## LEEDS & DISTRICT SOCIETY

**F**ORMED in 1889, the Leeds and District Amalgamated Society of Change Ringers has 25 affiliated church towers in membership, all of which are within a 12-mile radius of the city. The meeting of the Society recently at Christ Church, Armley, was the subject of a special article in 'The Yorkshire Evening Post' by Alfred Taylor in the series, 'Treasure in Leisure,' and it was an article which gave an admirable insight into our craft.

The author describes what to most of our readers is a familiar scene: 'Inside the whitewashed ringing chamber six men and two girls stood at the ropes. Behind them stood a dozen men, and seated round the walls another 12. A notice said, "No Talking," so I stood and watched. The ringers' eyes were on each other and the circle round the wall sat silently engrossed, listening to the ringers from St. Peter's and St. Michael's, Holy Trinity and St. Paul's.

'The bell ropes, £4 apiece when new, flashed smoothly up and down. Now and then the leader (they call him the conductor) cried "Bob" and changed the sequence, starting to weave a new pattern of sound. The ropes have long woollen hand grips and end knobs in red, white and blue. The end knob, peculiar to Yorkshire, is known as Billy, or Yorkshire End. The hand grip is known as the sally.

'The life in the bell runs down the rope to the hands of the ringer and each bell has its individual character. Experts from one church have to get acquainted with the bells when they ring in another. It is like making new friends.

'The ringers come from all sections of society—schoolmasters, miners, housewives, schoolgirls, engineers, clerks. They range from teenagers to men like Mr. Harry Lofthouse, of Christ Church, Armley, who served 30 years as secretary to the Society before he handed over to Mr. I. Slack. The physical part is not strenuous. Miss Sheila Schofield, a Leeds High School girl, rings at Leeds Parish Church and can handle the 17 cwt. tenor bell of the light eight.

'The mathematical part is difficult. You take a year to get the hang of it, after which you are learning all your life. It is not a case of counting numbers and memorising things, but more of watching all your partners and understanding the pattern you are tracing in sound.

'For centuries church bells have been linked with national and local events, and the books in some towers are historic documents. Leeds Parish Church record book, for instance, tells of ringing for Queen Victoria's visit to

the Town Hall, for Parliamentary elections, and for the opening of the first Assize held in Leeds. It also records the hanging of two men at Armley Jail in front of a crowd of 10,000. . . .

The Leeds Society should certainly get some inquiries about ringing from such an entertaining article. 'Bell-ringing is not a dying art,' Mr. Slack told Mr. Taylor. 'There is a lot of young blood in it and women are taking it up in increasing numbers.' This is perfectly true. The difficulty, however, is of retaining all but the very enthusiastic. At Liverpool Mr. Ernest L. Humphriss in a letter this week states that for his next bunch of learners he is thinking of calling for half a dozen over fifties and adds that the youngsters have too many attractions. There are, fortunately, towers famed for their young ringers, and Mr. Harry Sanger tells of the youngsters of Evercreech. Here a band of an average age of 15 rang the service touch of Grandsire Caters. The secret is to make the young ringer enthusiastic. Judging from reports received from many parts of the country, the youth of Britain are interested in our art, and many of our leading ringers of to-day look to the future of change ringing with confidence.

## LINES BY AN OLD RINGER

By James Young, a member of the Boreham band in the last century.

My old mate Joe and I were ringers you'll hear  
We rang in Boreham tower over fifty long years,  
When ringing was due we strove to be there  
And tried to ring with hand and ear.

Change ringing was our hobby from the time we were young  
And we liked to be where change ringing was done,  
We travelled these Dioceses far around,  
To country villages and large towns.

We rang at Colchester, West Ham and Leigh,  
Chelmsford, Harwich, Halstead and Braintree,  
Maldon, Baddow, Bentley and Barking,  
Coggeshall, Kelvedon, Stanford and Bocking.

Our Company all went to Hornchurch one day  
And rang a good peal I am happy to say,  
We were well received by the people there,  
From the Brewery they sent us a bushel of beer.

To drink it all we were not able, for at dinner  
Another half bushel was placed on the table,  
So we shared it round with jokes and fun  
Then showed them how good ringing was done.

It was on my 81st birthday  
I attained the desire of my heart,  
In our tower was rang a three hour peal,  
In which I took a part.

My mates have all been called to rest,  
And I am now the last one left,  
In the old churchyard neath the bright green sod  
They sleep till awaked by the Angels of God.

## TWELVE BELL PEALS

Conducted by WILLIAM L. B. LEESE.

\* First handbell peal of Minor.

Rung in memoriam Mrs. C. J. Matthews, former secretary of the Society of Royal Cumberland Youths.

### Buckingham Ringers Visit the Cotswolds

For their tenth outing Buckingham ringers spent Easter Monday in the grey-stoned villages of the Cotswold country.

Ringling took place at Burford, Fairford, Leckhampton, Prestbury, Charlton Kings and Stow-on-the-Wold. It was the recently-rehung bells of Stow that the visitors pronounced were the best of the day. Miss Dorothy Palmer, of Southam, was the first feminine ringer to ring the tenor since rehanging.

All regretted the absence of Maids Moreton's veteran captain, 84-year-old Mr. Benny Jones. There were 34 in the party, including visitors from Maids Moreton, Helmdon, Wicken, Cosgrove and Southam. The methods rung included Grandsire, and Stedman Triples, Bob Major, Cambridge Surprise and London Surprise. The admirable arrangements were made by Mr. W. A. Yates, assisted by Mr. W. Townsend.

### BATH AND WELLS ASSOCIATION

The Chew Deanery Branch Corporate Communion was held at Long Ashton on April 24th, towers represented being Clutton, Long Ashton, Marksbury, Nailsea, Wrington and Yatton.

Grandsire and Stedman Triples were rung before the service, when the celebrant was the Vicar (the Rev. H. Knapman). An excellent breakfast, ably arranged by Mrs. Knight and Mr. Pullin, was afterwards enjoyed in the Parish Hall.

There was further ringing for morning service by those members who did not have to return to their own towers. M. J. H.

### HEREFORD DIOCESAN GUILD

#### Presentation to Mr. W. Poston

Mr. W. Poston, until recently Ringing Master of the Ross District, was the recipient of a handsome presentation of an oak clock, suitably engraved, in recognition of his leadership of the District. The presentation took place at the quarterly meeting of the District at Upton Bishop on April 23rd.

In making the presentation Mr. J. J. Webb spoke of the great work Mr. Poston had done for the Guild, and said that under his leadership the Ross District had led the way in the ringing of difficult methods not previously rung in the diocese.

Other tributes to Mr. Poston were paid by Mr. A. T. Poulton (Much Marcle), who had rung more than 100 peals with him; Mr. H. Powell (Weston), who expressed his gratitude for the training he had received at Bridstow; and Mr. A. E. Gwynne.

