THE REPORT OF THE METHODS COMMITTEE

AT the Bournemouth meeting of the Central Council the Methods Committee secured the adoption of its report, and nobody but a confirmed curmudgeon would wish to deny the members of that committee the satisfaction of having completed their huge task. The report was presented in two parts, one being the conclusion reached on Method Extension and the other relating to Minor methods and their leads.

Of the first it can only be said by the ordinary ringer that the report is indeed 'a formidable document,' unlikely to be comprehended to the full except by those who have made a special study of the subject. Yet such was the sincerity of its presentation, and such was the obvious sense of authority with which the members of the committee spoke, that the Council elected to trust the matter to the integrity of Mr. Felstead and his companions; and no one present was prepared to suggest any other course.

The second part of the report might easily have proved more contentious than the first, but here again the Council sensed that in the main the right thing was being done, and that to oppose the adoption of the report was to open up fresh difficulties. This is not to say that all ringers will (or need) agree that the matter is correctly settled, or that the findings of the committee can avoid certain strange anomalies and inconsistencies. It is generally agreed that the methods with the Bob Minor leads are in some mysterious way the best, but whether all the other methods are so inferior as to warrant complete ostracism is a matter still open to doubt. Again, whether the Bob Minor cycle is or is not the only acceptable one it is clear that as soon as extents are composed the particular cycle loses all significance and, indeed, in some cases no one can rightly say whether or not a particular 720 is allowable.

It is because there are in change ringing so many matters that cannot possibly be decided by dictum that many ringers doubt the wisdom of extreme legislation, feeling that some problems might well be left to time and the gentle advice of the Central Council. The Council is an educational body, and as such it is its duty to convert and to educate. There are, of course, two ways of converting. One is by the fire and sword of the Inquisition, and the other is with feet shod with the preparation of the Gospel of peace. It is almost certain that the latter is the sure way.

Where it is considered advisable to make changes and to remove old things (even less worthy things) great care must be exercised. Some 30 years ago the compilers of a new Church hymn book decided to eradicate some of the old Victorian tunes and to provide in their place better tunes old and new. The first experiments were not a success, and it subsequently became clear that the best plan was to print both tunes side by side and let the better one win its own victory. It can already be said that the victory of the more worthy tune has been in almost every case complete.

It may be that the Minor methods problem would have settled itself more satisfactorily in this manner, avoiding thus the embarrassment of inconsistencies that cannot be removed by legislation, and leaving the Council free from the accusation of dictating what ringers shall ring. Nevertheless, irregular methods have, by common consent, almost ceased to have any significance, and the reaffirming by the Council of its old decision was a natural conclusion. No harm can come, it may be said, provided that in all legislation we remember that it is never too late to remove an injustice, if injustice there be: never too late to set right a wrong, if wrong exist.

E. C. S.

FORTY YEARS AGO

From 'The Ringing World' of July 25th, 1913

CAVERSHAM

The Oxford Diocesan Guild

On Tuesday, July 15th, 1913, in 3 hours and 3 minutes
At the Church of St. Peter

A PEAL OF WASHBROOK'S SURPRISE PRINCIPLE,
5,040 CHANGES

Tenor 13 cwt.

Edwin Menday	... Treble	Harry Tucker	... 5
Hubert Hatto	... 2	George Essex	... 6

Conducted by G. STEDMAN MORRIS.

A farewell compliment to the Vicar of Stoke, the Rev. D. Ballard, on his retirement.

GILLETT AND JOHNSTON LIMITED

No matter in which corner of the country you happen to be, as likely as not you will come across Gillett & Johnston bells or tower clocks. Gillett & Johnston craftsmanship is embodied in an all-embracing service—as much in the preservation and restoration of old rings of antiquarian interest as in the installation of new.

BELL FOUNDERS
AND
CLOCK MAKERS

OPPORTUNITY FOR NEW READERS

This is the fourth issue of the second half of 1953 and is an opportune time for new postal subscribers to join. Subscriptions and renewals should be sent to Mr. J. E. Jeater, Greystones, Cusgarne, Truro, Cornwall, without delay. Rates: half-year 11s. 8d., three months 6s.

Latest news of overseas Coronation ringing is from St. David's Church, Hobart, Tasmania. Here a quarter peal of Doubles in four methods was rung on Coronation Day starting at 12.20 p.m.

Mr. Tom Smith, of 151, Windmill Road, Headington, Oxford, is now captain of St. Andrew's, Headington, tower.

Work on Freshwater, Isle of Wight, bells, which are to be put on ball bearings, started on July 20th. The bells will be out of commission until further notice.

Mr. Josiah Morris had his 86th birthday on July 1st. There were birthday peals at Loughborough and Thurcaston apart from that recorded last week at Leicester Cathedral.

Mr. Keith Salter, of Kidderminster, returned to Upper Arley, Staffordshire, where he rang his first peal 35 years ago to participate in a peal for his silver wedding.

Four of the Sunday service band at Bromesborough rang their first peal on June 27th. It was a local effort except for the conductor, Mr. L. Barry.

In the Coronation peal at Oatlands Park on June 13th the ringer of the third was Miss F. Clayton and not as printed in our issue of July 10th. The error is regretted.

We regret to record the death of Mr. George Cartmel, of St. Albans, on Friday. He was for about 50 years either assistant secretary or secretary of the Hertford County Association. The funeral service was at St. Albans on Wednesday.

The many friends of Mrs. A. S. Roberts, of Carbis Bay, will be sorry to know that she is at present in the West Cornwall Hospital, Penzance, where she underwent an operation on Monday last, and will wish her a speedy recovery.

BELFRY GOSSIP

Addressing Aldershot Rotarians on change ringing, Mr. W. H. Viggers said for good striking a ringer had to judge his bell to within one-fifteenth of a second. The best age to start ringing, he said, was between 10 and 14: if one started later the chances of becoming a first class ringer were very small.

On the occasion of the visit of H.M. The Queen to Llanclly, a peal was rung on the bells of the Church of St. Ellyw.

The 1954 June meeting of the Western District of the Ladies' Guild will be held at Tiverton and not Twerton as stated recently.

Of Mr. Ernest J. Ladd's 200 peals (completed on June 20th), in 120 of them there was either a first peal or first in the method by one or more ringers taking part.

The 50th peal on the bells of Silk Willoughby was rung on July 4th. This beautiful though light ring was augmented by Messrs. John Taylor and Co. in 1946. Mr. James H. Musson has rung in all the peals on these bells and has conducted the majority of them, a record to be proud of. The 50th peal was his first 'inside' of seven Surprise methods.

