COMMENT

POTT SHRIGLEY BELLS

By R. M. W. CLOUSTON

MR. SCHOFIELD'S letter on page 20 asks
for comment on the preservation of
ancient bells, and this is a matter which will
perhaps interest readers generally.

Our parish church and their fittings, which
include bells, come under faculty jurisdiction.
This means that before any work other than
very minor repairs are carried out a faculty
has to be applied for and obtained to cover
the work. This is granted by the diocesan
chancellor after he has obtained the advice of
the Diocesan Advisory Committee for the
Care of Churches, and he acts in accordance
with powers delegated to him by the Bishop.
Thus church possessions in a particular parish
are not the property of the present parish-
ioners to do what they like with them without
diocesan permission.

The Diocesan Advisory Committees, of
which there are some 42 in England, are pro-
vided with guidance by the Council for the
Care of Churches, which is a Standing Com-
mittee of the Church Assembly. In the case
of church bells a number of resolutions were
passed by the Council in 1952. These were
revised in 1959 at a meeting held between
representatives of the bell founders, the Cen-
tral Council of Church Bell Ringers, and the
Council for the Care of Churches, and the
resulting agreed statement of policy was pub-
lished in the 15th Report (1961) of the Council
for the Care of Church and reviewed in "The
Ringing World" on pages 533-534 of the
issue of August 11th, 1961. Two of the eight
resolutions read:—

(a) Bells cast before 1550 should not be
recast, as all such bells are of archaeological
importance. Sound bells should be retained
in use in the church to which they belong.
If of good tone they should be kept in the
ring; if musically unsuitable they can be
hung as single bells. Bells which are
cracked or otherwise incapable of use should
be preserved in the church or loaned to a
museum.

If, for exceptional reasons, it is desired
to recast bells of this early date, the pro-
posal should in each case be referred to the
Council. The petitioners will be expected
to put forward proposals for the mounting
and display in the church of the crown and
inscription band of the bell.

(b) Bells dated between 1550 and the
middle of the 18th century should not be
recast unless cracked. If it is desired, on
special grounds, to recast a bell of this
period, information should be sought from
the Council for the Care of Churches as to
the rarity and archaeological value of the bell.
This application for advice should be accom-
panied by a statement of the opinion of the
bell founder, as to the musical qualities of
the bell. If such bells are allowed to be
recast, their inscription should be recast in
facsimile on the new bells with the date of
recasting added.

Turning now to the particular bells at Pott
Shrigley, Cheshire, the writer has not per-
sonally examined them. The two trebles were
cast at one of the pre-Reformation London
bell foundries and bear a shield with the
initials R.C. on it. This founder was most
probably Richard Crowch, or less likely,
Richard Cresswell, and as he was only working
in the period 1420 to 1426 approximately, bells
bearing this shield are rare.

A list of them is given in "The Church
Bells of Essex," page 32, but only one is not-
ed at Pott Shrigley. Allowing for the two bells
here the total is 14. There are no others in
Cheshire, but they are found as far apart as
Bedfordshire, Buckinghamshire, Cornwall,
Essex, Hampshire, Kent, London, Northants,
Shropshire and Worcestershire.

Another factor is that the Chester Diocese
now has very few pre-Reformation bells, in
fact one list made before a complete survey
of the county had been commenced listed only
two others, Bunbury tenor and Handley treble,
and since then Mr. Clarke has published an
account of the Dodleston fifth.

PENRITH BELLS

By G. NELSON

THE town of Penrith is undoubtedly ancient,
but it is not known whether of British or
Saxon origin. Its market, famous since 1223,
was opened and closed by the ringing of a bell.
The curfew, rung nightly for about ten
minutes at eight o'clock, ended with the re-
quisite number of strokes to indicate the day
of the month—a unique survival which ended
in 1939.

A likely man to have had a hand in pro-
viding Penrith Church with "Gret Belles"
worthy of its fine tower would be Bishop
William Strickland (1400-1419), who gave to
Carlisle Cathedral "Quator Magnas Cam-
panas." "He, descending from a famous
family in these parts, did in 1395, at his own
charge, draw hither a water-course from the
little River Peter. In the year 1552 Penrith
had only 'ij gret belles,' one of them the
medieval (Jesu Maria). Did Henry VIII's
visitors take the others for 'ye Kinge's use,' as
a Mr. Richarde Wassingstone of Kendal had
the bell of the poor Penrith fireers (MS.)."

In 1639 Penrith was the only parish church
in the diocese to have a ring of five; change
ringing, then in its infancy, must have been
introduced by Thomas Stafford. This bell-
founder, if not a native of Penrith, resided
here for some years, making bells for Carmel
and Kirkby Stephen.

During the time of the Commonwealth the
then Presbyterian Vicar of Penrith had no
love for bells and allowed them to fall into
disuse, the big bell especially causing a great
deal of trouble and expense. How many of
the five bells were in use at any given time
or what sort of system regulated the ringing,
it is not easy to say. It was customary in
those days for the parishioners to assemble
round the Cross, "a tall, narrow building in
the centre of the town," where a quantity of
ale was consumed and a number of tar barrels
burned. On most occasions these were paid
for out of church money, viz:—

"Pd to Alex Hewer for ale to ringers 7s."
"1708. Ale for ringers and treating the
soldiers 14s."

In 1745 Penrith, having again undergone the
experience of being occupied by an invading
army, had a fortnight's rejoicing after the
danger to which it had been exposed was
passed. Two large chandeliers were purchased
with "ye fifty guineas given by the most noble
William Duke of Portland to his tenants of
ye honor of Penrith associated in defence of
the Government and town against the rebels."

In 1763 six new bells were cast by Lester
and Pack at the cost of £332. Also in that
year "a water engine bought by order of the
vestry." This was kept in the tower and duty
and care of the same was assigned to the
bellringers at 15s. per annum to each man.
The additions of a new tenor and treble by
John Taylor in 1889 made up the fine ring of
eight we know today. The best bell to be cast
in Penrith was in 1963, made by Mr. G.
Nelson and Mr. A. Idle (moulder) to com-
memorate the bicentenary of the old six.

[Photograph by Eric Davidson.]

Mr. Schofield suggests that both the Crowch
bells are cracked, but only the treble is re-
ported to be cracked; in this case in the
soundbow, most probably caused by clocking,
which was still carried out on the other two
at least till recently.

The Bramford tenor of 11½ cwt, cast by
Miles Graye I of Colchester in 1632 was simi-
larly cracked, and after a welding repair in
Denmark the tone was fully restored. The bell
has been rung to a number of peals since
rededication and so far the tone has not
deteriorated at all.

The British Welding Research Association
is working on this problem and has com-
menced using the Danish technique on bells
here which will save the high cost of transport
to and from Denmark and the attendant delays
with Customs, etc. The Pott Shrigley treble
would seem to be a suitable bell for them to
repair in due course.

ROTHERHAM RINGER SEEKS PASTURES NEW

Rotherham ringers gave Mr. John N. D. Chaddock, the son of Mr. and Mrs. Norman Chaddock, a splendid send-off when he left home for a new teaching appointment at a Church of England school at Beverley. At the annual dinner of the Rotherham Parish Church Society, held at the Red Hart Hotel, Blyth, on January 3rd, he was presented with a transistor radio set from the Parish Church ringers. In making the presentation, the Rector, the Rev. G. Hollis, thanked John for his services to the church, which started with seven years as a choir-boy, followed by ten years as a bellringer.