Mr. Poston thanked Mr. Webb for arranging the presentation, and the ringing members for their generosity.

The Rev. W. N. Tavernor (Vicar), who presided at the meeting which followed tea, had previously conducted the service.

Subject to permission, the next meeting will be held at Much Marcle.

### SALISBURY DIOCESAN GUILD

Thirty-two ringers and friends attended the Devizes Branch meeting at Bromham on May 7th, including visitors from Bristol, Swindon, Nailsea and Chippenham. Apologies were received from the chairman (Mr. Weeks).

Thanks were expressed to the Rector for the use of the bells and for taking the service, and to Mr. Minty for making the arrangements. Ringing ranged from rounds to Cambridge.

### OXFORD DIOCESAN GUILD

Welcome visitors to the annual meeting of the South Oxon Branch at Benson on May 7th were the Master of the Guild (the Rev. C. E. Wigg), the Deputy Master (Mr. F. Sharpe), the librarian (Miss Cross), Mr. A. E. Lock (secretary of North Berks Branch) and Mr. C. Kinch (secretary of Bicester Branch). Eleven new members were elected.

Officers for next year are:—Chairman, the Rev. J. E. Lewis (Vicar of Watlington); Ringing Master, Mr. F. Absalom; secretary, Mr. H. Badger.

At the service the Vicar of Watlington gave the address and the lessons were read by the Master and Deputy Master of the Guild. Members of the Branch formed the choir.

### JOINT MEETING AT APPLETON

A joint meeting of the Oxford City and North Berks Branch of the Oxford Diocesan Guild was held at Appleton on April 23rd. Between 40 and 50 members and visitors were there, and those who were unable to squeeze into the ringing chamber were able to sun themselves outside the tower and listen to the well-struck and not-so-well-struck Caters.

The Rector (the Rev. A. C. Joyce) conducted a shortened form of Evensong in the charming little church and afterwards the party made their way to the barn at the Plough, where a most enjoyable tea was laid out. Even here the evidence of the Whites was not missing, as lettuces had been provided by the market gardening member of the well-known family.

Several ringers took the opportunity of inspecting the Warborough bell frame that was being completed in Dick White's workshop, and afterwards the ringing was continued until well into the evening.

EDITOR: T. W. WHITE.

The Rev. Gilbert Thurlow will be instituted as Vicar of St. Peter's, Great Yarmouth, on June 21st at 7 p.m. This is a parish of 50,000 people with seven churches, one of which is roofless. The prayers and best wishes of the Exercise will be extended to him in this call to great service.

The number of bookings received indicates a bumper meeting of the Central Council at Bristol this Whitsuntide.

Ten young ringers, average age exactly 15 years, rang a very good course of Grandsire Caters at Evercreech for Sunday service.

To-day is the 90th birthday of Mr. E. Alexander Young, a former secretary of the Central Council. Our warmest congratulations.

The peal of Cambridge Royal at Birmingham Cathedral on April 11th (page 274) was rung for the Coventry Diocesan Guild and not St. Martin's Guild.

There are still vacant seats in the coach tours for those attending the Central Council at Bristol. Immediate contact should be made by those interested with Mr. A. M. Tyler, 32, Hengrove Lane, Knowle, Bristol 4.

Many, we feel sure, would like to join in Birmingham's congratulations to Mr. Albert Walker on his 79th birthday, and note with pleasure his performance in a peal of Cambridge Surprise Maximus for the occasion. For fitness in middle-age, peal ringing is to be commended.

When doubt was expressed at the Middlesex Association annual meeting of having ten ringers regularly at Feltham, where an augmentation to this effect is proposed, Mr. Tony Price commented: 'You must look at it like a piano. You don't always play every note when you play "Home, Sweet Home."'

## RELFRY GOSSIP

Mr. and Mrs. Philip Gray are sailing from Australia on July 2nd and hope to arrive at Tilbury on the 'Strathnaer' on August 6th. They have not yet decided in which part of England to settle.

Congratulations to the members of the West Midland District of the Ladies' Guild who rang a quarter of Stedman Triples at St. Edburgha's, Yardley.

Mr. Reginald W. Rex took part on May 7th in the first peal of London Surprise on the bells of Highclere, Hants, the tower where he learned to ring.

A correspondent writes: 'Perhaps those who think that seven 720's cannot be rung at Monk's Eleigh in three hours will now bury the axe, as the peal on May 7th was rung by a band who have all conducted peals of Minor.'

Maidstone Grammar Schools' Society enjoyed their tea so much at their meeting at Harrietsham on May 7th that they were described by the Rev. F. W. Phillips as 'human incinerators.' Ringing is hungry business, judging from our observations at meetings.

'Ringing Towers' understands that the Dean and the Chapter of St. Andrew's Cathedral, Sydney, are giving consideration to the installation of a ring of bells. A legacy has been left for the purpose. Sydney ringers hope for a light or medium weight ten.

Many unusual things have happened in a punt on the Cherwell at Oxford. Miss P. J. Holborn will remember her experiences on May 8th when, with two other members of the Oxford University Society, she rang her first quarter. The band was: Miss Holborn 1-2, D. H. Niblett 3-4, D. Hodgson (conductor) 5-6, and they rang 1,440 Plain Bob Minor.

# NORWICH DIOCESAN ASSOCIATION

## New Officers Elected

THE main feature of the Norwich Diocesan Association annual general meeting, held in Norwich on May 7th, was the election of a completely new team of Diocesan officers.

All towers with ringable bells in Norwich were open, including Mancroft, St. George Colegate, St. Giles', St. Miles', and St. John-de-Sepulchre.

The service was held at St. Andrew's. The Rev. Gilbert Thurlow, the Vicar, preached, and told us that 'standing three hours pulling a rope,' in however pitying a tone of voice it is said by the non-ringer, is a quite true description of our art, from his point of view; in fact our description of any aspect of ringing, and of all things in life, is true to us, according to whatever level of perception we have achieved. We never know 'all about it,' there is always more to learn and a higher level of perception to reach; this is most deeply true of God, and anyone who thinks he has learnt all he need know about God, does injustice to Him Who is always beyond us, however clever we become, even though paradoxically He is able to become friends with the smallest child.

Mr. Thurlow spoke of the disgracefully unringable state of St. Andrew's ten bells, and paid tribute to those who rang there in the past, including the heroes who rang the first peal of London, when the ropes did not even fall in a true sequence.

The tea and meeting were held in St. Andrew's Parish Hall. Because of the regretted death of the president, the Rev. A. St. J. Heard, Mr. Arthur Bason, chairman of the North Norfolk Branch, was elected chairman. He was supported by the secretaries of the four branches, chairmen of the E. and S. Norfolk branches, the Association ringing master and general secretary.

The general secretary led the meeting in prayer, after which Mr. Nolan Golden spoke about our late beloved president, in whose honour members stood in silence.