Buckerell, Devon, celebrate this year the coming of age of three members of the local band. On July 5th a quarter peal was rung for Miss Mary Parr, daughter of the captain, Mr. Frank Parr. Others to celebrate are Raymond Broadhurst and Robin Bakke. The 'Western Times and Gazette' had a photograph of the trio in their issue of July 10th.

Another peal was rung in Devon (on July 4th) in connection with the Coronation. This was one of Grandsire Triples at Buckland Monachorum, near Plymouth. It provided an opportunity for young Bob Southwood, of Plympton St. Maurice, to score his first peal as conductor before leaving home to join the Services in September.

DEATH OF MR. WILFRID H. J. HOOTON

Former Librarian to the Central Council

It is with deep regret that we announce the death of Mr. Wilfrid Henry John Hooton, of Osmington School, Tring, on July 15th, at the age of 54. Since 1950 his health had not been good. Early this year an unfortunate accident robbed him of the sight of one eye. A recurrence of his former illness, which had involved several operations, occurred in May.

Wilfrid H. J. Hooton was the elder son of the late Rev. and Mrs. H. G. Hooton and started ringing at the age of 11 at Oakington, where his father was then vicar. In the 1914-18 war he joined the Army at the age of 17 and served in France at 18 with a commission in the Royal Artillery, gaining the M.C. It was characteristic of him that his friends never learned anything of his personal experiences, nor the action which led to this award.

MASTER OF THE CAMBRIDGE UNIVERSITY GUILD

He went up to Queens' College, Cambridge, in the summer of 1919, and it was then that his ringing career really began. Oakington possessed only four bells so his change ringing was learned at neighbouring towers and with the C.U.G.C.R. on handbells. His first peal was rung at Sawston on September 2nd, 1919, on the Guild tour held at Cambridge, and his first handbell peal, in the same month, was one of Bob Minor which he conducted. He was appointed hon. secretary of the Cambridge University Guild in 1920 and Master in the following year. Like a number of University ringers he was a rowing man. He was also a cricketer and later made a hobby of sailing.

The Exercise suffered severely during the Great War. One has only to look at the peal lists of subsequent years to see how comparatively little peal ringing was done; for years very few bands were capable of Surprise. By his immense energy and enthusiasm Wilfrid did much to re-establish ringing not only in the Guild but in the district. He soon became an efficient and enterprising conductor. At a time when handbell ringing was little practised he had called, amongst others, peals of Treble Bob Major, Double Norwich and Cambridge Court Bob Major (the first in the method). Quite a few members of his handbell bands were no tower bell ringers, and many were helped by him through their first peals or first in some particular method. Although never a peal-grabber, he had rung his hundredth peal by April, 1922; this was one of Double Norwich on handbells, which he called. Under his leadership the Guild practised Surprise Major 'in hand.'

On going down from Cambridge he became a schoolmaster and did much ringing in the Nuneaton district of Warwickshire, being attached to the tower of St. Nicholas'. Nuneaton. He also continued to ring around Cambridge, where he lived during his school holidays. Amongst his performances he called the first peal of Cambridge Surprise Minor 'in hand' on the Bankes James arrangement, a first of such methods as Shipway's Court Bob Major, and the first of Double Oxford Bob Major to be rung on handbells. He later rang both Cambridge and London Surprise Major 'in hand.'

He served again in the R.A. during the late war. In 1946 he moved to take over Osmington School, Tring, and there he greatly helped local ringing.

WORK FOR CENTRAL COUNCIL

His association with the Central Council dated from 1936, when he was elected a representative of the Midland Counties Association. The same year he was elected librarian to the Central Council, an appointment he held until recent months. Since 1939 he had been an honorary member of the Council. In 1950 illness com-

pelled him to delegate much of the work, but he was present at the Council meeting at Eastbourne that year, a few days before an operation; and he insisted on resuming his full work as librarian early the following year, although still far from fit. Shortly afterwards he moved the school to new premises.

For 20 years he had been a member of the Hertford County Association, originally as a Cambridge non-resident member and since the war as a member of the Tring band. His efforts towards solving the financial difficulties of the Association were much appreciated by his colleagues. For the Association he called the first peal of Double Oxford Bob Major and also the first ever of Shipway's Court Bob Major. Both these peals were rung 'in hand' on January 17th, 1934.

In 1935 he married Dily, eldest daughter of Mr. E. H. Lewis, president of the Central Council. To her and their three children, and to his brother and sister we extend our deepest sympathy.

Wilfrid was an excellent ringer and striker and a conductor who could inspire all with great confidence. He was always calm and unruffled, whatever befell. Once, after a particularly unfortunate breakdown in the very last course of a peal on a heavy eight, a fierce 'inquest' had started and feelings were running somewhat high. Wilfrid, who had not been conducting, took no part. Eventually he remarked, 'Well you came here to ring three hours, you have rung three hours and a quarter; I don't see what you are all worrying about!' And this was characteristic of his whole attitude.

Mr. Hooton rang 366 peals and we hope to publish a list of his performances in our next issue.

THE FUNERAL

The funeral service was held at Tring Parish Church on Saturday afternoon. The Rev. T. K. Lowdell, Rural Dean of Berkhamsted and Vicar of Tring, officiated, assisted by the Rev. G. Preece (curate).

With the family mourners were Mr. E. H. Lewis (president of the Central Council) and Mrs. Lewis and Mr. Martin C. G. Hooton (brother). Members of the Central Council present were Messrs. G. W. Fletcher (life member), E. A. Barnett (hon. secretary and treasurer), W. Ayre and C. W. Woolley (Hertford County Association), F. W. Perrens (Coventry Diocesan Guild), F. E. Haynes (St. Martin's Guild, Birmingham, also representing the Cambridge University Guild), G. H. Cross (Society of Royal Cumberland Youths). The Hertford County Association was represented by Mr. A. V. Good (Ringing Master, Western District), Miss P. Martin, Dr. F. S. Poole, Messrs. W. C. Hughes, D. Lachford and E. Upton. Among others present was Mr. T. W. White.

Interment took place in Tring Cemetery and following the committal sentences, a plain course of Grand sire Triples was rung by C. W. Woolley 1-2, F. W. Perrens 3-4, F. E. Haynes 5-6, E. A. Barnett 7-8.