EGGLESTONES' CHRISTMAS BASKET AT HENLEY

WHEN Howard and Margaret Egglestone came to Suffolk from Essex, teaching beginners was their main objective. So hard have they worked in this and all other facets of Guild work that it seemed quite appropriate they should be the organisers of the social! So, what started as their Henley Christmas party (Henley is a village with a young band, six miles from Ipswich) is now very much a Guild affair.

The Christmas, 1966, one was an outstanding success—well over 100 ringers and friends attending, including several from Essex. Henley were aided and abetted by Bramford, and between them a lively evening was the result.

Stan Bloomfield started the evening showing his colour slides of South Africa, Australia and New Zealand and, in the richest dialect, giving an account of his ringing travels.

There were a number of humorous sketches interspersed with the ever-popular "one-man affairs." Lawrence Pizze (soon to become Reverend, so we made the most of this licence!) imagined himself as political correspondent to "The Times" dealing with such important Bills as the Suffolk Guild and "The Ringing World." Then Patrick Saltmarsh, special guest from the Deep South, took on the role of Old Testament News Reader around Tyre and Sidon.

The buffetings and innuendos that the Guild officers had to grin and bear were softened to some degree by some of the "nicer" items on the programme: delightful songs and piano solos by the Henley girls, followed by Jim Pipe reciting Jonah and the Whale and singing two old favourites. It is quite plain, despite lobbying by our younger long-haired ringers, that Jim is reluctant to get the big heat; bass to Stedman Cinques perhaps—no further!

The Oulton and Grundisburgh ringers did their stuff with musical and handbell items, and a splendid buffet supper rounded off the entertainment.

"New Idea" this year was a Rogues Gallery, devised by Joyce Christian, the Bramford Vicar's good lady. A competition, was held to guess 14 different Suffolk ringers from photographs taken when babies. What a hoot!

After the supper a draw with many good prizes concluded the evening. To all those who contributed in any way to the organisation and entertainment, especially the versatile David Derrick and the Henley and Bramford bands, a hearty thank you.

College Youths Renew Cirencester Link

200th Anniversary Peal

THE first peal on the bells of Cirencester Parish Church and the first peal on 12 bells outside London was rung on Wednesday, January 7th, 1767, by members of the Ancient Society of College Youths, who were invited to ring the peal by Mr. Samuel Blackwell, of Williamstrip Park, Coln St. Aldwyn, who was a member of the College Youths and later Member of Parliament for Cirencester Borough.

The peal was one of 5,082 changes of Grandsire Cinques rung in 3 hours and 57 minutes by the following ringers: William Underwood (conductor) treble, James Darquitt 2, Thomas Bennett 3, George Meakins 4, William Moss 5, Winstanley Richardson 6, William Mills 7, John Lokes 8, William Scott 9, William Clay 10, Robert Bly 11, Joseph Monk and Thomas Fiffeld tenor.

To commemorate the 200th anniversary of the event the present band of Cirencester ringers invited the Ancient Society of College Youths to repeat the performance on Saturday, January 7th, 1967. Before the peal, the band, led by Mr. Alan J. Frost, Master of the College Youths, were entertained to lunch by local ringers. Amongst those present were the Vicar of Cirencester (the Rev. Roland Hill), Mr. H. Cooke (tower captain) and Mr. Frank J. Lewis, sen., Cirencester's oldest active ringer, aged 85. On display at the lunch were the handsome oak chair, and ram's horn drinking cup presented to the Cirencester ringers by Mr. Blackwell just before his death in 1785. The drinking horn bears the following inscription on a silver plate: "Prosperity to the Cirencester Ringers, 1785 : In taciturn sileo, percutere dulce cano," the motto of the College Youths.

The oak chair was occupied during the lunch by Mr. Frost, and later he was the first to drink from the horn, which then circulated among the whole company. This is thought to be the first time the horn, which was recently recovered from the attic of the Vicarage, has been put to its proper use for over 100 years.

In thanking the Cirencester ringers for their hospitality, Mr. Frost spoke of the strong links between the Society and the local ringers, and brought them the good wishes of the Society members everywhere.

The 1967 peal was also one of Grandsire Cinques, 5,015 changes, specially composed for the occasion by the conductor, Mr. Albert M. Tyler, of Bristol, and was rung in 3 hours and 32 minutes by the following: Albert M. Tyler (St. Stephen's, Bristol) treble, Austin T. Wingate (Hereford Cathedral) 2, Andrew N. Stubbs (St. Paul's Cathedral) 3, Cyril A. Wratten (St. Mary's, Cheltenham) 4, D. Kay Adkins (St. Mary's, Whitney) 5, A. Leslie Barry (Gloucester Cathedral) 6, Robert E. J. Dennis (St. Vedast's, City of London) 7, Christopher H. Rogers (St. Paul's Cathedral) 8, Frank Reed (Cirencester Parish Church) 9, Alan J. Frost (St. Paul's Cathedral) 10, Michael P. Moreton (St. Paul's Cathedral) 11, William F. Scudamore (Cirencester Parish Church) tenor.

The peal attempt had been given more than usual advance publicity in the local Press, and the whole of Cirencester town, which is always conscious of its ancient heritage, appreciated the fact that ringers had travelled so far to write another page in its history.

A NEW NORFOLK SIX

Next Sunday (February 5th) a new ring of six at St. Margaret's, Drayton, Norfolk, to replace three poor bells will be hallowed, the ceremony being conducted by Canon Gilbert Thurlow, president of the Central Council.

The bells were cast and hung by Messrs. Mears and Stainbank, who also supplied the frame castings.

Nearly half the sum of £1,500 has already been raised, and at a Candlelight Dinner-Dance at the Village Hall on January 19th the sum of £160 was raised for the Restoration Fund.

LINCOLN DIOCESAN GUILD

Elloe Deaneries Branch

At the annual meeting of the Elloe Deaneries Branch at Spalding on January 15th all the retiring officers were re-elected. (Secretary, Mr. K. R. Davey, as in Ringers' Diary).

It was also decided as an experiment to replace the normal quarterly afternoon and evening meetings with an evening practice, 6 p.m. to 9 p.m., to be held on alternate first Saturdays in the month beginning with February. This will enable the Branch to meet in towers often neglected because of the difficulty of arranging a tea, and it is hoped that many new faces will be seen in addition to those who normally attend.

The annual meeting will take place as usual at Spalding in January, 1968.

It was pleasant to hear of new bands being formed, particularly at Moulton. A flourishing practice takes place at Gosberton on Thursday evenings, where many Surprise Minor methods are attempted. E. T. L.

LLANDAFF AND MONMOUTH

The annual meeting of the Monmouth Branch was held at Marshfield on January 14th. A gathering of some 60 ringers enjoyed the pleasant ring of bells during the afternoon and evening. The Rev. A. K. James (Vicar) took the service, Brian Neale read the lesson, and M. B. Knowles acted as organist.

Tea was prepared by Mr. and Mrs. Neale and helpers, to whom Mr. Richard Stewart voiced the thanks of the company.

The business flowed smoothly, and Mr. Richard Stewart was elected Branch Ringing Master. Fourteen new members were elected, being one from Blaenavon, four from Chepstow, two from St. Woolos, two from St. Mellons, two from Monmouth, and three from Bassaleg—a good start to the year's activities.