Arising out of the minutes it was agreed that the £20 honorarium due to the general secretary, never taken by him and proposed to be added to the bell restoration funds of St. George Colegate and St. Andrew's, Norwich, in turn, be now added to St. Nicholas', Great Yarmouth, bell restoration fund. It was also agreed that the £2 2s. before voted to St. Nicholas' bell restoration fund be added to this. Mr. Golden said the Association badges would be ready by the end of May at 3s. 9d. each.

## ELECTION OF OFFICERS

The Rev. H. G. Lillingston, Rector of Marsham, and the Rev. A. G. G. Thurlow were proposed and seconded for the office of president. Mr. Thurlow said that though he greatly appreciated the honour, and though his interest in ringing and in the Association was as great as ever, he felt the Vicarage of Great Yarmouth, with seven churches (one roofless) and 50,000 people, would take up too much time for him to fulfil the duties of president as he would like, and that therefore he would stand down. The chairman thereupon declared Mr. Lillingston president, and he took the chair amidst applause. He promised to do his best for the Association, and said that ringers ought to show more initiative in encouraging clergy to take up ringing.

It was unanimously agreed that the Rev. A. G. G. Thurlow and Mr. George Fletcher be added to the list of vice-presidents. The other vice-presidents were re-elected en bloc.

The Rev. Gilbert Thurlow said that with great regret he must not seek re-election as

general secretary and treasurer. He would be instituted Vicar of St. Peter's, Great Yarmouth, on June 21st, at 7 p.m., and would be delighted to see any ringers at the service. Mr. Bason proposed and Mr. Golden seconded that the new general secretary and treasurer be Mr. W. Love, 52, Spencer Street, Norwich. Mr. Thurlow said he knew the Association would continue to prosper under such a president and general secretary.

Mr. Nolan Golden announced that he must retire from the office of ringing master, although his interest in ringing was as great as ever—greater if possible. Loud applause followed Mr. Goate's expression of the Association's appreciation of all Nolan Golden had done for it. Mr. H. W. Barrett, of Loddon, was elected the new ringing master.

Another resignation was that of Mr. George Fletcher as hon. auditor. Mr. Arthur Bason was elected his successor, and the Association's gratitude to Mr. Fletcher was expressed in glowing terms.

The retiring general secretary and treasurer presented the accounts as audited by Mr. Fletcher. These showed for 1954: Income, £106 18s. 9d.; expenditure, £87 6s. 2d.; cash at bank, £144 4s. 10d.; cash in Belfry Repair Fund, £78 16s. 6d. Discussion followed on the cost and method of printing the annual report. This was agreed to be referred to the Standing Committee, and the accounts were adopted.

Votes of thanks were passed to the clergy for the use of the bells, Gilbert Thurlow for the service at St. Andrew's and use of the Parish Hall, Reginald Bolton, the organist, for playing, and kind folk from St. Andrew's parish and from ringers' families, who had arranged such a splendid tea at such a popular price. Ringing continued till 9 p.m. Altogether a highly satisfactory meeting, auguring well for the Association's future with its new officers.

G. T.

## DURHAM & NEWCASTLE ASSOCIATION

Gainford, which has its roots in Saxon England, was the venue of the April ringing meeting of the Southern District. The new Vicar, the Rev. I. Samuel, had the pleasure of hearing his bells rung to changes for the first time since his arrival. He conducted the service and also joined the ringers at tea. Visitors from North Yorkshire were very welcome. Although a very noisy belfry, the ringing was enjoyed from Grandsire Doubles to Cambridge Surprise Minor.

A North Devon male ringer successfully controlled his mass of curls in a recent successful peal attempt by the use of hair clips. Other members of the band wonder what remedy awaits him when he joins H.M. Forces shortly.

The peal of Plain Bob Doubles at Coulsdon conducted by Mr. A. Patrick Cannon was specially arranged to enable four members of the local band to ring a peal in their own tower.

It is 87 years since a baby has been born in Asfordby new Rectory, Leicestershire. A well-struck peal of Minor in seven methods on the Parish Church bells conveyed the congratulations of the village to the Rev. S. A. and Mrs. Jackson.

Members of the band of St. Margaret's Church, Rainham, extend a very warm welcome to both Mr. and Mrs. Carey, who have joined the company. They were married at Melksham, Wilts, on April 23rd. Jean has induced her husband to learn our art

## OLD SHEFFIELD CUSTOM REVIVED

An old tradition was observed in Sheffield, on April 20th, when the Cathedral bells were rung prior to the annual Feast of the Cutlers Company. The Company has an unbroken existence since 1624, and originally consisted of master cutlers only, but now many of the allied trades are represented, and they also maintain standards of quality. As in the past the Cutlers Company plays a big part in the City's business and social life.

Each year a new Master is elected, and a part of the ceremony of his installation is a service in the Cathedral, the members being attired in their traditional dress of morning coats and tall hats.

The Cathedral bells are always rung before and after the service.

The Cutlers Company gave the Parish Church a bell which was recast in 1745, and bore the inscription of its predecessor, viz.: 'Donum Societates Cutlariorum. Anno Domini 1688 John Spooner Master Cutler 1745.'

The present Master Cutler, Mr. W. G. Ibberson, whose family have been cutlers since the early 1700, has taken an unusual interest in the bells, and along with his Senior Warden, spent a whole evening viewing the tower and bells, watching the ringers, and reading to them notes relating to the bells and ringers, extracted from the records of the Company. One item taken from the 'Sheffield Courant,' 1771, reads:

'The Cutlers Feast was observed as a great holiday. Bells were kept constantly ringing during three days; booths were erected in the Churchyard, High St. and Church St., and all business was generally suspended.'

He was unable to see the original bell, the gift of the Company, as in later recasting the inscription was omitted, but he asked for and has received a list of the present inscriptions of the twelve, also of 'Tom Tinker,' cast in 1598 by Godfrey Heathcote, of Chesterfield.

The Master Cutler remarked how the sound of the bells, as he was preparing for his installation, had impressed him, and asked that the old custom of ringing as the guests arrived at the Cutlers Hall across the roadway, for the 319th annual Feast be revived. This, the ringers promised, and duly carried out. The Master Cutler sent a letter of appreciation together with a beautiful menu booklet, signed by himself and his wife. Thus the ancient custom suspended during the period of trade depression was again revived.

H. C. C.

## BELFRY

## GOSSIP

On April 27th, as the liner S.S. 'Orsova' passed Gravesend, the bells of St. George's Chapel of Unity rang out in farewell to the Rev. Robert W. Constant, who was sailing in her to take up an appointment in Australia. Before his ordination he was a keen ringer and the steeple-keeper at St. George's for some years. Old friends from Milton, Northfleet and Gravesend towers were there to wish him Godspeed with the music of the bells.