There were many beautiful wreaths. From the ringers of Tring Parish Church, of which Mr. Hooton was at one time captain, was a floral tribute in the shape of a bell. Others received included wreaths from the Central Council of Church Bell Ringers, Mr. and Mrs. G. W. Fletcher, M. and Mrs. A. Hughes, the Hertford County Association, the Western District of the Hertford County Association, the staff of Osmington School and the boys of Osmington School.

Before and after the service the bells of Tring Parish Church were rung half-muffled. The touch of Stedman Triples conducted by Mr. F. E. Haynes after the committal was a beautiful tribute to one who served Tring Parish Church and the Exercise with great faithfulness for many years.

NORTH STAFFS ASSOCIATION

Resignation of Mr. W. A. Fitchford

Now aged 80, Mr. William A. Fitchford has resigned the conductorship of St. Margaret's, Wolstanton, on June 28th, a position he has held for 67 years. He still continues to ring.

As far back as 1886 he commenced to ring and he has rung for every Royal occasion since the Jubilee of Queen Victoria.

It was at Wolstanton on December 5th, 1891, that he rang his first peal, Kent Treble Bob, which was the first peal for the then Stoke Archidiaconal Association. Of his 90 peals approximately 84 were rung between 1904 and 1907. These include the first peal on eight bells at Market Drayton (April 3rd, 1893), Silverdale on May 16th, 1908, and Uttoxeter, after rehanging, on February 29th, 1908, and the first peal at Keele (Bob Minor) in May, 1911. His last peal was in 1939.

Many of the peals remind us of famous names, i.e., James W. Washbrook and James W. Washbrook, jun., James E. Groves, the Rev. E. V. Cox and the Rev. C. Carew Cox. The peal at Silverdale was the first time in England James W. Washbrook rang the third and fourth bells and conducted Thurstan's four-part Stedman Triples. Mr. Fitchford rang the seventh. Local names are C. Chuntton (Stoke), H. Page (Stoke), W. Rigby (Lawton, now 93 years of age) and C. Morley (Newcastle). These were the great forerunners of the present North Staffordshire Association.

Mr. Fitchford conducted 'Holt's Original' from every bell in the Wolstanton tower, including the tenor, a feat of which he is justly proud. He has always been a brilliant teacher of the art and many ringers having passed through his hands have appreciated his capabilities. Mr. Fitchford is a past chairman and Ringing Master of the Stoke Archidiaconal Association. His other activities at the church include a lifelong service in the choir, being choir-master for 45 years, and a leader in every social activity.

D. R. W.

DIED WHILE LOWERING A BELL

While lowering the back six in peal at Christ Church, Southgate, on July 16th, Mr. Harry Miller, who was ringing the tenor, fell on the floor and died immediately from heart failure. Luckily there was someone in the belfry to catch hold of the flying rope and get the bell under control. Mr. Miller was 70 years of age; a memoir will appear in our next issue.

CORONATION NUMBERS SENT TO THE QUEEN.

Coronation Numbers of 'The Ringing World' containing the peals rung in honour of the Coronation have been sent to H.M. the Queen at Buckingham Palace by Mr. W. T. Elson.

A gracious acknowledgment has been received by Mr. Elson.

Gratefully Acknowledged

The Editorial Committee acknowledge with gratitude the following contributions to meet the cost of producing 'The Ringing World':—Personal.—D. B. Millward 5s., All Saints', Rochdale, 2s. 6d., Preb. E. V. Cox 1l.

Peals.—Whitchurch 3s., Crawley 4s., Hersham 2s. 6d., Measham 4s., Wicken 2s. 6d., Kingstone 2s., Dodderhill 4s., Belper 4s., Malton 3s., Stanwell 2s. 6d.

Quarter peals.—Taynton 5s., Margate 2s., Yeovil 2s. 6d., Cwmcarvon 2s. 6d., Sketty 1s. 6d., Portsmouth 1s., Staverton 3s., Lelant 2s., Wimbledon 2s. 6d., Faversham 2s., Wickhambreux 2s., Birstall 6s., Corston 4s., Upper Clapton 4s., Fulham 2s., Alverstoke 2s., Pitminster 2s., Godshill 1s., Whittington 2s. 6d.

LLANDAFF AND MONMOUTH ASSOCIATION

Llandaff Branch's First Meeting

About 40 members attended the first meeting of the Llandaff Branch, held at Llantrisant on July 4th. The bells were available at 2.30 p.m. and were put to good use by those present, some of whom had come from as far afield as Swansea, Chepstow and Tidenham. Methods rung ranged from rounds and Queens for the beginners to Cambridge and Double Norwich Major for the more advanced, under the excellent management of the Ringing Master, Mr. A. J. Pitman, of Aberavon.

The Vicar (the Rev. J. H. Thomas) officiated at the service, which was followed by tea given by Mrs. J. H. Thomas and other lady helpers of the church. Mr. F. Bailey proposed a hearty vote of thanks to the ladies concerned for the excellent meal provided.

Presiding at the business meeting, the Vicar welcomed the Branch to Llantrisant and hoped that they would come again some time in the future.

In giving a report on the Central Council meeting, Mr. T. M. Roderick reminded the meeting of Mr. A. J. Pitman's election as an honorary member to the Central Council, when it was said that it was time that his genius as a composer was recognised by the Exercise.

For its next meeting (date to be arranged) the Branch was invited to Caerphilly by Mr. P. Jones.

The meeting closed with a hearty vote of thanks, moved by Mr. J. Lovett, to the Vicar of Llantrisant. Further ringing was enjoyed until 8 p.m.

DEDICATION

Sibsey, Lincolnshire

After being silent for 23 years the bells of St. Margaret's, Sibsey, were heard again on Coronation Sunday for morning and evening service and on Coronation Day, by special permission, a peal of Bob Major was rung by members of the Lincoln Guild.

On Saturday, June 20th, the restored bells were dedicated by the Archdeacon of Lincoln (the Ven. K. Healey) assisted by the Rev. D. R. F. Crighton, a former vicar of Sibsey, and the Rev. D. J. Stafford-Jones, the present Vicar.

The bells have been rehung in a new frame by Messrs. Mears and Stainbank. Ringing took place after the service and all agreed that a sound job had been done. This octave is a great addition to this part of Lincolnshire where rings of eight are few in number. W. E. C.

MR. E. J. LADD'S 200 PEALS

Mr. E. J. Ladd, of Tunbridge Wells, rang his 200th peal on June 27th. Of these he has conducted 54. The peals have been rung in 58 towers with 234 ringers. Details are appended:—

Doubles.—Grandsire 2 (conducted 1), three methods 1 (1).