The proposed programme of meetings for the year was decided upon, being Caerleon May 13th, Rumney July 8th, and Usk October 14th, with Abergavenny in January next year.

TOWER GRABS OF 1966

Dear Sir,—I understand that Barrie Dove is not compiling the tower grabbers list for 1966. If ringers who have rung in 100 or more new towers during 1966 will they let me know:—

(a) How many new towers they rang in during 1966,
(b) Their total number of towers at the end of 1966.

I will compile a list for last year.

I will leave what constitutes a tower "grab" to individual consciences.—Yours sincerely,

CHRISTOPHER GROOME.

Cathedral Tablet for St. Martin's Record Peal

THE annual meeting of the St. Martin's Guild was held in St. Martin's Hall, Birmingham, on January 7th, with an attendance of about 90 members.

Before commencing the ordinary business of the meeting the Master (Mr. R. C. Ingram) referred to the passing of Percival Richards, a member of the service band at St. Martin's Church. A moment's silence was observed to his memory.

A letter from the secretary of the Ancient Society of College Youths was read conveying their congratulations to the Guild upon ringing the record peal of Stedman Cinques at Birmingham Cathedral. Their good wishes were much appreciated. The meeting decided that a tablet should be erected in the Cathedral tower to record this performance, which was a great honour for the Guild.

The Misses Susan Morgan (Packwood), Joyce Hall (Harborne) and Linda Deebank (Coleshill) were elected resident members, and the following tower elections as life members were ratified: R. W. Sherriff (Southam), A. J. Cox (Kenilworth), P. C. Randall (Warwick), N. Thomson (Wallington), D. P. Hilling (Slough), Miss A. M. Sparshott, P. S. Reading and Miss S. E. Jones (Kenilworth).

Satisfaction with the present officers of the Guild was shown by their re-election for 1967, as follows: Master, Mr. Richard C. Ingram; Ringing Master, Mr. J. Alan Ainsworth; trustees, Messrs. S. O'C. Holloway and Bryan A. D. Woolley; auditors, Messrs. Henry H. Fearn and S. O'C. Holloway; librarian, Mr. W. G. Chaplin; hon. secretary and treasurer, George E. Fearn.

Notice of motion was given that at the next annual meeting a proposal to increase the annual subscription would be presented, the proposer pointing out that although the Guild's finances appeared to be in a healthy state, considerable expenditure was urgently necessary. A new bookcase was required to house the volumes of "The Ringing World," also a fireproof cupboard in which to keep the peal books.

The ringers of Solihull Church invited the Guild to hold the next meeting at Solihull on April 8th, an invitation which was gratefully accepted.

The Henry Johnson Commemoration Dinner will be held on March 4th, and Canon Gilbert Thurlow will preside.

The striking competition will be held at Yardley on October 14th. A small sub-committee was formed to examine the rules for the competition and, if necessary, offer suggestions for alterations at the next quarterly meeting.

Portions of the long peal of Stedman Cinques, including the start and finish, have been recorded, and will be on sale shortly.

ANOTHER LADIES' PEAL

Bath and Wells ladies are in the news again. Miss Marjorie Legg reports a ladies' peal, which she conducted, at Locking on January 14th. It was five methods of Doubles—the most ever rung by a ladies' band for the Association.

Looking Back on the Six-Bell Scene

DEVON IN 1966

DOMINATING the competition-ringing world in Devon, the County Six-Bell competition, with its northern and southern semi-finals and its final between the six leaders of each half, is undoubtedly the ultimate goal of every ambitious call change band. During the last 13 years two bands have dominated the Devon Six-Bell—West Down and Down St. Mary. West Down have won the George Facey Shield no less than eight times since 1953, and they won it last year at St. Budeaux from Talaton, a band which does not generally reach quite these heights but which on this occasion beat Down St. Mary into third place. West Down rang in ten competitions in 1966—not a very great number by the standard of some bands; they won six of these, and in the other four had one second and three thirds. Their highest marking was 34 at Dolton—but it was good enough to give them the Shield there. Their lowest was a winning 11 at Bishop's Tawton. Only three bands have beaten them, their old rivals, Down St. Mary at Swymbridge and Witheridge, the Swymbridge band at Northam and Bickleigh, and Plymstock at Swymbridge. Swymbridge ringers have always been among the unpredictable bands of Devon. In the North v. South competition at Clawton a few years ago their first peal was the worst of the day and their second was the best. In many competitions they seem no threat to the leaders, but when they hit their form they can ring superbly.

One of the most remarkable things about West Down's achievement was the fact that in only three of these events did they have a practice on the bells beforehand; normally the tower is closed for teams competing a fortnight before the day of the competition, but competing teams try to get there before that time to try the bells. West Down trust their ability to find the measure of any bells without previous practice and in fact on two of the occasions when they did have previous practice on the bells they were beaten.

Down St. Mary are a much more travelled band. They competed 21 times for eleven first, five seconds and four thirds, were never below third place, and have a most impressive collection of silverware—five shields, five cups and a rose bowl. Their poorest marking was a 49 in the heavily-marked event at Dolton, where they came third; their best was 12½ at Diptford, which oddly enough gained them only third place. This was Beric Bartlett's

invitation competition, and the standard was very high, as we shall see when we discuss the winners.

Thanks perhaps to their willingness to travel and their central position in the county, which makes travelling easier, Down St. Mary are probably the best-known band in Devon, and I strongly suspect that if you asked 100 people in Devon villages who the Wright brothers are they'd say without hesitation that they ring treble and tenor for Down St. Mary.

North Devon has had an ascendancy over the South for many years now; it's never been very much, but it's always there. It's very seldom that the six-bell shield goes to South Devon, and some years they've had no one in the first three. John Hine's band at Plymstock is certainly the one which the North has most reason to fear, and they have had a good season with 15 competitions, out of which they had eight firsts, three seconds, three thirds and one fourth. Their average marking came to 22 1/3rd faults per peal, compared with West Down's 24 and Mary-Down's 26 1/3rd, but this may not be a fair comparison. It is certainly held by the North Devon ringers that judges in the South are more lenient, and this is partly borne out by the fact that it was on a sally into North Devon that Plymstock had their heaviest marking—44½ at Witheridge. However, against that one must set the notable achievement of tying with Down St. Mary to beat West Down at Swymbridge with a fine peal with 17½. Their best peal of the year, which beat Down St. Mary, was the one which won Beric Bartlett's competition at Diptford with 9½. In the Devon Six-Bell at St. Budeaux they came fourth.

Perhaps most notable among the rising bands of the county is Meavy. This little village, clustering round its incredibly ancient oak in the foothills of Dartmoor, has brought both its two bands into the county reckoning this year, and I heard them do some very fine ringing when they were at Dolton. Whether they will be able to surmount the last barrier, which, like the four-minute mile and the even-time 100 yards, seems to lie between the very good and the outstanding, remains to be seen. There are plenty of bands which with real keenness and pots of practice can turn in peals with between 30 and 40 faults; it's the getting into the 'teens that takes something extra. If I knew what that something was I'd be the most sought-after ringer in Devon.

BATH AND WELLS ASSOCIATION

Frome Branch A.G.M.

St John's Church, Midsomer Norton, was the venue for the Frome Branch annual general meeting on January 14th. Due to a long meeting agenda the service was held half an hour earlier, to the consternation of those who do not take "The Ringing World" (shame!) and at least one who does.