Three of the ringers who rang in the peal at Andover as a farewell to the Rev. Michael Simcock live in the borough of Eastleigh, where he has accepted an appointment. They are Mr. and Mrs. R. A. Reed and Mr. Norman Hayes.

The peal of Kent Treble Bob Minor was rung at Netherseale, Derbyshire, after the attempt for a peal of Major had failed. Messrs. J. W. Cotton and E. Morris were in the Major attempt, but as Ernest had a bus to catch it was too late to start an eight-bell attempt.

## THE GEORGE WILLIAMS DINNER

### Bournemouth Gathering Gains Popularity

The Vicar and Rural Dean of Bournemouth, Canon A. L. E. Williams, presided over a company of 90 ringers and friends at the ninth George Williams Commemoration Dinner at Bournemouth on May 7th.

He was supported by the Deputy Mayor of Bournemouth (Cdr. H. P. E. Mears) and Mrs. Mears, Mrs. A. L. E. Williams, the Vicar of Christchurch (Canon R. P. Price) and Mr. George Pullinger (Master of the Winchester and Portsmouth Guild) and Mrs. Pullinger.

The loyal toast having been honoured, the company settled down to an evening's entertainment and speeches. Canon Williams read a letter of apology for absence from the Mayor owing to a prior engagement that evening. However, they were all very delighted to have the Deputy Mayor and Mrs. Mears with them. Councillor Mears attended the dinner in 1953 when the Central Council met in Bournemouth, it being his first official duty as Mayor.

The Deputy Mayor recalled the occasion and remarked that his attendance that evening would probably be his last official duty as Deputy Mayor but he hoped it would not be the last occasion upon which the bellringers would invite him and Mrs. Mears to join them at dinner.

### RINGING THE SPIRIT OF ENGLAND

The Vicar of Christchurch, in proposing the toast 'The Bells and Bellringers,' paid a warm tribute to the work of the bellringers of England. He felt that the bells stood for England and for the churches of England. 'I am sure,' he said, 'that church bellringing is very much a part of the spirit of England and that a spirit of pride and achievement amongst a group in any activity is a real and vital part of the tradition of England.' After a tribute to the work of the ladies in the belfries and reference to the long service still being given by Mr. George Preston at Christchurch, Canon Price said, 'The sound of the bells reaches further to remind people of the Lord's Day and His Resurrection than any sermons. I do hope you will continue to be as unperturbed by criticism of the bells as we parsons are of our sermons.'

Mr. George Pullinger, Master of the Winchester and Portsmouth Guild, responded and expressed the gratitude all ringers felt for the co-operation of the clergy and thanked Canon Price for his glowing tribute.

The Guild, formed in 1879, he said, had three objects: (1) united co-operation and fellowship; (2) furtherance of church bellringing as church work and the recognition of bellringers as churchworkers; and (3) the encouragement of the English art of chancering. Mr. Pullinger claimed some success on the part of ringing guilds in attaining these objectives and urged the instructors to continue to recruit and teach young people. 'As long as interest in bellringing amongst the young is sustained the future of our Exercise is secure.'

### GREAT PIONEERS

'The Memory of Mr. George Williams' was proposed by Mr. Arthur Davis, who felt that the guests present that evening, upon reading the toast list, would probably fall into three groups: those who knew the late Mr. George Williams well; those who knew of him and those who had never met him at any time. All would, perhaps, ask why they commemorated him. There were in that room that evening several ringers who were possibly more advanced in the art than George Williams. In the north they held the Snowdon Dinner, although they could splice scores of methods into a peal of Minor. In the Midlands, where

they rang a peal in a new method every week they still honoured the memory of Henry Johnson. Why did they honour those men? Surely it was because they recognised their work, their laborious work, and the work of their contemporaries. That chancering had advanced so rapidly during the past 50 years was due to the pioneer work of such men as the late George Williams.

The chairman concluded the proceedings by proposing the toast of 'The Visitors' and Mr. William B. Cartwright responded. Mr. Cartwright said he was somewhat disappointed at being asked to respond as a visitor. As he came so frequently to Bournemouth he was beginning to hope he had got his foot in and was on the way to being considered a resident. On behalf of the visitors he would like to say that they had had a most enjoyable evening in a very delightful room. He had always held the view that if the committee would persevere with it the Bournemouth dinner would be one of the most successful functions held in the country.

During the evening the company were entertained by Mr. Charles Beresford (baritone) and Mr. Brian Taylor (pianist), of Canford School, Dorset.

The Bournemouth handbell band rang a course of Grandsire Caters and the St. Peter's handbell ringers gave a selection of tunes under the direction of Mr. Arthur Davis.

The company present included the Rev. K. W. H. and Mrs. Felstead, Col. F. A. Spencer, Mr. and Mrs. Cartwright, Mr. and Mrs. A. V. Davies, Mr. and Mrs. A. J. Dykes, Mr. and Mrs. F. Price, Mr. and Mrs. D. Reed, Mr. and Mrs. H. Harrison, Mr. and Mrs. Hems, Mr. and Mrs. C. H. Kippin, Mr. and Mrs. Laker, Mr. and Mrs. S. W. White, Mr. and Mrs. H. C. Galton.

Messrs. H. H. Abrahams, M. Best, M. Butler, E. Booth, M. Bazelly, W. E. Chester, J. Coles, J. E. Daniels, A. Dallaway, D. Frewer, D. T. Matkin, R. Marlow, R. Peckham, R. and T. Pike, G. Preston, A. F. Martin Stewart, R. O. Street, B. Taylor, H. Gillard, R. Hurst, J. A. C. King, D. Laker, R. Whitney, E. Wisden, and W. Young.

The Misses Barnes, D. Battersby, P. Barnett, F. Broom, V. Crouch, N. Crofts, S. Day, K. D. and E. Fletcher, N. Leahy, B. Lindeman, M. and S. Parker, S. Pearmain, G. Rea, Stewart, S. Savage, R. Ventress, V. Willard, J. Gray, J. Hare.

Ringing took place during the afternoon at St. Peter's and St. John's, Surrey Road.

## LEEDS AND DISTRICT SOCIETY

The 66th annual general meeting of the Society was held at Leeds Parish Church on April 30th. Ringing took place during the afternoon and evening with a break for tea at 4 p.m. and again at 7 p.m., when the business meeting was held.

The retiring secretary, in his report, stated that ten meetings had been held during the past year, and that once again there had been a slight increase in membership. The finances of the Society continued satisfactory.

The following officers were elected:—President, Mr. H. Lofthouse; vice-presidents, Messrs. S. Barron, W. Dixon and T. W. Strangeway; Ringing Master, Mr. L. Drake; secretary, Mr. J. F. Hodson, 78, Ash Road, Leeds 6; auditors, Messrs. F. Rayment and C. Sutcliffe.

Votes of thanks were passed to the Vicar and churchwardens of Leeds, to the local company and to the retiring officers. The election of four new members (all from Ossett) concluded the business.