Minor.—Plain Bob 12, three methods 4, four methods 2, five methods 1, seven methods 8, eight methods 1. Surprise Minor: Cambridge 5.

Triples.—Grandsire 43 (23), Stedman 5, Oxford Bob 1 (1), Plain Bob 2 (1).

Major.—Plain Bob 41 (8), Double Norwich 32 (8), Kent Treble Bob 7 (2), Oxford Treble Bob 1, Double Oxford 1, Dartford Little Bob 1.

Surprise Major.—Superlative 8 (3), Yorkshire 6 (2), Cambridge 6 (1), Painswick 2 (1), Lincolnshire 1 (1), Rutland 1, Apsley 1, Withyham 1.

Caters.—Grandsire 2 (1), Stedman 1.

Royal.—Kent Treble Bob 1.

Total.—200 (conducted 54).

THE LADIES' GUILD

Annual Meeting at Leeds

The 34th annual general meeting of the Ladies' Guild was held on July 4th at Leeds. There was a good attendance at the meeting, many members travelling long distances so that their district should be represented.

Ringing took place at St. Chad's, Headingley, under the very able direction of Mrs. Marshall, and also at St. Michael's, and the Guild service was held at St. Chad's.

In the course of his very interesting address the Vicar, the Rev. J. Wylie, welcomed the ladies to St. Chad's and also to the diocese of Ripon, as it was the first time their annual meeting had been held in that area.

Although 60 hungry ringers sat down to tea, they seemed to make little impression on what was described as 'a proper Yorkshire meal,' and those who were experiencing Yorkshire hospitality for the first time were amazed at the quantity (and quality, too) of the food provided.

At the business meeting which followed, four new members were elected—Miss Freeman (Leeds), and Miss P. Willes, Miss A. Willes and Miss J. Sanderson (Letchworth, Herts). The officers of the Guild were re-elected, viz.: Mrs. Fletcher, president; Miss Colgate, secretary and treasurer; and Miss A. Bailey, auditor; and also the three representatives to the Central Council, Mrs. Richardson, Mrs. Stanforth and Miss Colgate.

The members stood in silence as a tribute to the late Mrs. Cotterill, who had been a member of the Ladies' Guild since 1914 and who died on March 27th this year.

In her report, the secretary stated that the membership of the Guild was by no means as high as it could be, but an encouraging sign towards the end of the year had been the formation of two new districts, South Wales (secretary, Miss J. S. Evans) and Newcastle (secretary, Mrs. N. I. Lea). They were pleased to welcome some of the members of the Newcastle District at this annual meeting.

A sub-committee which had been formed to discuss the revision of the rules had met in October, 1952. After that meeting the suggested alterations had been sent to all districts, and these were discussed at length. The revised rules, as agreed at the annual meeting, will be sent to all districts as soon as possible.

It was agreed that the annual meeting next year should be held in South Wales, the actual date and place to be published in 'The Ringing World' as soon as possible so that all members could make the necessary arrangements.

A hearty vote of thanks to all those who had helped to make the meeting such a success, especially to Mrs. Kelly and the committee of the Yorkshire District, the Vicar for the service and use of the bells, the organist (Mr. W. A. Wightman) and Mr. A. Johnson, who was tireless in his efforts to make sure that everything went smoothly, was passed with acclamation.

GUILD of DEVONSHIRE RINGERS

Seven towers were represented at the North-East Branch meeting at Morebath. The service was conducted by the Branch chairman (the Rev. J. H. Jones) and Mr. E. J. Taylor, the general secretary of the Guild, was the organist.

Mr. Sully, captain of the Morebath ringers, and local ladies arranged the tea at which 30 members did justice to an excellent spread. They were thanked by the Rev. J. H. Jones, who presided at the business meeting.

Arrangements for a joint meeting with the Taunton Deanery Branch of the Bath and Wells Association were reported by Mr. W. H. Ware (Branch secretary). It was agreed that the next meeting be held at Cullompton on October 3rd (subject to permission).

Ringing was supervised by Mr. W. H. Ware and in the evening there was ringing for 45 minutes at Bampton in addition to Morebath.

TRURO DIOCESAN GUILD

Twelve Towers Open

In spite of extremely bad weather and the distant corner of the Diocese in which it was held, over 60 ringers turned up for the Diocesan Festival with its centre at Stratton on July 11th. An enthusiastic welcome was accorded by the Vicar (the Rev. T. Gilbert), his ringers and churchworkers, who not only provided a sumptuous tea after a service in the beautiful church with its majestic ring of eight bells, but hoisted a flag on the tower in honour of the visit. It was a great pity that Mr. Southeard, the Ringing Master, was unable to come, owing to a car breakdown, but the Assistant Master, Mr. H. J. Clark, of Landulph, was an efficient deputy.

The Festival was more than a one-tower day for many of the ringers. Here is the story given by the Rev. W. H. R. Trehwella of his band:—

'We left Crantock in two cars and made for Jacobstowe: there we were joined by Mr. T. Reynolds, a Wolverhampton ringer, and we rang Grandsire and Bob Doubles on the six, which go well considering that they are on a wooden frame with plain bearings. Then to Week St. Mary, where we found a mixed band from Truro, Carbis Bay, etc., falling the bells. This modern six goes beautifully, but I feel that such a noble tower deserves a heavier ring.'

'From there we went to Stratton for service and tea, and then, after ringing at Stratton, across the border into Devon to Welcombe, a delightful little church overlooking the sea, with a beautiful six and the oldest rood screen in the country. It gets its name from St. Nectan's well, which is 50 yards from the church.'

'Finally we made our way back to Launcells and as we passed through Kilkhampton we could hear its musical eight but there was no time to stop for a pull. At Launcells we met the ringers from the Truro district, who were going to Bridgerule and Whitstone for a ring, but it was getting late so having said goodbye to our Wolverhampton friend we made for home. Launcells Church is dedicated to St. Swithun, and St. Swithun's well is just outside the churchyard. We felt that he was a most appropriate saint for such a wet day.'

Stratton district is a perfect paradise for ringers: the party had 12 towers open and could have had more and there are three rings within walking distance of Stratton.

There is a suggestion that a Stratton Branch of the Guild might be formed if the towers round about would be prepared to join: at present there are only Stratton and Marhamchurch.