Tea was provided by Jackie Purnell and a host of willing helpers, and the meeting that followed was every bit as long as had been anticipated. All serving officers were re-elected as were vice-presidents and the chairman, the Rev. A. V. Durston. Special thanks were accorded to the secretary, Ted Chivers, for working so hard all the year and providing an interesting report and balance sheet, both of which were adopted. David Robertson had to give up being Press correspondent due to the pressure of other activities, and Max Heymann is his successor.

John Gilbert was proposed as the Branch nomination for general secretary when Gwyllym Salmon gives up in March, and John's request for members' views on training courses was read. Interested members should advise the secretary.

A proposal that ran into trouble was that wreaths be bought for practising members who died, and as a conscience salver the secretary was instructed to write letters of condolence to the bereaved. From this innocent beginning, which highlighted a serious lack of funds, came the first rumblings of what might well be a move to propose an increased subscription for the Bath and Wells.

The Branch, having already proposed that annual reports be in members' hands before the annual general meeting, now reinforced their previous resolution with a request that the Executive Committee consider bringing the date of the end of the financial year forward, thus enabling secretaries to render their returns earlier.

Special reference was made to three peals rung during the year—one of Grandsire included the Rev. Mr. Durston and was conducted by his daughter, Jennifer; one of Spliced Surprise Minor by Chilcompton Sunday service band; and one of seven Surprise Minor, which was John Maggs' first peal. The Branch lost three members but gained 13 during the year, which is a healthy sign. Ringing was resumed after the meeting and produced amongst other things some Little Bob Major, Grandsire and Bristol, none of which came round, and some Stedman and London which did.

HERTS COUNTY ASSOCIATION NORTHERN DISTRICT'S CONFIDENCE

At the annual meeting of the Northern District at Hitchin on January 7th the secretary (Mr. C. M. Orme) spoke confidently of future ringing in the District as there appeared to be a fresh crop of youngsters learning "the ropes." All the evening meetings last year had been well attended, but more support was required for the quarterly afternoon meetings.

It was decided that as the monthly meeting at Norton had received such little support these bells would be rung for a quarter peal once a month under the directions of the Ringing Master, M. J. Trigg. This would give all towers in the District a chance to allow their members to partake and Mr. Trigg requested ringers wishing to ring in them to contact him.

Officers elected for 1967 were: Secretary, C. M. Orme; Ringing Master, M. J. Trigg; assistant, A. R. Agg; press representative, Mrs. J. K. Orme; General Committee, Messrs. E. G. Buck and J. R. Castledine; District Committee, Messrs. D. Taplin, C. Worboys, A. R. Agg, M. J. Trigg; trustees, Messrs. A. C. Harris and J. S. Dear.

The Vicar (the Rev. Mr. Meredith) presided and conducted the service, and an excellent buffet tea was arranged by Mrs. Agg and helpers.

Bingham District Annual Meeting

Bingham District held its fifth annual meeting at St. Mary's, Radcliffe-on-Trent, on January 14th. Ringing before the service was a learner's paradise but the experts rang the service touch. The Vicar (the Rev. G. L. Halsey) conducted the service, which was followed by tea—the excellent meal prepared by local ladies being enjoyed by a company of over 50.

At the business meeting new members elected were Mr. A. Haines (Radcliffe) and the Misses S. Anthony and R. Bellaby (Gedling). The chairman, Mr. D. Clarke, and the District secretary, Miss R. Blackshaw, were both re-elected. In future the District is to have three Ringing Masters and these are Messrs. D. Stainsby, R. D. Marsh and M. W. Harrison, who was also elected to the committee.

The chairman gave a special welcome to Mr. J. Dawson (Gedling) after his recent illness. The vote of thanks was proposed by Mr. Buswell, and the collection for the Bell Repair Fund amounted to £3.

The attendance exceeded 70 for the evening ringing.

Next meeting: Hickling, March 11th.

GUILD OF DEVONSHIRE

RINGERS

Exeter Branch A.G.M.

The annual meeting of the Exeter Branch was held at Heavitree Parish Church, when 25 members and visitors attended. After touches of Grandsire and Stedman Triples and Little Bob Major, a service was conducted by the Vicar, Prebendary E. Royle. During the service a touch of Grandsire Triples was rung on handbells by N. Mallett, J. Longridge, R. Pargetter and C. Bryant.

Tea and the business meeting followed, when the following were re-elected: Chairman, Mr. F. Wreford; secretary and treasurer, G. Skinner; Ringing Master, Mr. N. Mallett. It was decided to hold Branch meetings at Bramford Speke, Upton Pyne and Newton St. Cyres during the coming year, with monthly Branch practices and a visit to each of the silent towers in the Branch for Sunday service ringing.

Further ringing then took place at the Cathedral with touches of Grandsire Caters, Grandsire and Erin Cinques and Cambridge Surprise Major.

Letters to the Editor

12-BELL PEALS BY ST. MARTIN'S GUILD

Dear Sir,—Mr. Barry Corbishley is one of, I believe, a very small minority of ringers who chooses to denigrate the achievement of members of the St. Martin's Guild for the Diocese of Birmingham in successfully completing four peals of Londinium Surprise Maximus over a comparatively short period, the details being published in the issue of December 30th last. He comments that they were rung by nearly the same band but the facts suggest otherwise—a total of 17 ringers from the Birmingham band and one visitor took part; each peal was called by a different conductor; three compositions were employed, all of which used four or five short courses.

This does not indicate the static position implied by Mr. Corbishley. Anyone who knows the problem of organising a Maximus band will appreciate that to ring these peals with this large number of ringers from one area is an achievement in itself, involving considerable long-term planning and training. One of the peals was rung on the noble, heavy but rather awkward to handle 12 at Worcester Cathedral, when ringing of the very highest standard was achieved, as many of the numerous listeners would testify.

I am sure that no member of the St. Martin's Guild belittles the performance of any band simply on account of the number of bells on which they ring.—Yours faithfully,

J. A. AINSWORTH.

SPEED OF HANDBELLS IN TUNE RINGING

Dear Sir,—Mr. G. M. Cox's account of the Knowle handbell ringers is most interesting (page 37, January 20th, 1967).

To answer the point about the speed of ringing handbells, surely there is no hard and fast rule whatsoever. The speed depends on the tune, e.g. "English Country Gardens"—fast, lively ringing; "Silent Night"—slow, "quiet" ringing.

Another factor is the number of bells involved. A full set of 50 plus handbells with four plus bells at a time playing intricate harmony should be rung fairly steadily, if possible, but again the music dictates (also the ability of ringers to ring heavy handbells quickly).

What Mr. Cox and Mr. Kedge ought to do is to see other handbell teams in action, preferably at the October rally of handbell ringers being held at Ashton-under-Lyne Grammar School, then they would see teams of from three to fourteen players and using from 12 to 170 bells. From their observations I think then they would quite clearly see that there is no hard and fast rule.

If, however, this fails, then I suggest that the Knowle team tackles two tunes of differing beats and speeds and rings them before an audience. If both are rung well, I don't think an appreciative audience will clap more loudly for either tune. I myself with my school team at Hunslett, Chapelton, have embarked on a programme of differing tunes, these being versions of "Jesu, Joy of Man's Desiring," "Winchester Cathedral," "Summertime" (Gershwin) and "Morning Town Ride." How they will work is anyone's guess! But only by contrasting tunes can handbells be rung to their full capabilities, whether slowly or quickly.—Yours faithfully,

MICHAEL KING.