The next meeting will be held at Batley.

## ST. JOHN-THE-EVANGELIST, YORK

### The Treatment of Mediæval Bells

'The Ringing World' for April 23rd, 1954, carried an article, 'The Silent Bells of York'; this described a ring of eight and three rings of six in the city which had been silent for some years. Since then one of the sixes has been transferred to a 'live' church and is silent no longer. Now, 12 months afterwards, steps are being taken to restore another 'silent six.'

The church concerned is that of St. John-the-Evangelist, Micklegate, which after many years of disuse has been saved from destruction by the York Civic Trust. It is now being restored and converted into the York Institute of Architectural Study.

Work is being carried out under the supervision of Dr. W. A. Singleton, architect, and director of the Institute. Several interesting discoveries have been made including a Norman window in the west wall of the tower, which had been covered by plaster; this is the only Norman window still existing in any church within the city walls.

The base of the tower is Norman. A previous tower fell in the 16th century, and that part which now houses the six bells is a timber framed and brick structure built in the time of the Commonwealth.

Four of the bells are pre-Reformation, one being dated in Roman numerals—1408, it being one of the few dated mediæval bells.

Mr. Frederick Sharpe, Convener of the Towers and Belfries Committee of the Central Council of Church Bell Ringers, has been consulted with regard to the restoration of the bells. Messrs. John Taylor and Co., of Loughborough, have been appointed to take down the bells and to restore them in such a way that, among other things, they can be used to show students how mediæval bells should be treated. This is in connection with the Institute's special course on the care of churches. Mr. Sharpe has previously lectured in York on the subject of church bell restorations at special summer schools for architectural students.

It is good to know that in future another organised body is to take an interest in the correct method of bell restoration.

An appeal to the public has been made to raise £12,000 so that the work of restoration and alteration may be completed and the Institute formally opened at Easter, 1956. Subscriptions may be sent to the Secretary, St. Anthony's Hall, York.

HAROLD WALKER.

### NAILSEA WEEK-END

Members of the N.S.T.G. with friends, notably from the Langport district, and one from Leicester, held a successful week-end on April 16th-17th. On the Saturday the party rang at Churchill, Clevedon St. John, Weston-in-Gordano, Clapton-in-Gordano, Tickenham, Backwell and Long Ashton.

Sunday ringing was at Wrington for the Communion service, and at Nailsea for Matins. A most enjoyable week-end was organised with customary efficiency by Michael Horseman.

### ST. ANDREW'S, KINGSBURY

An enjoyable tour of Bedfordshire was arranged on April 16th by members of St. Andrew's, Kingsbury, joined by ringers of St. Mary's, Hendon, and St. Mary's, Harrow-on-the-Hill.

All the towers were well chosen and included Cardington, Bromham, Kempston, Northill and Henlow. A hearty lunch was taken at Bedford, and tea at Northill. The help of Mr. J. B. Long, at Cardington, and Mr. Wagstaffe, at Northill, was much appreciated.

# LETTERS TO THE EDITOR

## ST. BARNABAS', PIMLICO

Dear Sir,—Following Mr. Rowe's letter re ringing in Middlessex, some further information on two of these towers might not be out of place.

At St. Barnabas', Pimlico, the clergy take little or no interest in the bells. The frame at this tower is quite sound and little is wrong with the bells apart from a few missing latchet sliders and the birds' dung caked thick on everything. The excuse is given that the tower is unfit for ringing, despite the fact that it has recently been restored, as anyone can see from the appearance of the spire. A chiming apparatus (apparently unused) has been installed, with the cords attached to the clappers; and, to be quite sure that no one tries to raise the bells, a new clock-chamber ceiling without rope-holes has been fitted.

As regards St. Luke's, Nutford Place, all that remains is the tower, standing detached and crumbling in front of a bomb-site.—Yours sincerely,

ALAN J. BLAIR.

London, W.3.

Note.—The chiming apparatus was used quite recently for a wedding.—Ed.

## PEAL RINGING IN THE COUNTIES

Dear Sir,—I am sorry I made the mistake of saying that South Wigston was a six-bell tower last century. I think I must have been temporarily mixing it up with Wigston Magna, for that was a six-bell tower originally and I had been recently asked whether I had come across any peals on the six bells (there was one in 1894).

I shall be very pleased to compare notes with Mr. Gobey re Ilkeston. I still make the total 99. If he would care to write to me at St. Michael's Vicarage, Southampton, we can soon settle the matter.—Yours faithfully,

K. W. H. FELSTEAD.

Southampton.

## RINGING IN WEYMOUTH

Dear Sir,—I was interested to read in Dr. Slade's letter that the four bells at Preston are now augmented to six. I well remember a very pleasant holiday spent at Weymouth four years ago, made the more pleasant by the hearty welcome extended to me by the Preston ringers. I thoroughly enjoyed the four-bell ringing which I experienced there, and the visit, later in my holiday, to Wyke Regis, where the methods were more complicated and the welcome no less hearty. I hope that the bands in both these towers are prospering as they deserve. I know that Wyke Regis is, for I visited it during the latter part of last year again, but had no opportunity to go to Preston.—Yours sincerely,

DAPHNE R. CASTELL.

Oxford.

## IN PRAISE OF YOUTH

Dear Sir,—I should like to use 'The Ringing World' to express my admiration and thanks to the young ringers of both sexes of our tower on completing five years' Sunday service ringing without a break.

Just over five years ago my brother and I started a young band, aged between 16 and 17 years, and they have now all rung peals, and we have two peal conductors. In these days it is good to know that the younger generation when started on a job that is shown to them to be worth while can stick to it and even be an example to some of the older members.—Yours truly,

E. W. ROAST.

Danbury, Essex.

## COMPOSITION OF HUNT-CONTROLLED METHODS

Dear Sir,—Mr. York-Bramble questions how many of the 200,000 I examined and the time taken to test them for falseness. I made out and examined not more than 278 methods, and anyone with the slightest knowledge of Treble Bob Major would know that it is but a few seconds' work to determine whether or not a method is c.p.s.

If he will refer to my previous letter he will see that I did not refer to method extension and that I acknowledged that peals and principles (omni-working) are composed. What I was challenging was the right of certain persons claiming to have composed individual hunt-controlled methods, when all such methods can be written down. Peals and principles have to be checked for internal falseness, but hunt-controlled methods do not. Therefore peals and principles are composed, but hunt-controlled methods are just written down. The list of c.p.s. Surprise was submitted to show that methods conforming to specifications can also be churned out.

As for Regina Major the fact is that his specification did not provide a new method in this class (Plain Major) because although Driver did not work out those with double changes, I find that I have the method in my own collection, written down in 1950. Also, I await with interest for his reply to the letter on page 613, 'Ringing World' of 1953, that his extensions to Royal and Maximus are not extensions of the Major.