NORWICH ASSOCIATION

East Norwich Branch Meet at Halvergate

Some 38 members and friends from other branches headed by the president (the Rev. A. St. J. Heard), supported by the Branch chairman (Mr. E. R. Goate), visited Halvergate on July 4th for their summer meeting.

It was indeed gratifying to find that the local band possess four very keen young lady learners who, under the able tuition of Mr. T. W. De Ville, the local captain, and his band, have made splendid progress.

The Vicar (the Rev. H. M. Wibrow) conducted the service and welcomed very warmly the visitors. He afterwards presided at the short business meeting. Apologies for their unavoidable absence were received from Mr. and Mrs. G. W. Fletcher. It was decided to hold the autumn meeting at Norton Subcourse on September 19th.

The Association's Ringing Master, Mr. F. Nolan Golden, gave a short account of the recent meeting at Bournemouth and touched also on his work with the Methods Committee. The meeting concluded with the passing of votes of thanks to the Vicar, Mr. Stanley Gall (a member of the local company, who played the organ) and Mr. De Ville and his band of lady helpers, who provided an enjoyable tea.

LETTERS TO THE EDITOR

THE RINGING CHAMBER

Dear Sir,—How much I agree with the writer of your leading article headed 'Atmosphere.' As hon. secretary of our county Archaeological Society I visit quite a number of churches. So often I find the ringing chamber a receptacle for brooms, brushes, mops and buckets. Indeed, I have found that not only church cleaners but even the lady decorators of our churches, at festivals, have added to this storehouse jam jars and even those horrible tin troughs painted green and made to fit the rim of the font or window sill, and which so often leave a nasty stain down the wall or even down a lovely 15th century font.

The ringing chamber should be well equipped with good matting on the floor, a good bench, a table in the centre, photographs of past bands on the walls and, of course, some peal boards, so that the boys of the old brigade have their names faithfully recorded.

No, the ringing chamber should be as tidy as the vestry—well, some vestries we have come across occasionally!—Yours truly,

(REV.) F. C. CHAMPION.

Hinton Rectory, Worcs.

PAKEFIELD CHURCH

Dear Sir,—I must apologise to all concerned for the fact that the Norwich Diocesan Association 1952 annual report does not include mention of Pakefield amongst the recent bell restorations. This was entirely a slip on my part, and a very serious one.

Owing to the heroic efforts of many people, Pakefield Church has been most splendidly restored, so that a ruin left by the war has been transformed into a really lovely church with a quite delightful ring of bells. The old five have been transformed by Messrs. J. Taylor and Co. into a splendidly-going eight (tenor 8 cwt. 3 qr. 4 lb.) in a metal frame. They are regularly rung for Sunday services and great festivals by a keen and competent local band, and visitors are most welcome.

This letter is meant both to express apology where it is due, and also to inform visitors to the delightful, warm, sunny East Coast that whatever the Norwich report may omit, there is, in fact, this delightful tower near Lowestoft waiting to give them a welcome and a happy memory.—Yours sincerely,

GILBERT THURLOW.

67a, The Close, Norwich.

THANKS TO MR. PERCY SWINDLEY

Dear Sir,—I would like, through the columns of 'The Ringing World,' to thank Mr. Percy Swindley, of Chester, for the opportunities, encouragement and help given to me in recent years, which has enabled me to ring my first 100 peals.

My thanks are also due to Mr. John W. Griffiths for all he has done, and to all other ringers with whom I have had the pleasure of ringing.

I and others from Buckley first went to Handbridge five years ago and although we could only ring Stedman and Grandsire we received a warm welcome at all practices and soon given an opportunity to ring our first peal. Others, too, have had the same welcome and opportunities, and in recent months several youngsters have rung their first peals under Mr. Swindley's and Mr. Griffiths' guidance. This is as it should be and is in the best interests and tradition of the Exercise.

My special thanks are due to Mr. Joe Griffiths, one of Rhyl's ringers, who stood down and so enabled me to complete my 100 at Rhyl on the occasion of the visit of Her Majesty the Queen and the Duke of Edinburgh.—Yours fraternally,

DENNIS A. B. MILLWARD.

Buckley, Chester.

THE JOINT PEAL AT SHOREDITCH

Dear Sir,—It is no doubt true to say that the peal at Shoreditch by six Cumberlands and six College Youths exemplified 'the happy relationship between the two Societies': I seem to recall a similar peal at St. Martin-in-the-Fields some years ago. So far, however, this seems to have been a rather one-sided arrangement, and a reciprocal gesture by the College Youths would not have been out of place—unless there is some rule (which I doubt) precluding other than members of that Society from taking part in peals at St. Paul's or the Abbey.

May I make it clear that, not having rung a peal at any of the above towers, I have no personal axe to grind. But this 'colour bar' business is absurd really, and ringing would not suffer much if both Societies went out of existence.

Until they do, however, I hope to remain on good terms with each, so may I just sign myself as

CUMBERLAND.

THE LADIES OF ASHBITTLE

Dear Sir,—Mention was made in Belfry Gossip of 'The Ringing World,' No. 2,205, concerning what is believed to be the first quarter peal to be rung by an all ladies' band.

In the village of Ashbittle, Somerset, Mr. Stanley Bristow has during the past 12 months trained a band of six young ladies all under the age of 21. These ladies now have to their credit five quarter peals of Grandsire Doubles, two of which were rung prior to services at Ashbittle and Huntsham on Coronation morning. On June 6th four of these ladies took part in a peal of Grandsire Doubles, this being their first peal attempt. Progress is now being made with Stedman, Plain and Treble Bob methods.

The remarkable progress of these young ringers in so short a time is a very praiseworthy achievement.—Yours sincerely,

DAVID T. NORTH.

Wellington, Somerset.

THE TOWER CAPTAIN

Dear Sir,—I feel that a defence must be made on behalf of 'the peal ringing crank' so described by Mr. Williams in his letter, 'The Tower Captain: A Cornish Viewpoint.'

In my experience there are very few peal ringers who are not regular reliable service ringers and, indeed, in many cases they are the people who form the foundation of a band. Also may I ask Mr. Williams how many Surprise ringers he has found who will not readily ring Plain Bob or Grandsire for the benefit of a learner? I venture to suggest the answer would be, 'Very few,' and if it needs the 'persuasive powers of the devil' to get them to leave Surprise ringing, the best thing they could do is to pack it up.

One only has to read the peal columns to see very capable Surprise peal ringers standing in peals of Plain Bob for the benefit of a first pealer.