LEST WE FORGET!

Dear Sir,—It is interesting to see that Mr. Tubb is quoting "Berkeley, Glos" under his recent epistles. To the uninformed, this is his place of employment—he lives at Filton, Bristol. Still, I suppose it does make a refreshing change to think that he has managed to get his own name right this time. A year ago his acrimonious correspondence was published under the pseudonym "Plain Hunt."

Mr. Tubb seems to possess a rather short memory or is screaming a little belatedly over the Bristol Society. He appears to have forgotten that he rang a peal of Stedman Triples at St. George's, Bristol East, on Good Friday, 1966, which was accredited to the Bristol Society with his full knowledge and consent. After the peal each person, including Mr. Tubb, donated one shilling, which was given to the Vicar for the tower rope fund. He either entered blindly into something without first finding out what he was letting himself in for, or he agreed at the time and has later turned sour. I think I can say without much doubt that the latter is more accurate.

Since Mr. Tubb seems so interested in who the officers are I suggest he condescends to emerge from hiding and spend a little of his spare time in supporting Bristol ringing functions—he would then be able to meet them in person.—Yours faithfully,

D. J. HUNT.

CONGRATULATIONS

Dear Sir,—May I congratulate the band who rang the 10,032 Plain Bob Maximus on Christmas Eve. To put the record straight, I must remind R. B. S. that a handbell peal of 5,376 Kent Maximus was rung at Hampton, Evesham, on November 21st, 1923, in 3 hours and 20 minutes, which was composed by Arthur Knights and conducted by Joseph D. Johnson. The bells were size 20 in E.—Yours faithfully,

G. J. HENNING.

Evesham.

Note.—Also to send congratulations is William Shepherd, of Addlestone, who took part in 14,031 Stedman Caters in 7 Hours and 3 minutes on June 1st, 1912; 19,738 Stedman Caters in 9 hours and 32 minutes on August 31st, 1912; and 13,139 Grandshire Caters in 6 hours and 34 minutes at Bournemouth on January 31st, 1953.—Ed.

CHRISTCHURCH CATHEDRAL, N.Z.

Dear Sir,—I have just received from my New Zealand friends, Nelson and Rita Sloan, a most delightful gift in the form of a book entitled "Bobs and Singles at Christchurch Cathedral, New Zealand." The book contains the history of the Christchurch Cathedral Society of Bell Ringers. I understand that 500 copies have been printed and it will shortly be advertised in "The Ringing World."

I would like to take this opportunity of congratulating Mrs. Patricia Ward, the writer of this excellent work, and thank her and all other members of the Cathedral Society who have helped to make it possible for the book to be made available to the Exercise.—Yours sincerely,

NORMAN V. HARDING.

King's Lynn.

"PETER" OF EXETER AND LLANDAFF

Dear Sir,—It was suggested that I might like to comment on the story that five of the Exeter bells were exchanged for "Peter" in 1484. It seems to be a very old story and like most old stories probably contains some element of truth; I think that there may have been some such transaction but I can't see how it can have concerned "Peter" as a complete bell.

The inscription on the bell of 1484, repeated by Purdue in the 1676 recasting, is:—

Plebs Patriae Plaudit dum Petrum Plenius Audit.

Ex Dono Petri Courtenay Episcopi Exon Anno Dom 1484.

Now if the bell came from Llandaff in 1484, how can it have been a new bell in 1484, as the inscription implies? Moreover, the Latin rhyme is one which is almost exactly the same as one very frequently used by the Exeter founders from about 1440 until the Reformation, for it was one of their "stock" inscriptions. This being so, I have no doubt at all that the bell was cast in Exeter, and it may not be a coincidence that the Exeter founder of that time, Robert Russell, was Mayor of the city the following year.

But the Cathedral Fabric Rolls contain entries from 1329 onwards referring to a bell called "Peter," and I can hardly believe that the foundation dedicated to St. Peter can have gone on for over 400 years without a bell named after its patron saint, and that one of the biggest.

It seem, then, that Russell recast "Peter" in 1484 from an older bell; but it is not unlikely that some exchange was made with Llandaff involving extra metal to make him bigger, and that Bishop Courtenay may have made the Llandaff metal part of his contribution to the work.

Until the last century, incidentally, the name "Great Peter" was never used. He was either "Peter" or "The Peter Bell." The name "Great Peter" properly belongs to York Minster.

The new cover design is first-rate; to put the old heading above these excellent pictures would ruin them.—Yours faithfully,

JOHN G. G. SCOTT.

Newton St. Cyres.

"A GREAT PERFORMANCE"

Dear Sir,—I write to congratulate Mr. Peake and his hand on their brilliant achievement in ringing the peal of 150 Surprise Major methods.

When we rang the peal of 148 Minor methods at Ashbocking in July we certainly expected our record to be beaten in a short while but I am quite sure that nobody expected a Major band to pass our total.

Yes, a great performance and one which reflects great credit on Mr. Peake for the obvious enthusiasm and hard work he has put into these peals.—Yours sincerely,

HOWARD W. EGGLESTONE.

Henley, Suffolk.

LEICESTER DIOCESAN GUILD

The A.G.M. of the Syston District was held at Syston on January 14th, attendance being 74. Ringing on the eight bells preceded the service, which was from the Guild's proposed service booklet. The Vicar (the Rev. C. Wall) officiated. Tea was taken in the Red Cross Hall.

Opening the business meeting the chairman (Mr. J. M. Morley) thanked the Vicar, Mr. Holmes (the organist) and the ladies who had prepared tea. He was sorry to hear that Mr. E. F. Payne had retired from being Ringing Master of the Syston tower, but was pleased that his son had taken over the post.

The secretary (Mr. F. W. Faulkner) reported that in 1966 there had been 37 new members elected (10 adults, 27 juniors); paid up members were 82 (69 adults, 13 juniors). The average attendance at Saturday meetings was 39, and for evening practice meetings 27. He hoped that the ringers would help the learners as much as possible.

The Ringing Master (Mr. B. S. Payne) reported that the accent at meetings had been on assisting learners and therefore "rounds" played a prominent part. The more experienced ringers have been very helpful in this, and the large number of new members this year shows that it has all been worthwhile. He had noticed, however, a tendency to ring the handstroke lead too quickly and then an attempted correction by holding up the backstroke, which was the wrong way. Good rounds were not easy to ring. Method ringers should avoid the temptation to regard rounds as an unimportant preliminary. If the correct beat was not established the change ringing would not be good. He urged conductors not to call "Go" until good rounds were achieved.

There seemed to be a lack of conductors in the District and perhaps an afternoon session could be arranged for advancing conducting. There was a temptation to leave all the conducting in a tower to one person. They should not be satisfied until every member of the band could call something.

Methods rung during 1966.—Doubles: Grandsire, Plain Bob, Stedman, Reverse Canterbury, Reverse St. Bartholomew, April Day, London Single, St. Simon's.

Minor: Plain Bob, Little Bob, Double Bob, Oxford Bob, Reverse Canterbury, Grandsire, Double Court, St. Clement's, Kent T.B., Oxford T.B., Cambridge S., London S., Norwich S., Beverley S., Surfleet S., Primrose S., Bourne S.

Triples: Grandsire, Plain Bob, Stedman, St. Edmundsbury.