Although his challenge bears no relation to the question, in view of the fact that principles (omni-working) are composed, it does fetch out some interesting points, viz., double triples principles must have an odd number of changes in the half-lead (hence there is no such thing as Double Stedman Triples), doubles triples principles cannot have the bells in natural coursing order at the division end, except for Original, and also, a question for the Methods Committee, must a double principle extend into a double principle?

The simplest answer that I can find to his problem, assuming the answer to the above to be 'yes', is as follows, where I give the places of the whole division.

Stanwell (a double principle for odd numbers).

Triples.—7, 5, 7, 5, 3, 1, 3, 1, 7, 1, 3, 1, 3, 5, 7, 5, 7, 1.

Caters.—9, 7, 9, 7, 3, 1, 3, 1, 9, 1, 3, 1, 3, 7, 9, 7, 3, 1.

Cinques.—E, 9, E, 9, 3, 1, 3, 1, E, 1, 3, 1, 3, 9, E, 9, E, 1.

The bob is, like that of Stedman, viz., move the middle 7ths, 9ths or 11ths to 5ths, 7ths or 9ths respectively.

I doubt whether any band could ring it to a peal at the first attempt.—Yours sincerely,

W. Bedfont.

F. T. BLAGROVE.

## RINGING IN MIDDLESEX

Dear Sir,—Mr. E. J. Rowe is doubtless correct in saying that the bells of St. Luke's, Nutford Place, are hung dead, but this has not always been the case, as the following extract from the 'Bell News,' which I came across some years ago, will show. I remember noting this at the time (it was before 'Dove' was published) as it was the first mention of the church I had seen, and I do not recall any other account of ringing there.—Yours faithfully,

E. A. BARNETT.

Crayford, Kent.  
From the 'Bell News,' November 25th, 1882:—'Paddington (Middlesex): On Sunday morning, November 19th, at St. Luke's, Nutford Place, a 720 of Bob Minor in 24 minutes: G. Thurlow 1, T. Titchener 2, J. Hannington (conductor) 3, J. Nixon 4, A. Jacob 5, D. Griggs 6. Tenor 9 cwt.'

## METHODS OF TEACHING

Dear Sir,—While it is always a pleasure to read a letter, or a leader, from the pen of J. T. Dyke, the circumstances he quotes in his comments are not those which I interpret the topic of the month article as being intended to cover, and certainly not those which a standard procedure manual should cover. In thanking Mr. Dyke for the care and courtesy with which he comments on my original letter an all too infrequent complimentary of Press letter writers in general—I regret I cannot agree with many of his comments.

It has been my experience that the striking of rounds is most difficult, and only after considerable plain hunting—on which Mr. Dyke does not comment—with the bells silent in the early stages, can a young band ring rounds. I also maintain that handbell ringing for the purpose of introducing rhythm, with, of course, an open hand-stroke, 12's or 16's, is an improvement on rounds—open presumably—on tower bells, and can be taught in the rest periods during initial instruction. May I also maintain my preference for plain hunting rather than call-changes, to cause the learner from the start of his ringing life to think ahead,

Mr. Dyke does not comment on a main issue—the instruction of the learner in the order of bells to follow while counting the place he is in. Where difficulty still exists, a competent ringer standing behind pointing to the bell to follow while counting the place the bell is in, is a great help.

Plain hunting leads to Plain Bob, which is easier to manage than Grandsire. The Grandsire down dodge requires a check into 4ths and 6ths when the treble and hunt bell are checking their backstroke lead. The checking stroke in Plain Bob, 3rds and 5ths comes on the open hand-stroke lead. Because the check strokes are more severe in Grandsire than in Plain Bob, I teach Plain Bob first. I do not think Grandsire is easy to strike, anyway; true if an individual pupil is of the true University type, it doesn't matter, but with a mixed group of five or six learners and only occasional help, it matters very much when progress without heartbreaks must be uniform.

Standing behind was not introduced by me, but in reply the learner should stand behind the expert as often as possible, not vice versa. It requires a quickness and knowledge which few people have to anticipate the conductor's calls.

Many years ago the late George R. Newton whispered to me, a youthful learner, 'I'll lend you a book.' It was, if my memory serves me well, written by J. T. Dyke for beginners. I digested it and returned it and can only remember the excellent illustrations. If still in circulation I would purchase half a dozen copies and do with them what my old friend used to do. Could this plan grow? Apart from individuals, Associations have hundreds of £'s lying like buried talents. I feel that a supplement might be added: we must move faster to-day.

The teaching of inside rather than treble depends, with me, on the learner. If a youngster, then the treble first; but if an older person, then it is better to concentrate on one bell. So much ringing is spoilt by ringers swapping around, though a conductor should be able to spot a fault and give positive direction to 'close in' or 'open out' or 'you're too near the heavy bells' without giving offence to the individual.

For my next bunch of learners I'm thinking of calling for half-a-dozen over 50's. The youngsters have too many outside attractions.—Yours very faithfully,

ERNEST L. HUMPHRISS.

Woolton, Liverpool.

Note.—The book to which Mr. Humphriss refers is probably 'Hints for Beginners,' a Central Council publication, advertised on the back page.—Ed.

# CLERICAL RINGING WEEK

## Five Days in North Devon

**T**HIS year's clerical ringing week was held from Monday, April 18th, to Friday, April 22nd, in North Devon, with headquarters at the North Cliff Private Hotel, Lynton, where the society was most cordially welcomed by the resident host and hostess, Mr. and Mrs. E. G. Wood.

Ringling started on the Monday afternoon, the rendezvous being Bishopslympton, a tower with a handy six bells. Afterwards North Molton (6, tenor 19 cwt.), South Molton (8, tenor 24 cwt.) where Double Norwich Court Bob Major was rung, and finally after dinner the ground floor ring at St. Mary's, Lynton.

Tuesday commenced with a corporate communion service in Lynton Church at which the President, Canon C. C. Cox, officiated, assisted by Preb. E. V. Cox. Following breakfast the party proceeded to St. Peter's, Tavistock (8, tenor 16 cwt.), where the narrow staircase from the north transept to the central tower caused anxiety to certain members of the party, who expected to get stuck half-way. However, all was well in the end and the coach set off for Bideford (8, tenor 17 cwt.) where Stedman and Yorkshire (the first for the Guild) were accomplished. One member of the party on leaving the tower was rather surprised when a number of visitors approached and asked if they could go in the church, as they understood that the ringing was for a funeral!

After a picnic lunch half-an-hour's ringing was enjoyed at St. Michael's, Torrington (8, tenor 15 cwt.), and later at High Bickington (8, tenor 9 cwt.), where ringing suffered from a set of new ropes. One local was mystified at the tenor being turned in and said it would be very difficult to tell when one went wrong. In the Parish Hall we were hospitably entertained to tea by a party of ladies, in charge of the Vicar's wife. St. Mary's, Atherington (6, tenor 11 cwt.), has a lofty carved oak screen with rood loft, the only one in Devon, and here April Day was one of the methods rung.

