few yards from the church he loved so well. He was 76 years of age.

He went to Aston about 35 years ago and soon joined the Sunday

He learned to ring at Ashby-de-la-Zouch and was at one time a pupil of Mr. J. Jaggar. He had rung several peals of Grandsire Triples and Caters and Bob Major.

Mr. Hopkin was a delightful man and his presence in the belfry was always for the good of the company. He was regular service ringer and church attendant.

His memory will always be retained in Aston belfry on account of the beautiful illuminated tablets of peal records that hang on the

walls. His writing of these is admired by all who see them.

He waited a long time for Aston bells to be restored and was very delighted when he heard them again last summer. But the years had left their mark on 'Old Jim,' and he found the climb up the steps too much for him. He had a few rounds on the new bells on two occasions, but that was all he could manage. He had nothing but praise for the new peal.

Praise for the new peal.

He was buried at Aston on Monday, March 9th. The Vicar (the Rev. H. McGowan) officiated, and in his remarks paid tribute to the deceased as a man who did things quietly and effectively. Deceased leaves a widow and son and daughter to mourn their loss.

A course of Grandsire Triples was rung over the grave by D. Matkin, J. Jaggar, A. Walker and H. Withers. Several Aston ringers and other ringers took part in half-muffled ringing on the tower hells immediately after the burial service.

The service was attended by about a hundred members of the 'Sons of Rest' from Aston Park, of which section the late Mr. Hopkin was

secretary.

MEMORIAL TO THE LATE MR. A. WRIGHT.

TABLET DEDICATED AT PAINSWICK. TABLET DEDICATED AT PAINSWICK.

A tablet to the memory of the late Mr. Albert Wright, of Pitchcombo, was dedicated at St. Mary's Church, Painswick, on Saturday
afternoon, February 29th. The tablet, which is on an oak base, is in
the belfry of the church, and has been erected by the ringers of
Painswick as a mark of appreciation of the late Mr. Wright's service
to them in the promotion of ringing. From 1912 until 1930 Mr. Wright Painswick as a mark of appreciation of the late Mr. Wright's service to them in the promotion of ringing. From 1912 until 1930 Mr. Wright was Master of the Ancient Society of Painswick Youths and was always interested in bellvinging anywhere. He had also composed and conducted a good number of peals at Painswick, including the 13,001 Grandsire Cinques, which took 8 hours and 45 minutes to ring.

The memorial service was conducted by the Rev. Hiram Craven (Vicar), assisted by the Rev. H. T. Paton (curate), whilst others at the service were Mrs. Wright and members of the family, Mr. J. Russell and Mr. G. A. Carse (churchwardens) and members of the Ancient Society of Painswick Youths.

The Vicar paid a very warm tribute to Mr. Wright's devoted work for his church. The tablet is inscribed as follows:—

'Ancient Society of Painswick Youths. To the memory of the late Mr. Albert E. Wright, Master from 1912-30, from his fellow ringers.'

SALISBURY DIOCESAN GUILD.

About 40 members, representing 14 towers, attended the quarterly meeting of the North Dorset Branch at Hazelbury Bryan on March 14th. The Guild office was conducted by the Rev. William Uphill (Rector of Stour Provest), assisted by the Rev. F. Ll. Edwards (hon. secretary of the Guild) and the Rev. J. L. Rhys (Rector of Hazelbury), who welcomed the members, and in a short, homely address described interesting features of the history of his church and parish. Tea was served in the Rectory, followed by a short husiness meeting, the Rev. F. Ll. Edwards presiding.

Douglas Woolridge and Sidney Hunt (both of Fontwell Magna) were elected ringing members.

Honglas Woolridge and Sidney Hunt (both of Polickel Lag.)

le was agreed to hold an evening practice at Silton on May 9th, and a joint practice with the Wimborne Branch at Blanford on May 23rd. Complimentary copies of the jubilee number were distributed in the hope of increasing the circulation.

SURREY ASSOCIATION-Continued from previous page. The meeting concluded with a vote of thanks to the chairman, the Rector of Southwark, and to Mr. Mash who had arranged the tea;

WORLD.'