Major: Plain Bob, Little Bob, Double Norwich, Kent T.B., Cambridge S., London S. Officers elected for 1967 were: Chairman, J. M. Morley; secretary, F. W. Faulkner; committee, M. E. White and D. Lowe; Ringing Master, R. A. Clarke; Deputy Ringing Master, Miss J. H. Cox.

Thanks to the chairman and secretary were proposed by Mr. B. S. Payne, and Mrs. Smalley thanked the ladies who had prepared tea.

OBITUARY

MR. ALBERT BATES

The death took place at Farningham, Kent, on December 30th, after a short illness, of Mr. Albert Bates, one of the oldest members of the Kent County Association, at the age of 81.

Mr. Bates never hit the headlines in "The Ringing World," but he gave a lifetime of service to Farningham and Eynsford towers. He probably learned to ring at Eynsford as a boy, when they had a ring of six, with a band who, at the end of the last century, taught themselves to ring from scratch and who become proficient ringers in the plain methods. With the addition of a new treble to the then ring of five at Farningham in 1903, he took charge of the tower and with varying degrees of success maintained a band there ever since.

For most of his working life Mr. Bates was a gardener and a chauffeur and, apart from service in the Royal Naval Air Service and the Royal Air Force in World War I, he lived at Farningham all his life. A quiet, self-effacing man, he was a familiar figure at meetings of the Lewisham District, to which he would often bring his set of ancient cup handbells with boxwood clappers, which taxed the ingenuity of competent handbell ringers on many occasions.

His peals, all in the plain methods, were not many—he may have rung one or two at Dartford, where a brother of his (killed in an accident about 1930) was a ringer, the remainder being at Farningham, Eynsford or Shoreham. Our sympathy is extended to his widow and to his daughter, Mrs. Scott, whom he taught to ring at Farningham. E. B.

MR. FREDERICK C. BOREHAM

Lavenham has lost yet another of its ringers by the sudden death of Mr. Frederick Charles Boreham on January 16th.

Fred learned to ring during World War I and had rung regularly at Lavenham tower till a few weeks before his death. To coincide with the deceased's age the tenor bell was rung 67 times, and at the burial service, which took place at Lavenham Church on January 22nd, 20 ringers were present, including M. T. Symonds (Ringing Master) of the local company, and Miss E. Cansdale, District secretary. In the evening touches of Plain Bob, Kent and Grandsire Triples were rung on the tower bells with half-muffled clappers as a last mark of respect. M. T. S.

BISHOP HARVEY

The bells of St. Patrick's Cathedral, Dublin, were rung half-muffled for the burial service of the Rt. Rev. T. A. Harvey, former Bishop of Waterford and Dean of St. Patrick's (1933–35), who died on Christmas Day.

As a student at Dublin University in the 1900's he was capped for Ireland at rugby, cricket and athletics and had the enviable distinction of having caught and bowled Dr. W. G. Grace.

MR. C. E. RICHINGS

We regret to record the death on January 10th of Mr. Charles Edward Richings, who was tower captain at Leckhampton, Glos, for nearly 20 years. He had been in poor health for just over a year but continued to ring as his health permitted, having been in church on the Sunday evening previous to his death.

Mr. Richings was well known locally and, though not a prolific peal ringer, had served Leckhampton Church faithfully for very many years.

At his funeral service at Leckhampton on January 13th the bells were rung half-muffled by ringers from his own tower and from Badgeworth, Charlton Kings and Cheltenham Parish Church. Past and present members of Leckhampton tower rang a memorial quarter peal on the same evening.

MR. HAROLD WHITE

A member of a well-known ringing family, Mr. Harold White, of Basingstoke, died on December 30th at his home in Worting Road. He enjoyed Christmas thoroughly, but on December 30th he decided to have a day in bed and passed away the same evening.

Harold was the only son of Mr. Henry White, who was well known in the Winchester Guild and one of the founder members of the Central Council. He had four sisters, Alice, Dora, Nellie and Delia; the first two became famous for their peals in the 1890's. Harold was progressing with ringing but was called up in the first world war, and he lost his father in 1918. He served in the Post Office but did little ringing, and probably his last visit to a tower was to have a ring at Guildford Cathedral. Our sincere sympathy goes to his widow, Mrs. Eileen White, and his two children, Sheila and John. W. S.

MR. SIDNEY PROCTOR

The band at St. Wulfram's, Grantham, has lost another of its older members with the death on January 13th of Mr. Sidney Proctor at the age of 78.

When I joined St. Wulfram's band in 1937 I quickly formed the impression that I would never completely measure up to Sidney's exacting standards, the acme of which appeared to be the mastery and perfect striking of Stedman Triples and Caters. In ringing under his leadership the reward in having taken part in a well-struck touch was found not only in the personal and collective achievement, but in Sidney's quiet but obvious pleasure.

In recent years his activities had been curtailed but his brain was as active as ever. The last time he rang was at a quarterly meeting at Heydour in July, 1965, when he conducted a near-perfect 252 of Stedman Triples from the 2nd after a lapse from ringing of six or seven years.

It is interesting to note that although his main interest was in Grandsire and, to a greater degree, Stedman, he was mentioned by the late Ernest Morris in his work "The History and Art of Change Ringing" in connection with a Surprise method. He also took part on December 28th, 1929, in the first peal of Maximus at Lincoln Cathedral. This peal of Cambridge Surprise was the first of Maximus for the Lincoln Diocesan Guild and was conducted by that legendary figure the Rev. H. Law-James. Sidney's peal total was roughly 100, of which he conducted 50 or so.

A quarter peal of 1,241 Grandsire Caters was rung on the half-muffled bells of St. Wulfram's, Grantham, to his memory on January 19th by the following: D. A. Frith (conductor) 1, V. P. Evans 2, G. Vinters 3, Mrs. H. Ketteringham 4, F. W. Pinchbeck 5, T. A. Relf 6, J. R. Holmes 7, H. L. Squires 8, H. R. Woods 9, K. Ketteringham 10.

T. A. RELF.

LONDON COUNTY ASSOCIATION

An enjoyable nomination meeting was held on January 14th, with ringing at St. Giles', Camberwell, and St. John's, Deptford. The hospitality of the local company at Camberwell was very greatly appreciated.

At the well-attended business meeting, nominations for the officers for the coming year were: Masters, H. W. Rogers and C. M. Meyer; Deputy Master, D. Hewitt; hon. treasurer, W. G. Wilson; hon. secretary, Miss V. E. Dupré; assistant secretary No. 1, L. Way; assistant secretary No. 2, C. Dalton; senior steward, A. F. Udall; junior steward, Miss J. Spurgeon; trustees, J. H. Lott and C. A. Hughes.

The election of new members included the Misses Rosemary Cotton, Ann Griffith and Jennifer Murphy. Messrs. John Bull, Jeremy R. Pratt and Alan J. Taylor.

Our thanks to the incumbents of both towers and to Mr. and Mrs. Oakley and Miss C. Jones for their excellent hospitality.

Some New Touches of Grandsire Doubles

By ANTHONY P SMITH

In spite of the fact that much Grandsire Doubles is rung, there are very few different touches called. This is a pity, because Grandsire has a large number of touches of varying length even in the Doubles stage.

This collection is the result of a complete analysis of the touches in the method. No originality is claimed for any of the touches. Even-length touches can be called starting from any lead giving a total of 83 different touches.

PLAIN HUNTING IN CRAVEN

EARLY in 1966 the Western District of the Yorkshire Association debated the proposal that evening practice meetings be held with the primary aim of encouraging learners and providing them with opportunities for advancement.