The final tower of the day, the lofty St. Hieritha's, Chittlehampton (8, tenor 13 cwt.), is in charge of the Guild secretary, the Rev. J. H. B. Andrews. After ringing, the Guild was privileged to sing Evensong in this beautiful church. The Vicar was assisted in the service by the President, Canon C. C. Cox, and Canon R. F. Wilkinson. Later, in the Vicarage, we were most generously entertained to dinner by the Rev. J. H. B. Andrews and Mrs. Andrews, and were joined by the Rev. N. F. D. Cole-ridge (Dartmouth) and the Rev. and Mrs. J. G. M. Scott (Wolborough). It was noticed on the homeward journey that at least five members were asleep in the coach, a testimony to the hospitality received.

Wednesday was probably one of the best days from the point of view of scenery, with the steep climb of Countisbury Hill and the descent of the famous Porlock Hill. Towers visited before lunch were St. Dubricius', Porlock (6, tenor 12 cwt.), Schoorthe (6, tenor 16 cwt.), where the south aisle is described as one of the great treasures of English architecture, and St. Michael's, Minchhead (10, tenor 21 cwt.), the ringing here including Grandsire and Stedman Caters, Plain Bob and Kent Treble Bob Royal. The luncheon interval provided an opportunity of a stroll round this famous seaside resort.

At St. George's, Dunster (8, tenor 22 cwt.), the first length of Oxford Bob Triples was rung by the Clerical Guild. Some good practice at Stedman was had at Timberscombe (8, tenor 12 cwt.), before moving to Exford (6, tenor 13 cwt.). Exford is the home of one of our members, the Rev. H. F. Warren, who generously

entertained the Guild in his fine new vicarage to a substantial tea. A wonderful ride over Exmoor brought the party back to headquarters. The annual business meeting was held in the evening when it was decided to hold next year's week in the Peak District with Matlock as the centre.

On Thursday, a peal of Stedman Triples was attempted at Combe Martin (8, tenor 10½ cwt.). Unfortunately it was lost after an hour and a half's good ringing. Non-peal ringers visited the two Ilfracombe churches where they met Miss Boyle and two Combe Martin ringers and also Mrs. E. S. Powell and Miss Hartley. The afternoon's programme included visits to Georgeham (8, tenor 12 cwt.) and Braunton (8, tenor 16 cwt.), where we were also hospitably entertained by the Vicar's wife, Mrs. Owen, and her family. St. Mary's, Pilton (8, tenor 25 cwt.), was visited on the return journey. An evening of relaxation with darts, table tennis or skittles and television followed.

Friday, the last day, saw us proceed by members' cars to Taunton, ringing en route at Withypool (6, tenor 12 cwt.), Dulverton (8, tenor 17 cwt.), and Brushford (6, tenor 9½ cwt.).

Grateful thanks are expressed to the clergy for the use of the towers (we regret that the holding of a Diocesan Synod at Exeter prevented us meeting them), to the incumbents and wives who provided hospitality and, last but not least, our secretary, the Rev. J. W. B. Andrews, for his efficient organisation of a memorable week favoured with beautiful weather.

## CHESTER DIOCESAN GUILD

### Marple Church to be Demolished, But Tower to Remain

A meeting of the Bowdon, Stockport and Mottram Branch was held at Marple on May 7th, when the six old bells, which originally hung in the tower of Stockport Parish Church from 1731 to 1815, were in use from early in the afternoon until the usual service in church, conducted by the Vicar (the Rev. A. T. Carver). Some members were very interested in the old church in which the bells are hung and which it is expected will have been demolished to within five feet or so of the ground before the Branch pays its next visit. It is understood that provision will be made to maintain the stability of the tower, for the new church, which stands in the same churchyard, has no tower.

Tea was served in the Parish Hall by the local ringers' wives and mothers, for there is a preponderance of youngsters at the tower who are very enthusiastic, and at the business meeting which followed the Branch complimented Mr. M. J. Pryor on the efforts he is making to re-establish a band there. Arrangements for the Guild festival at Frodsham on June 7th were announced and there was some discussion of the items which will then appear on the agenda.

At the conclusion of the business meeting further ringing was enjoyed on the bells until a late hour, ranging from rounds to London Surprise Minor.

A petition in the village arranged by a newcomer with a view to stopping the ringing of the bells was completely routed by the firm attitude adopted by the Vicar and the local band. The organiser now goes about saying that it has had the effect of improving the standard of ringing. We now know what to do when the standard of striking at a tower is not up to standard, or should we say it is an example of how to turn defeat into victory!

C. K. L.

## NEWS FROM AUSTRALIA

Tom Howell, who celebrated his 73rd birthday recently, is the 'grand old man' of All Saints', Parramatta, where he learned to ring. Tom is solely a tenor ringer; he never watches the ropes, but turns his back on the rest of the band and sets a beat of unflinching evenness.

St. Mary's Basilica rang 360 Ipswich Surprise Minor for service on February 13th.

Christchurch St. Lawrence ringers have seven beginners 'in harness' and for the first time in living memory look like being able to sport their own band. Anyone who has visited Sydney and can remember the 'go' of Christchurch bells will take off his hat to these young ringers. There has also been a spring cleaning session in the tower; this is a notoriously grubby one, being situated just across the road from Central Station, and all concerned were surprised to find that (under a generation's accumulation of dirt) the walls were a pale pink!

Catherine Hodge (née Lamphee), of St. Andrew's, Walkerville, now has a son—Andrew Giffen. Cathie rang in the first peal on the bells at Walkerville, where her brother Richard also rings.

Ringling and scholastic attainments seem to go together when you look at Sydney's current pass list:—

Geoff Logan (St. Mary's) and Richard Bailey (All Saints') Pass, 5th year Medicine; Betty Herron (Christchurch), Pass, Arts 3, qualifies for Bachelor of Arts degree; Barry Rainsford (St. James'), Pass, Bachelor of Engineering examinations; Jann Edwards (Christchurch), Pass in Arts examination, including Pass with merit in Psychology I.; Walter Knight (St. James'), Pass, Leaving Certificate examinations. Congratulations to all these young people who seem effectively to have combined bells with books.

J. H.

## DURHAM AND NEWCASTLE Western District at Wylam

The lack of public transport did not in any way interfere with the success of the meeting at Wylam on April 30th. Beautiful sunshine and a lovely view of the West Tyne Valley greeted ringers from Benfieldside, Blaydon, Chester-le-Street, Fenham, Gosforth, Lanchester, North and South Shields and Whickham.

The bells, a rather heavy six, were a handicap to some but the tone left nothing to be desired. Stephen Thompson saw to it that all got a ring and Kenneth Arthur was to the fore instructing the less experienced ringers.