No, sir! The peal ringer is the man who keeps the art alive and progressing. Without him it would become stagnant and eventually die altogether.—Yours sincerely,

G. W. SEAMAN.

Watford, Herts.

MINOR FIVES

Dear Sir,—Your correspondent recently quotes Everton, Beds. as a possible minor five. (Everton is a border village and I am not at all sure is not in Huntingdonshire.)

Some 40 years ago I rang there one Sunday evening and had they been in a minor key I should certainly have remembered it.—Yours,

E. BARNETT.

Crayford, Kent.

AN INFORMAL RINGING EVENING

Causes Stir Among Northampton Members

Dear Sir,—Referring to the letter from Mr. E. Nobles, the Northampton Branch secretary, explaining his action in inserting a corrective notice in 'The Ringing World,' I am glad of the opportunity to make further comment.

As circumstances prevented the annual monthly Branch meeting in May, the Kingshorpe tower captain decided to hold an informal evening ring at his tower and, after duly receiving the permission and encouragement of the Vicar, requested the tower secretary—myself—to insert a notice in 'The Ringing World.' This I did, worded so that no objection could be taken by any Branch of ringers, clearly stating that it was an 'evening ring,' and giving a sincere welcome to all Peterborough Guild members and friends, under which heading, in fact, I embraced all ringers. The notice was not signed, as I thought it quite unnecessary, so many notices of all kinds of functions appearing unsigned in 'The Ringing World,' and I consider, as many others apparently do, that space could be better used than for printing names and titles week by week. I am sure that had our invitation been incorrect, the fact would have been brought to my notice tactfully by the Editor.

The following week a notice appeared in 'The Ringing World,' signed by Mr. Nobles, informing readers that the meeting at Kingshorpe had no connection with the Northampton Branch. At no time was it inferred that our evening ring at Kingshorpe was a meeting in the procedure sense of the word, although Mr. Nobles, at a subsequent Branch meeting, insisted that it must have been, and advice sought from a learned council committee clerk friend has supported my view that a meeting does not exist without (a) a chairman, (b) a record of minutes.

We at Kingshorpe feel that had our Branch secretary so seriously objected to one of his Branch towers holding such a function, held purely for the love and pleasure of ringing, he should have communicated with our captain expressing any views he may have held before causing to be published a notice calculated, to say the least, to be damaging to the success of our venture. Many Northampton Branch members take the view, as I do, that to spend our own Branch funds, contributed to by Kingshorpe, was inexcusable. If all Branch secretaries were so meticulous in the course of procedure, then 'The Ringing World' would often contain corrective notices.

It would seem a great pity if the individuality and freedom of action of towers is to be entirely subordinate to the wishes of the secretary of the parent branch, but if this is to be the future procedure then there will be more than one tower to oppose it in the Northampton Branch.

S. EARL
(Kingsclere Tower Secretary).

Northampton.

SOWERBY BELLS

Dear Sir,—May I beg the hospitality of your columns to appeal to the Exercise for support for the recasting and rehanging of the octave of St. Peter's, Sowerby, Yorks? As Mr. William Shepherd has already written very ably on the subject, it is superfluous for me to point out that Sowerby was the cradle and home of William Sottenstall. The present ring is the original one, hung in 1793 and from the White-chapel Foundry of that time. Since then the bells have been once quarter-turned and a new set of fittings added.

As the foundations of the frame are now unsafe and as the 6th has been cracked in the crown, we are appealing for £1,000 for a thorough restoration. Donations of any size will be gratefully received by Mr. H. Lumb, 20, Towngate, Sowerby, Halifax, Yorkshire.—Yours very sincerely,

Halifax.

PHILIP CARTER.

SEEKING NEW TOWERS AND NEW FRIENDS ON OUTINGS

ALL SAINTS', ROCHDALE

On June 13th the ringers and their friends held their annual outing in Yorkshire. The first stop was Ilkley, the home of the Snowdens, and here some good ringing in various methods was enjoyed. After lunch in Ilkley the journey was up the dale to Aysgarth for an hour's good ringing.

The party stopped at Giggleswick for tea and ringing in the Parish Church, where an added enjoyment was the presence of local ringers.

Methods rung during the day were Thelwall, Childwall, Oxford Bob, St. Clement's, Double Oxford, Plain Bob Minor and Major, Grandsire Triples, Oxford and Kent Treble Bob Minor and Major. Sincere thanks are given to all who made this outing so successful. J. T.

RUSHMERE ST. ANDREW

A party of 29 participated in the annual outing of Rushmere St. Andrew, Ipswich, on July 4th, which took the form of a tour of Essex towers. The company included 13 of the local band and one outside ringer.

Ringing took place at Widford (where the long draught and springy ropes made ringing difficult for the younger members), Galleywood (noted because the racecourse runs over the church grounds), Great Baddow, Sandon (a good, mellow ring of mixed origin of the old type), Purleigh, Maldon (the only triangular tower in the county, with a good eight cast at Ipswich in 1922 from the old six with the addition of metal from the old disused church nearby). Lunch was served at Great Baddow, and tea at Maldon.

The ringing included Bob Major, Kent Treble Bob, Cambridge and Ipswich Surprise and Single Court. Thanks are accorded to all who met the company and to the incumbents.

ST. AMBROSE (BRISTOL) GUILD

The St. Ambrose (Bristol) Ringing Guild visited Cullompton, Ottery St. Mary, Sidmouth and Axminster for their annual outing on July 4th. A start was made to collect the party at 7.20 a.m. and after viewing Bristol from the suburbs the complement was made up and a real start was made from Bristol at 8.10 a.m. en route for Cullompton, which was reached at 10.10 a.m. The visitors enjoyed 'morning coffee' whilst the ringers enjoyed an hour's ringing on the very nice ten. The route lay through narrow lanes to Ottery St. Mary, which was reached at 12 noon.

We were met at Ottery St. Mary by Mr. Arbury and a very pleasant hour was spent ringing the bells of that lovely church. After lunch a short time was spent by some of the party admiring the grounds of the Coleridge Estate.

Sidmouth was quickly reached and the bells were soon going, the visitors enjoying the sea-side, which was seen at its best on a glorious day. Justice was done to 'Devon splits and cream' at the tea.