Ringers reading this will probably smile cynically and mutter "Yes, and I wonder how many turned up!" In fact the first practice meeting held at St. Matthew's, Holbeck, would fully justify such cynicism.

However, the immediately following September quarterly meeting was, as it so happened at Skipton, and the dismal tale of the Holbeck disappointment was recounted. Imagine the reactions of the officers organising the practice meetings when members from the Craven area expressed a keen desire for such practices to be held.

The scene now moves to Kildwick (a lively eight midway between Keighley and Skipton, and the date to early October. Approximately 30 ringers fill the tower and the night calm is rent by plain hunting, call changes plus Plain Bob and Stedman. The standard of striking is less than desirable, but the enthusiasm apparent compensates.

November came and with it a practice at Ilkley. Progress was discernible in the standard of the ringing and also in an extended vocabulary of methods. One felt Jasper Snowden would have approved.

The most recent practice, held on the fine-tuned eight at Skipton fully confirmed the decision to hold these meetings. As well attended as many quarterly meetings, both by learners and the more experienced, an evening of solid ringing took place. As far as one can see, and hope, these monthly practices are likely to become a permanent feature in the Skipton area. Naturally the success of these is very much a joint affair—the core of experienced ringers which has made these possible must be enlarged and one hopes that increasing numbers of learners will come along.

Presumably one should try and seek a moral in this story? Several spring to mind from "taking a horse to water..." to Doctor Johnson's definition of a second marriage "the triumph of hope over experience!"

However, perhaps the important factor is that whilst many ringers may "need" help, it is only with those that "want" help that ventures of this sort can become a success.

SUFFOLK GUILD

N.W. District

The N.W. Suffolk ringers met at Barrow on January 14th and were warmly welcomed by the Rector and Mr. Rawlings, a ringer and churchwarden. Mr. John Underwood, the new District Ringing Master, had a band of young recruits from Barrow with him and three were made members of the Guild. The service was taken by the Rector, who gave a most appropriate address. Tea was served in the Church Room, for which Mr. Rawlings and his helpers were thanked. This was followed by tunes on handbells by Mr. Rawlings and his team and Plain Bob Major by Messrs. A. Balham, J. Underwood, George Pipe and Andrew Beckworth.

At the quarterly meeting, with Mr. C. Hancock in the chair, Mr. George Pipe, the Guild Master, spoke appreciatively of the work done in this sparsely populated district, and Mr. Andrew Beckwith, Guild secretary, also spoke.

Members were reminded that the Suffolk striking competition will be at Horringer on May 6th.

BELFRY GOSSIP

After 46 years in the electricity industry Mr. G. E. Fearn, the secretary of the St. Martin's Guild, has retired.

Mr. Robert E. Harding writes correcting Kent friends. Elstree is in Hertfordshire and the weight of the tenor is 6 cwt, 1 qr. 26 lb. in C.

The dinner in celebration of the 90th anniversary of the founding of the Durham and Newcastle Association will take place at St. Aidan's College, Durham, in September.

Details of a quarter peal rung in the Exeter area was recently sent to the local newspaper stating that the performance was by the local band. The news item was headed "Local Bandsmen Ring Quarter Peal."

The quarter peal at Beaconsfield to honour the golden wedding of Mr. and Mrs. Harry Wingrove was rung following a peal attempt breaking down after an hour's ringing. The band was afterwards entertained to tea by Mr. and Mrs. Wingrove.

One of our Lancashire correspondents desires to make the following peal corrections (page 48, column 2): Standish peal, Keith Livsey should read Keith Lister; Farnworth peal, Roy Collier should read Roy Jolley. Apologies to all concerned.

Chiddingfold handbell ringers collected £16 10s. for the Lifeboat Institute over Christmas.

Mr. Ernest J. Rowe, of Tottenham, has now rung in all the possible towers in Kent. (Special information for the Rev. P. N. Bond and Mr. Ian Oram.)

The peal rung at St. Margaret's, King's Lynn, on September 8th, 1955, and referred to on page 42, was Grandsire Caters by Frank Lufkin, and not as stated, writes Mr. Norman V. Harding.

Mr. J. H. Musson received congratulations from the Rector for some fine ringing in a peal at Horbling on December 27th. The band contained two first attempts and a first "inside."

At St. Ebbe's, Oxford, on January 5th, Mr. William Birmingham rang his 50th different Surprise Major method (Quornden) to a peal and his 350th for the Oxford Diocesan Association.

Correction to peal of Plain Bob Major rung at Wellington, Somerset, on December 10th (page 9). The footnote should read: First peal on eight bells for ringers of 2, 3, 4, 7, 8. First peal of Major 5, 6.

A BEACONSFIELD GOLDEN WEDDING

On January 11th Mr. Henry Wingrove, foreman at St. Mary and All Saints' Church, Beaconsfield, and his wife celebrated their golden wedding. They were married at Holy Trinity Church, Kilburn, in 1917.

Harry was born 73 years ago of an old Beaconsfield family, whose history he can trace back for 500 years. As a boy he sang in the Parish Church choir and on leaving the choir he learned to ring. He became a member of the Oxford Diocesan Guild in 1911, and has given many years of service to his church. Many older ringers will remember his prowess as a conductor of the many Surprise methods composed by Gabriel Lindoff.

On the evening of the 11th Harry and his family entertained numerous friends and the local ringers at their home in Malt-house Square, where a good time was enjoyed by all. Many good wishes were expressed to the happy couple. During the evening some touches were rung on the tower bells and also on handbells.

On Saturday, January 14th, a quarter peal of Cambridge Surprise Major was rung at Beaconsfield, and a peal was rung at Hughenden on Monday, January 16th, in honour of the event. The quarter peal band was entertained to tea on the 14th. D. M.

ST. KATHERINE'S SOCIETY REUNION

The day (January 7th) started with a peal tempt of Yorkshire at Battle, Sussex, unfortunately called round after nearly an hour because of the poor quality of the ringing. However, this enabled a quarter to be scored. Coffee was then taken through the hospitality of Mr. and Mrs. Smith.

During the afternoon ringing took place at Westham and Eastbourne (St. Mary's, St. Saviour's and Christ Church). Methods rung ranged from Grandsire to Surprise Major. Perhaps the highlight of the ringing was a course of London on the difficult heavy eight at St. Saviour's; an attempt or spliced at Christ Church unfortunately came to grief.

We then descended on the Baldocks' home at Westham to enjoy a sumptuous spread prepared by Christine. The evening was spent listening to records, and tape recordings of ringing, interspersed with handbells, and drowned at times by campanalogical chantings from the sofa.

Owing to large distances to be travelled the evening came to an end about 10.30. Many thanks to Alan and Christine for putting up such a good show. Let's hope next year's culprits will do as well.

(Tour this year: Cornwall, September 2nd to 9th—all members please note.)

MEMORIAL TO OLD WOKING RINGER

A memorial plaque has been erected in the ringing chamber of Old Woking Parish Church to the late Mr. James Brackley. Mr. W. Shepherd informs us that there is in the tower a photograph and his record of service in tower and choir for 62 years (1904 to 1966). Mr. Shepherd called "Jim's" first peal at Horsell on May 20th, 1911, and one of his last peals, at Staines in 1946, is recorded on a peal board at St. Peter's Church, Staines.