The annual meeting of the Southern Division of the Yorkshire Association was held at Handsworth, Shelfield, on Saturday, and was attended by a representative guthering, upwards of 40 members being present from Barusley, Doncaster, Wath, Arksey, Sheffield Cathedral, St. Marie's, Ranmoor, Wortley, Rotherham, Eastwood, Rawmarsh, Norton, Bolsover, Chesterfield, Treeton and the local company. A good variety of methods, ranging from Grandsire Triples to London Surprise, were sampled, and there was some excellent striking, especially in the higher methods. especially in the higher methods.

The usual first-class tea provided by the local company was very

much appreciated.

At the business meeting which followed, the Rector of Handsworth (the Rev. Canon W. A. Baker) presided. Previous to the business, the secretary referred to the loss they had sustained by the death of Mr. T. O'Hara, of St. Marie's Company, Sheffield, and the members stood in silence as a last mark of respect to an old and valued member of the association.

Two new members were elected, viz., T. Nicholls, of Wath, and F.

Gates, of St. Marie's.

For the annual joint meeting, to be held in June, it was decided that if the bells at Barnsley, which are at present at the Croydon Foundry, are available, to held the annual joint meeting there in June, failing which, Penistone was selected.

The retiring officers, Messrs. G. Lewis (vice-president) and G. Clark, F. C. Wilson and W. Wooler (committee), were re-elected and thanked for their consistent desired.

for their services during the past three years.

The hearty congratulations of the members were extended to Mr. Panther, of Wath, on reaching the total of 100 peals for the association. The secretary was instructed to convey to the Editor of 'The Ringing World' the very best wishes of the members on the occasion of the journal's jubilee, and the meeting agreed to do whatever was possible to increase the circulation of the paper, for it was felt that if ringer had no paper it would be a calculation and should impossible

possible to increase the circulation of the paper, for he was lets that if ringers had no paper it would be a calamity and almost impossible for the various associations to carry on.

The Chairman, having to leave, was heartily thanked for his presence and services and for the welcome which he always extends when

Handsworth is visited, and which makes such a difference to a meet-

hig, however small it may be.

Votes of thanks to the local company and to the ladies were accorded and replied to by Mr. F. Watkinson on their behalf.

WESTERN DIVISION AT LIVERSEDGE.

The Western Division of the Yorkshire Association held their annual meeting on Saturday, March 14th, at Liversedge, when that delightful peal of bells was kept going throughout the afternoon and evening. Upwards of fifty members were present and a large variety of methods was rung. To was served in the schools followed by the business meeting, over which Mr. P. J. Johnson presided, supported by the association's president (the Rev. Canon Marshall) and the Rev. E. H.

The Chairman, in a characteristic speech, appealed to all members to give their fullest support to 'The Ringing World,' which that week was celebrating its silver jubilec. He said this paper was not receiving the support which it merited, and he urged all present to do whatever

they could to increase its circulation.

Five new members were admitted to the association, viz., Messrs. N. Greaves (Bramley), W. E. Ramsden (Drighlington), William Hargreaves and John Turner (Lindley) and George Ward (Rothwell).

The members showed their confidence in the retiring efficiers by re-electing their vice-president and the three committee members for a further revied of three years.

further period of three years.

In proposing a vote of thanks to the Vicar and wardens for so kindly placing their bells at the disposal of the association, Canon Marshall said how pleased he was to see his old friend, the Rev. E. H. Fernie, who had recently returned from Australia.—This motion was

seconded by Mr. W. S. Green.

The Rev. E. H. Fernie, in replying, assured the members that the welcome was indeed sincere, and he hoped he would have the pleasure of receiving the association again in the near future. He also referred humorously to the time when he tried very hard to learn ringing, but his efforts nearly ended in disaster.

his efforts nearly ended in disaster.