Axminster was reached ten minutes behind schedule owing to an altercation with the Farmers' Union and the Railway Executive. It was a case of a cow on the line and a train in the road. The face of 'Garge' as we passed was enough to turn all the milk sour; also the amusement of the guard of the Seaton express as it was halted twice at the small wayside station before it could get clear of the road. At Axminster we were met by Mr. Board. Most of the time was spent ringing on the very nice heavy eight, and, after farewells, a move was made at 7.15 p.m. on the homeward trek, halting at Mark for supper. Some of the 'tower snatchers' in the party expressed good-humoured disapproval because we did not stop at Woolavington, where, as we passed, the bells were ringing. After supper the usual votes of thanks were accorded and Bristol was reached at about 11 p.m. after a most enjoyable day with weather, company and food at its best. Thanks are given to the various tower keepers who gave the Guild such a nice welcome. F. S.

HUNTS RINGERS IN NORFOLK

Among the oldest customs are outings to ring changes with neighbouring church ringers and enjoy social contacts. To-day we not only go to our neighbours but to all counties to meet friends and ring their bells. Such was the case on June 13th, when the Hunts District of the Ely Diocesan Association had their annual outing in Norfolk.

The devotion and attendance which we received from the six towers which were visited left the writer with the impression that even if they are canaries it is a great pity more canaries are not abroad.

Mr. H. S. Peacock (Hunts District secretary) had arranged a very good six-tower programme. Our first call, East Harling (rounds to London Surprise), then on to Wymondham (here to meet Mr. F. Tooke, our pilot for the rest of the day) and climb Everest (?). 'Halt,' did someone say? But the test was for the back-enders in a course of Cambridge Major; however, we enjoyed it all—lunch (Abbey Hotel) included.

Calling at Mulbarton, another ring of six, good use was made of these bells. Our next stop, Hethersett (here joined by Mr. R. Lofty), was very much enjoyed; Cambridge Major. Stedman, Kent Treble Bob, Bob Major and rounds and then a glorious tea. Yes, it was just right.

Our finale was St. George's, Colegate, and St. Giles', Norwich, where we had to leave our coach to find the church, which the locals said was just round the corner but goodness knows which corner. However, on arriving at St. George's we met Mr. N. Golden, who welcomed all. Rounds to Cambridge Major was rung at St. Giles'. The departure was about 8 p.m. arriving home before midnight, and in saying 'Thank you, Norfolk,' I would add 'Peace and good neighbourliness to you all.' F. W.

WRINGTON, SOMERSET

Seven o'clock on the morning of July 2nd saw the Wrington ringers and friends off on their annual outing—this year to Dorset.

The party having fortified themselves with coffee and cake, the eight bells at Gillingham were raised in peal and put to good use for three quarters of an hour, although the bells themselves might be termed 'indifferent.'

Then came a run across the Dorset heathlands and past the noble ruin of Corfe Castle to the Church of St. James, Kingston, a glorious Tavor octave with a tenor just over 28½ cwt. The church and tower are modern and built from local stone and marble and the old plain Parish Church with tower is still standing lower in the village.

After lunch in Weymouth the non-ringing members of the party visited the beach, and the Rector, following the example no doubt of George III., went for a dip! Meanwhile the ringers made their way to Wyke Regis, a suburb of Weymouth with a nice little eight, where your scribe was the chief culprit in the only touch of the day which failed to come round!

Wareham, after tea, proved to be a very lumpy octave in a big wooden frame on plain bearings, the tenor wheel being badly out of shape. Back towards home and to the Georgian church at Blandford Forum (a Taylor eight with a 19½ cwt. tenor).

A call at Wincanton for liquid refreshments concluded the day and regrets were expressed that Mrs. Knight was unable to be present due to a damaged hand. Methods rung were Grandsire, Stedman and St. Clement's Bob Triples and Plain and Little Bob Major.

Thanks are due to the various incumbents, to the people who met the party at the towers and finally to Mr. H. W. Knight for making the arrangements. M. J. H.

RADYR, GLAM

On June 27th the Radyr ringers, their wives, the Rector's wife, the churchwardens and friends from St. John's Church, Cardiff, the party numbering 30, left Radyr by coach for Cheltenham.

After an excellent lunch the party were met by Mr. W. Dyer, the Cheltenham Ringing Master. The lovely twelve at the Parish Church were soon into rounds for the beginners, who struck well, this being their first attempt on twelve. Those more experienced enjoyed some nice touches of Grandsire Triples.

All too soon the party had to leave for Painswick and were met at the church by the Painswick men. Some grand touches of Grandsire Triples were rung. The hour passed too quickly and, after farewells to the Painswick friends, the route was continued to Minchinhampton. After tea Mr. Ponting, the Hampton Master, met the band and the mellow six were up and touches of Grandsire, Kent and Cambridge rang out.

Grateful thanks are due to Mr. Dyer (Cheltenham), Mr. Launder (Painswick), Mr. Ponting (Minchinhampton) and Mr. Baker (Bishop's Cleeve) for their kindness and assistance.

Mr. W. Dare, the Radyr captain, acted as Ringing Master for the day and proved a popular choice. C. A. P.

BRAINTREE, ESSEX

An enjoyable day in Suffolk was spent by St. Michael's Guild, Braintree, on June 27th. At Grundisburgh Mr. George Pipe met the party and the light ring of ten proved very pleasant. A hearty welcome was accorded by the Rev. Musgrave Brown at Debenham, where some good ringing took place.

An excellent lunch was served at the White Lion Hotel, Eye, after which the church was visited. Stradbroke proved a disappointment as on this nice ring of ten only nine and ten could be heard in the ringing chamber, these bells blotting out the front eight. The ladies fared better when ringing the front six. Tea followed at the White Hart Hotel.

The ring of eight at Wilby was enjoyed immensely and good ringing followed at Woodbridge, where Mr. Woodard met the party.

The ringing programme included Grandsire, Stedman, Plain Bob, Double Norwich Court Bob, Cambridge, Superlative, London and Bristol Surprise.

Special thanks are due to Supt. Rush, of Eye for arranging the lunch.

STRATTON, CORNWALL

Ringers at St. Andrew's, Stratton, went to the other end of Cornwall for their outing on July 4th. Leaving home at 8 a.m. the first stop was at Cardynham Church, which possesses a fine eight that will well repay a visit, and is situated on Bodmin Moor. At Bodmin Parish Church the party were greeted by a local ringer who stayed behind from his own band's outing. This is another fine ring.

After lunch at the Royal Hotel the journey was continued to St. Stephen-in-Brannell, the church being in the middle of the china clay industry. Here the party were met by Canon F. F. Gilbert, brother of the Vicar of Stratton, and his sister. St. Stephen's has a nice light eight.