After tea Mr. Thompson presided over the meeting. Thanks to the Vicar and churchwardens were proposed by Mr. Brown, while the chairman expressed his gratitude to Mrs. Gordon and her helper for the splendid tea. The Rev. T. H. H. Hood, curate at Blaydon, was elected a ringing member of the Association.

## KENT COUNTY ASSOCIATION

### Rochester District Say Farewell to Corpl. Wallace

On April 18th a combined practice at Gillingham Parish Church was attended by approximately 20 ringers. Methods ranged from Grandsire Doubles, Kent Treble Bob Minor, Grandsire and Stedman Triples and Bob Major.

At the end of the practice a farewell was said to Cpl. Gordon Wallace, R.E., who is leaving the area for duties in the Middle East. He thanked the ringers for an enjoyable stay in the Medway towns and hoped that he would be able to return again as a civilian when on holiday, his home town being West Hartlepool, Co. Durham. Mr. Len Harmer, of Gillingham, suitably replied.

On May 2nd the monthly combined practice was held at Sittingbourne. Approximately 20 ringers were present.

# QUARTER PEALS

**ASHTON-UNDER-LYNE, LANCs.**—At St. Peter's Church, on April 4th, 1,260 Grandsire Triples: D. F. Yates (first quarter) 1, Dorothy M. Heap 2, Joyce Halliday 3, R. G. Turner 4, A. W. Stone 5, W. L. Robinson 6, R. M. Edwards (cond.) 7, J. Coffey (first quarter) 8.

Beamish (cond.) 6, Dorothy E. Beamish 7, Stella Hughes 8. First quarter of Stedman Triples by members of West Midland District of Ladies' Guild.

## OBITUARY

### MR. J. C. ADAMS

With regret we record the passing of Mr. J. C. Adams, of St. Mary's, Walthamstow, on May 10th, his 69th birthday.

He started ringing nearly 50 years ago and was at one time a steward of the Ancient Society of College Youths. His peal record was not a large one—he rang perhaps 75, most of which were rung at St. Mary's, where he was the very efficient tower-keeper for some years.

Unfortunately 'Little Jimmy,' as he was affectionately called by most of his friends, recently had both legs amputated, which was probably a contributory cause of his death. He will be missed by his fellow ringers, although his ringing days ended about a year ago.

### THE VERY REV. W. J. CONYBEARE

Probably the oldest member of the Cambridge University Guild, the Very Rev. W. J. Conybeare, Provost Emeritus of Southwell, died at his home at Warborough, Oxfordshire, on May 13th, aged 83 years.

### MR. A. T. HOULDSWORTH

We regret to announce the sudden death on April 19th of Mr. A. T. Houldsworth, of Montmorency, 14, Aller Park Road, Newton Abbott, Devon, aged 71 years.

Mr. Houldsworth began his ringing career at Emmanuel Church, Oswaldtwistle, Lancs. and during the period between 1913 and 1923 he rang more than 40 peals, a good proportion being in Surprise methods. He afterwards lived at St. Annes-on-Sea, Lancs, where he was a ringer at the Parish Church.

The sympathy of many ringing friends is extended to his daughter and son-in-law, Joan and Philip Gray, who for the past four years have been living in Australia, and are due to return to this country on July 2nd.

### MR. H. MULLARD

One of the oldest ringers in the Guildford District, Mr. H. Mullard, of Klondyke, Grayswood, Haslemere, died on May 2nd, aged 80. He had been in failing health for about a year.

Mr. Mullard was a representative of the Haslemere band on the Winchester Diocesan Guild as far back as 1900. He conducted the first peal of Bob Minor on the old six at Haslemere on September 18th, 1901, and this was believed to be the first peal on the bells. For a number of years after this he was a member of Chiddingfold tower and took part in many peals, mostly under the conductorship of Mr. A. H. Pulling. Mr. Mullard's favourite peal was Holt's Original. He was also an organist and had played the organ at the Guild services at Haslemere and Chiddingfold. By trade he was a carpenter.

The funeral service was at Grayswood Church on May 6th. The Vicar (the Rev. F. C. Roberts) officiated, assisted by the Vicar of Thursley (the Rev. H. G. French), and following the committal handbells were rung at the graveside by Mrs. F. Bowden (Haslemere) 1-2, F. Bowden (Haslemere) 3-4, P. Fuller (Chiddingfold) 5-6, R. Cooper (Chiddingfold) 7-8. Mr. A. H. Pulling represented the Guildford Diocesan Guild at the service.

In the evening 1,260 of Grandsire Triples (half-muffled) was rung on the bells of St. Bartholomew's, Haslemere, by J. E. Clark 1, J. Salter 2, Miss A. Martin 3, Miss M. Goode 4, Mrs. F. Bowden 5, H. Gauntlett 6, F. Bowden (conductor) 7, R. Cooper 8.

### MR. W. H. PASMORE

We regret to announce the death of Mr. W. H. Pasmore, a past Master of the Ancient Society of College Youths, who died on Sunday. The funeral is at Streatham Crematorium on Saturday, May 21st, at noon.

### MR. W. WALTERS

Monmouth Parish Church has lost a faithful servant by the death at the age of 91 of Mr. W. Walters. For over 75 years he was a chorister at St. Mary's Church.

When the late Mr. A. E. Barnett, sen., came to Monmouth in 1882 and introduced change ringing into the tower, Mr. Walters was one of his pupils. On July 1st, 1886, Mr. Walters rang the treble to a peal of Grandsire Triples (Holt's ten-part). He was the last surviving member of this all-resident band that rang the first peal on the bells.

On May 3rd, when the funeral took place, a quarter peal of Grandsire Doubles was rung half-muffled to his memory by the following band: Miss K. Smith 1, G. W. Hollis 2, Mrs. D. Stafford 3, A. Goodwin 4, L. H. Jones (conductor) 5, S. Goodwin 6.

## NOTICES

### Scale of Charges

The charge of Notices for meetings is one penny a word, minimum 3s. For additional insertions with no change of type one half of the above charge for each insertion.

Other Notices one penny per word, minimum 3s. 6d.

All Notices must be prepaid.

Notices must be received on the Monday preceding publication.

## GUILDFORD DIOCESAN GUILD

### Leatherhead District

A successful meeting of the Leatherhead District of the Guildford Guild, at which youth predominated over age by seven to one (the present reporter being omitted for the purpose of this calculation) was held at Ewell on May 7th.

The service was conducted by the curate (the Rev. J. M. Wilmot Brooke), who in an informal address, enlivened by illustrations, from his 42 years' experience in the ministry, spoke of the vocation of bellringers.

At the short business meeting one new member (from Ewell) was elected and thanks were accorded to the preacher, who had honoured the company with his presence at tea, to the Vicar for the use of the bells, and to the organist, Mr. J. H. Miller. Ringing in methods up to Surprise continued until 8.30. J. E. B.