The Chairman, in voicing the association's gratitude to the local company for their splendid arrangements, reminded the members of that wonderful band of ringers whose peal boards and records in the belfry pay tribute to their skill. He also congratulated the ladies for the very efficient way in which they had served the tea, mentioning that although some of them had very little experience of catering, they certainly knew how to look after ringers. Their arrangements were a credit to them.—Mr. W. Idle seconded this proposition, and Mr. Fred Hodgson replied for the local company.

The members then made their way to the tower, where the bells were kept going until 9 p.m.

The June meeting of the Western Division will be held at Bingley, by the kind permission of the Rev. A. C. Vodden. Full particulars will be advertised later.

MIDDLESEX COUNTY ASSOCIATION.

MEETING DISCUSSES MUFFLING.

The North and East District meeting of the Middlesex County Association and London Diocesan Guild, which was held at Finchley Association and London Diocesan Guind, which was no act at Pinterley on Saturday week, was attended by some 36 ringers, giving a denial to the oft repeated assertion that the six-bell meetings are not well Amongst those present were many well-known 'Surprise' supported. Amongst those present were many wentanion surprise ringers, who were not backward in ringing Grandsire Doubles and Bob Minor for the benefit of several youngesters.

A bright service was held at 5 o'clock, with a helpful sermon by the Rector (the Rev. S. F. L. Bernays), who afterwards joined the

party at tea.

At the subsequent business meeting four new members were admitted, and the election of Mr. George Williams, provisionally made on February 15th prior to the '1,000 pealers' peal, was confirmed. It was announced that the annual general meeting of the association was arranged to be held at Ealing on April 25th, and Pinner was chosen for the next district meeting on May 2nd or 16th.

Specimen copies of 'The Ringing World' silver jubilee number were distributed, and the hon, secretary strongly urged any members not already subscribers to become regular readers. The Exercise in general, and associations in particular, owed a lot to 'The Ringing World,' said Mr. Coles, and without that journal the lot of secretaries would be much worsened. would be much worsened.

BELLS OR CLAPPERS?

Comment was made on recent correspondence in 'The Ringing World' on the subject of the muffling of bells, and the chairman (Mr. G. W. Fletcher), who is hon, secretary of the Central Council, said that the matter would come up for discussion at the next meeting. The hon, secretary referred to the remarks made at the Birmingham

The holf, secretary referred to the remarks made at the Birmingham dinner by a speaker who said he thought it silly to say the clappers were muffled. Mr. Coles said it appeared to him just as silly to say that the bells were muffled, and in any case the muffle was put round the clapper and not round the bell. Actually it was the note of the bell that was muffled, and it would seem to be quite in order for a footnote to read 'Rung half-muffled (or muffled), etc.,' without any reference to the clapper or hell reference to the clapper or bell.

Mr. Fred A. Barker welcomed the members present to Finchley, and expressed the pleasure of the local ringers at seeing so many at a

six-bell meeting.

Mr. G. W. Fletcher proposed a vote of thanks to the Rector for his address at the service, and for allowing the meeting to take place; to Mr. F. Cherrett for arranging the meeting; to the organist; and to Mrs. Barker and friends for preparing tea. He also acknowledged Mr. Barker's words of welcome.—The vote of thanks was carried with

SALISBURY DIOCESAN GUILD.

AN EXPERIMENT IN WEST DORSET.

The first of a series of combined practices for the West Dorset Branch of the Salisbury Guild was held at Bradpole tower on Saturday week. Members attended from Beaminster, Bradpole, Chideock, Evershot and Lyme Regis with the intention of gaining some insight into Grandsire. Stedman and Plain Bob. Every opportunity was given to those who had not taken a working bell in these methods before, and encouraging results were obtained as the fruit of keen paper study in preparation for this meeting. Ere the afternoon was over some quite good touches of Grandsire Triples were rung as well as courses of Stedman Triples and touches of Bob Major, all of which undoubtedly stirred the interest of those who had never taken a rope in these methods before, or had never had the chance to get beyond Doubles besides helping to instil the hope among the others that the practice of fresh methods will be introduced into a wider range of towers in the branch.