Theale, Berkshire, ringers have been busy on behalf of their restoration fund. A whist drive realised a profit of £12; a gentleman in Salisbury who read of their money-raising efforts sent them a donation.

The Salisbury Diocesan Guild Festival will be held at Fordington St. George in May.

WELL DONE, THE WIRRAL

An example of concerted effort to improve ringing standards comes from the Wirral peninsula. This week's issue contains ten peals from this area, in which 47 members of the Wirral Branch participated. Nineteen rang their first peal, there were two firsts as conductor and six rang their first peal of Major. Of the peals four were on eight bells and six on six bells. Another pleasing feature for those who have to see that "The Ringing World" is solvent was a cheque for £1 14s. —at the rate of 6d. a rope per peal.

Mr. Alex J. Martin writes: "The peals were arranged to enable some of the Branch Sunday ringers, who surely have an opportunity for peal ringing, to ring a peal. It was intended to complete the programme within a month, but lost attempts, rearrangements and clashing of dates made this impossible."

RUSHDEN NO LONGER A SILENT TOWER

For some time now the bells of Rushden in Hertfordshire have only been heard when ringers from nearby Sandon have come over to ring for a service. Now Rushden can boast of a band of its own, thanks to the hard work of Mr. L. Hatchett, from Sandon, who has painstakingly taught a group consisting of six adults, one girl and three boys, the children all being under 14.

The band can now ring Plain Bob Doubles but would appreciate a visit from any of the ringers in the area on practice nights (Thursdays, 7.30 p.m.).

PEALS AT WITHYCOMBE RALEIGH

With regard to the 50th peal at Withycombe Raleigh Mr. W. Shepherd writes that on Aug. 7th, 1900, he rang his first peal there and the only local ringer was Adolphus H. Snow, who rang the tenor. On April 13th, 1903, he had the pleasure of conducting a peal there, the band including Julius and Ernest Snow, William J. Manley, John R. Hayman and Harry T. Burch. Sixteen years later (July 19th, 1919) John R. Hayman conducted a "Peace" peal and, being on holiday, Mr. Shepherd was invited to take a rope "A lucky tower for me," concludes W. S., "no failures in peals or quarters."

DUKE'S AWARD A SPUR AT GUISELEY

Guiseley, in the West Riding, is the Friday night practice venue for a number of enthusiastic ringers from neighbouring towers. Youth is much to the fore, and "The Ringing World" in the past has chronicled such events as the ringing of Yorkshire Association qualifying 720's of Bob Minor.

In the same method, but for a different purpose, was the recent ringing of a 480 containing six hobs and two singles. Readers may query the importance of noting the number of calls? However, those who are familiar with the Duke of Edinburgh's Award Scheme will appreciate that the calling of a touch containing a minimum of six calls may comprise part of the silver level award.

Thus, with the completion of 480, Ivor Stevens, of Otley, completed a further step towards his silver level award.

BUCKLEBURY'S VETERAN

A fine record to St. Mary's Church, Bucklebury, Berks, has Mr. A. Hawkins, for whose 80th birthday a quarter peal of Stedman Triples was rung on January 15th. He is a regular member of the Sunday service band, a service he has undertaken for 45 years, also for 30 years a chorister and 28 years sexton. Congratulations, Mr. Hawkins.

A MILESTONE FOR ESSEX UNIVERSITY

The quarter peal of Bob Minor rung at Wivenhoe in January represents a milestone in the progress of the University of Essex Society, as it was the first by a band drawn entirely from the University. It contained two first quarters and two firsts for several years by two others.

At a meeting held recently, the following were elected into office: President, Michael J. Bew; vice-president, John Mattingly; secretary, Helen Millward, and treasurer, Abby Ballinger.

Mr. Brian Downie, last year's president and founder of the Society, is to be greatly thanked for getting things so efficiently off the ground before taking on the greater burden as president of the Students' Union this year. Thanks must also go to Mr. Harry Millatt, of St. Peter's, Colchester, for his help and encouragement in bringing on our recruits, and to the ringers of St. Leonard-at-the-Hythe, Colchester, for strengthening our practices once a fortnight at St. Peter's. M. J. B.

50th QUARTER PEAL AT MARCH

With the culmination of a quarter peal of Bob Doubles recently March bellringers recorded the 50th quarter at the tower. A happy coincidence was that Miss Anne Readshaw, who rang her first of this length very well, was the 25th person to achieve a quarter peal at St. Wendreda's Church, since the first peal was rung a few years ago. Two full peals have also been rung by March ringers, and two half peals.

All but three of the quarters have been rung on Sunday mornings. Ten methods from Grandsire Doubles to Cambridge Surprise have been employed. In the last 20 years over 100 young people have been trained to ring the bells, and the tower has three teams at present—18 ringers, including a girls' team, one lass of whom is an ardent Methodist. Together with young ladies from March and Whittlesey, March High School has 18 pupils who are keen ringers, a number having already rung quarter peals. Is this a record for a girls' school? Despite the fact that March bells, being on the weighty side, are not exactly easy to ring, some excellent quarters have materialised, and all concerned are looking forward to the 100th!

IRISH NEWS

After ringing his first quarter peal on tower bells on January 11th at SS. Augustine and John's, Dublin, Mr. Paddy Mills recalled being a member of the band at St. Paul's, Arran Quay, until the bells were rehung for chiming in the early 1930's. With Jim Reynolds he learned change ringing on handbells in the John's Lane band when Dr. and Mrs. S. E. Darmon rang there in 1950.

A BATTERSEA OCCASION

Friday, January 13th, was a "Battersea occasion" at Southwark Cathedral, when the ex-Rural Dean of Battersea and Vicar of St. Barnabas', Clapham Common (Canon R. V. Bazire), was installed as Archdeacon of Southwark. After the service the Battersea ringers and friends rang a quarter peal of Grandsire Caters to celebrate the event and included in the band were two of the new Archdeacon's ex-choirboys (Bob Cooles and Jeremy Pratt).

ESSEX ASSOCIATION

Halstead was the venue chosen for the Northern District's annual general meeting on January 14th, when many methods up to four-spliced Surprise were rung.

After the service, conducted by the Vicar (Canon A. W. Swallow), the company adjourned to the Church Hall for tea.

In his report the Master said that 13 peals had been rung in the District during the year, a highlight of which one was in 145 Minor methods at Rayne—at that time a record. They were pleased to welcome the band responsible at their meeting. Two members rang their first peal and seven their first quarter.

Mr. R. J. Lindsell was re-elected Master and Mr. R. Threadgold elected secretary on the retirement of Mr P. Wood from this office.

A WORPLESDON GOLDEN WEDDING

By the presence of the immediate Past Master (Mr. D. A. G. May) as conductor, the felicitations of the Guildford Diocesan Guild were conveyed to Mr. and Mrs. S. Petter on January 13th by a peal of Minor in four methods rung at St. Michael's, Pirbright. It was the 50th anniversary of their wedding, which took place on January 13th, 1917, in the neighbouring Church of St. Mary, Worplesdon, where Sam was captain of the ringers for many years.

Sam was born at Rogate and came to Worplesdon from Milland, where he first became interested in ringing at the age of 19. Now 89 years of age, the same age as his wife, he is no longer a regular ringer at St. Mary's but he rang there on the Sunday morning before the anniversary. Mr. Cherryman, another well-known local ringer, motors Mr. Petter most Sunday mornings to church so that he can sit and listen to the bells that have given him so much pleasure over the years. J. C.