Truro Cathedral tower was specially left open for the visitors and then on to Falmouth for tea. On the homeward journey a stop was made at Wadebridge. Stratton was reached at 11.15 p.m. after a happy day. Visitors to Cornwall are always welcome at St. Andrew's Stratton, where they will find a fine ring of eight.

RECOMMENDED RULES

Rule No.	'Double'	'Expanding'	'Static'
1 (i)	A new front subsection may be inserted between any 2 front subsections of the parent. A new back subsection is inserted between the corresponding inverted back subsections.	A new front subsection and a new back subsection (not necessarily forming the same section) may be inserted between any 2 front or back subsections of the parent. A new front subsection may be added after the last front subsection of the parent, if the pivot place is an interior one or penultimate. A back subsection may be added after the last back subsection.	
(ii)	Each new subsection is an associate of the subsection it follows.		
(iii)	In a further extension, the new subsection is an associate of the latest new subsection and immediately follows it.		
(iv)	Any subsequent subsections of the extension remain counterparts of those in the parent and lower stages.		
2 (i)	Any extension may take effect from (a) the beginning of a subsection or (b) at any cross subsection place subsequent to the first subsection.		
(ii)		The front extension may be effective from a different position to that of the back.	
3 (i)	Where the extension commences at the beginning of a front subsection, the cross subsection place and the places in the subsection above are relative. Where the extension commences at the beginning of the last subsection, the pivot place is relative to the subsection above, subject, however, to the requirement of Rule 10.		
(ii)	Where the extension commences at a cross subsection place, the cross subsection place and the places in the subsection below are relative.		
4 (i)	The places of the new front subsection are the same as those of the subsection immediately above with which it is associated, except that the interior places expand by 2 places from the lead.	The places of the new front subsection are identical with those of the subsection immediately above with which it is associated.	
(ii)	Any subsequent interior subsection and cross subsection places expand 2 places from the lead.	Any subsequent interior subsection and cross subsection places are identical with their counterparts in the parent.	
(iii)	In each successive stage the interior subsection and cross subsection places expand 2 places further from the lead.		In all subsequent stages, the interior subsection and cross subsection places are identical with their counterparts in the parent.
5			A front cross subsection place adjoining the treble may either :— (a) continue to adjoin the treble, or (b) remain static. In (a) any later front cross subsection places which adjoin the treble continue to adjoin the treble, but ordinary front cross subsection places remain static. In (b) any further front cross subsection places, whether they adjoin the treble or not, remain static.

METHODS COMMITTEE'S
REPORT ON EXTENSION

Continued from page 472.

Rule No.	'Double'	'Expanding'	'Static'
6	A front extension may not become effective before:— (a) a subsection containing contiguous places in 1-2, or (b) a subsection which is connected to the following subsection by contiguous places in 1-2.		Notwithstanding 5 (b) above, a front extension may not become effective from a point prior to any front cross subsection place adjoining the treble, unless the affected place continues to adjoin the treble as required by 5 (a).
7 (i)	The interior places of back subsection are 'expanding' to coincide with the front subsection, but in an inverted position. The places of the new subsection are the same as those immediately below with which it is associated except that the interior places expand 2 places from the back.	The interior places of the back subsection are 'expanding.' The places of the new back subsection are the same as those of the subsection above with which it is associated except that the interior places expand 2 places from the lead.	
(ii)	Any subsequent interior and cross subsection places expand 2 places further from the back than their counterparts in the parent.	Any subsequent interior and cross subsection places expand 2 places further from the lead than their counterparts in the parent.	
(iii)	In each successive stage, the interior subsection and cross subsection places expand 2 places more.		
8	In all stages the place positions prior to the points where the extension becomes effective are identical with those in the parent.		
9	All lead positions and ultimate places, whether subsection of cross subsection places, are identical with their counterparts in the parent.		
10 (i)	The pivot place is either at the lead or penultimate position in every stage, to correspond with its position in the parent. It is the reverse of the leadhead place.	The pivot place, if at the lead or penultimate position under the treble, remains in the lead or penultimate position in all stages.	
(ii)		An interior pivot place expands 2 places further from the lead in each successive stage.	An interior pivot place remains static in all stages.
11	Every extension bears the standard lead-ends and the method type of the parent, e.g., Surprise Delight, Exercise, etc., as appropriate. The lead-head 'place sequence' is preserved as required by the Report on 'Pivot Bells.'		

(To be continued)

QUARTER PEALS

ALVERSTOKE, HANTS.—On July 6th, 1,260 Grand-
sire Triples: Doris Banks 1, Ann West 2, H. W. Wil-

HERTS COUNTY ASSOCIATION

Joint Meeting at Welwyn

A joint meeting of the St. Albans and Northern Districts was held at Welwyn on July 11th. Because of the built-up area these bells are hard to get and only one and a half hours were allotted for the meeting. Many people took advantage of ringing on these light bells (tenor 8 cwt. 1 qr. 14 lb.); they were augmented to eight just after the war and this was the first meeting on the eight.

In the absence of the Rector the service was conducted by the Vicar of Codicote (the Rev. G. Davies). Tea was provided by Mrs. A. Keen at the Rose Cottage Cafe. Mr. W. J. Southam (St. Albans District secretary) expressed his pleasure at seeing the two Districts holding a joint meeting and hoped that further similar meetings would be arranged. A collection for the General Fund amounted to 11s. 6d.

After tea the bells of Tewin were rung to Doubles and Minor methods. E. G. B.

WINCHESTER & PORTSMOUTH

On Saturday, July 11th, members and friends of the Andover and Winchester Districts met for a combined meeting at Longparish and Barton Stacey. The standard methods, including Grandsire Minor and Cambridge Minor, were practised until the time of the service, taken by the Vicar of Longparish (the Rev. T. Marsden). Mr. J. A. C. King (secretary, Winchester District) was the organist.

Tea followed in the Village Hall after which Mr. G. K. Dodd (secretary, Andover District) thanked the Vicar and the local ringers for the use of the bells, and the ladies for providing the tea. He also welcomed members of the Winchester District. The Vicar and Mr. J. A. C. King suitably replied.

Members of the Andover District then returned to the tower whilst members of the Winchester District held a short business meeting at which in the unavoidable absence of the chairman, the Ringing Master (Mr. R. Smith) took the chair.

Thirteen new ringing members were elected from Owslebury and Micheldever. The next two practice meetings will be held at Owslebury and Stockbridge.

The District outing for this year was discussed and it is hoped to visit Messrs. Mears and Stainbank's bell foundry.