The Rector, the Rev. C. W. d'Ombrain, most kindly provided tea

The Rector, the rev. O. W. a Omeran, most kindly provided tear for all, and was warmly thanked for his welcome and encouragement. This was felt to be a really useful gathering, during which every moment of the time was well employed, everyone heing most sympathetic to instruction; and it is hoped that such practices may become a regular quarterly feature in the future programme of the branch.

FATHER AND SON.

ANOTHER RECORD.

The association of a father and son in the art of change ringing at the constitute a record. The The association of a father and son in the art of change ringing at the same parish church may be held to constitute a record. The father was Mr. Thomas Roberts, who began on the 'dinner bell' at Ringstead, Northamptonshire, at the early age of 14, and, from that time, continued as a change ringer until his death just before the beginning of the Great War, accomplishing a service of over 60 years. His son, George Henry, was initiated into the art at about the age of 20, and has now completed a service of 51 years in Ringstead and the neighbourhood. Father and son have thus accomplished in length of service an aggregate of 111 years, and they rang together for a period of 30 years, as one might say, side by side.

ESSEX ASSOCIATION.

EASTERN DIVISION AT LITTLE WALTHAM,

A very successful and enjoyable meeting of the South-Eastern Division was held at Little Waltham on February 29th, and, in spite of the inclement weather, 46 members and friends attended during the afternoon and evening to try the bells, which were rehung and a new treble added to make six last year after being out of ringing order

for about 40 years.

A very pleasing feature of the gathering was the number of young ringers who attended, especially those who belong to the local band. They are very keen and visit other towers in the neighbourhood for

additional practice.

The Guild service was conducted by the Rector, the Rev. S. C. Gayford, who gave a very interesting address. The lesson was read by the District Master (Dr. Spencer Phillips) and the singing accompanied by the organist.

Tea was partaken of in the Memorial Hall, served by Mrs. Gayford and several lady helpers, and presided over by the Rector.

At the business meeting, presided over by the District Master, seven

new ringing members were elected, viz., A. Boyce, J. M. Gayford, L. M. Hedges and T. J. Matthams, Great Waltham; A. Everett and A. M. Joslin, Boreham; and F. P. Lewis, Maldon.—It was proposed to hold the next meeting at Galleywood on May 2nd.

The District Master, on behalf of the members, thanked the Rector for the use of the bells and taking the service, and congratulated him on the success of the restoration of the bells. He also thanked the organist and Mrs. Gayford and her helpers.

organst and Mrs. Gayford and her helpers.

The Rector, in reply, gave the association a hearty welcome and hoped that they would come again as soon as they could. He thanked the association for their help in the restoration of the bells.

Handbell ringing followed, after which a return was made to the tower and at 9.15 the bells were lowered, thus bringing another enjoyable meeting to a close.

The following towers were represented: Great Bardfield, Dunmow, Great Baddow, Boreham, Broomfield, Chelmsford, Ford End. Danbury, Galleywood, Goldhanger, Maldon, Springfield, Great Totham and Little Waltham. Little Waltham.

ELLOE DEANERIES SECRETARY'S FORTHCOMING JUBILEE.

ELLOE DEANERIES SECRETARY'S FORTHCOMING JUBILEE. At the annual meeting of the Elloe Deaneries Branch of the Lincoln Diocean Guild held recently at Spalding, the Rev. E. C. Gee, Vicar of Pincibeck, was elected president of the branch, to succeed the Rev. G. H. Clark, of Surficet, who resigned after occupying the office for twelve years. The meeting followed service in the Parish Church, at which Canon G. B. Nicholas (Vicar) officiated, and the address was given by Canon W. F. Hodge (Vicar of Bennington). The retiring president presided over the annual meeting, when the following clergy were present: Canon Nicholas, Canon Walter Hicks (Metheringham), the Rev. E. C. Gee, the Rev. G. A. Elson (Donington) and the Rev. J. E. Callister (St. Paul's, Spalding), and ringers from Bicker, Donington, Surfiset, Pinchbeck, Spalding, Deeping St. Nicholas, Moulton, Whaplode, Holbeach, Long Sutton, Tydd St. Mary, Gedney Hill, Market Deeping, Cambridge and Peterborough, in all over 60. Before the business a vote of condolence was passed with Mis. Tyrwhitt-Drake, of Walsoken, wife of the late Rector, the Rev. B. H. Tyrwhitt-Drake, who was to have addressed the meeting that afternoon.

afternoon.

At the last annual meeting the secretary (Mr. George Ladd, Pinchleck) gave notice of his intention to resign this year, but, on being pressed to continue in this capacity, he consented, tribute being paid to his past work.

The Rev. G. H. Clark was also warmly thanked for his work on

behalf of the Guild.

The vice-presidents, Canon Nicholas, the Rev. T. G. Devitt (Fleet) and the Rev. Callister, were re-elected, with the addition of the Rev.

Other officers re-elected were Mr. R. Smith (treasurer), Messrs. J. T. Brown and R. Richardson, Surfleet (auditors), Mr. J. T. Brown (branch representative on the Diocesan Guild Committee).

The treasurer presented his balance sheet, which was considered satisfactory and adopted. It showed a balance of £27 in hand.

The following were elected as ringing members: Messrs. H. Smith (Moulton), J. W. Everitt, J. W. Gray, J. R. Gray, G. W. Johnson and E. N. Sellars (all of Fulney), J. R. Holmes (Spalding), S. C. Lawes and D. Lawes (Gedney Hill), A. W. Townsend (Long Sutton), and H. Taylor (Deeping St. Nicholas).

Meetings were arranged for the coming year at Gedney Hill (May 9th), Pinchbeck (June 13th), Moulton (September 12th) and Fulney (November 28th).

The meeting at Pinchbeck will coincide with the completion of 50 years' membership of the branch by the hon. secretary.

Votes of thanks were passed to Canon Nicholas, Mr. Chester and Canon Hodge, and the remainder of the evening was spent in ringing in various methods.

THE LADIES GUILD.

A good gathering of ladies attended the North District meeting at Ossett, although the weather was terrible. At the business meeting, held in the church, four new members were elected.

After joining the gentlemen in the belfry, several mixed touches were rung on the fine peal of ten bells. Later a service was enjoyed by all, and several remarked on the brilliant sermon.

Good use was made of a lady's car to take ringers to the tearoom.

After the ten Miss Thompson thanked the Mayor for his kindness and generosity, and Mr. Bennett and others who had made the meeting such a success.

ing such a success. The Mayor replied that although he was a very busy man—he had travelled hulf-way across England and through snowdrifts and floods to get to this meeting—when they woke him up at 4.30 to say it was time to be getting along, he didn't mind! He had heard from somewhere that a certain band of young men had shut themselves safely up (away from 'Kate') in a tower nearby and were ringing a bachelors' peal. He thought that the fearless gentlemen who had attended the meeting were having the best time of it.

Canon C. C. Marshall (president of the Yorkshire Association) gave a few words of welcome, and remarked that he was real glad to see again the old-fashioned ringers' spread (a knife and fork tea) that he had seen this afternoon. He was pleased that he was one of the fearless ones, as he was very much enjoying himself.

PARISHIONERS IN THE BELFRY.

RECRUITS AFTER VISIT TO RINGERS.

Parishioners of St. John's Church, Hillingdon, were invited by the local Guild of ringers to an interesting evening in the belfry on Monday of last week. A good number attended. Mr. F. W. Goodfellow gave an historical review of change ringing and of the bells in the tower. Six bells were placed in the tower when it was rebuilt in 1629. In 1731 they were recast into eight, and it is interesting to note that one of the earliest recorded peals of Grandsire Triples was rung there in 1733. In 1911 the bells were increased to ten, various recastings having taken place in the intervening years.

Practical demonstrations of ringing were given to the visitors, who also inspected the bells and found much to interest them. The Vicar (the Rev. A. M. Bashford) thanked the ringers and explained that the object of the demonstration was to attract recruits to the Guild.

As a result of the interest created, half a dozen parishioners have volunteered for helfry work.
