OUR COVER PICTURE

St. John's Church, Perry Barr, Birmingham

By RICHARD J. TIBBETTS, Tower Captain

ON the first of February this year an appeal was launched by the Parish of Perry Barr to raise £8,500 for work on the fabric, organ and bells.

The building of the church commenced in 1831, under the generous benefaction of John Gough, of Perry Barr, John Gough was, however, the last of his line and only the grounds of Perry Hall remain, as part of the playing fields system of the City of Birmingham. The church was regarded as one of the gems of the County of Stafford, lying as it did on a gentle bend of the River Tame, with a commanding view from its tower of farming in the valley.

The Industrial Revolution caused many changes in the valley. The Tame, once stocked with fish, is now no better than an industrial sewer. Birmingham was forced to extend her boundaries. In 1911 the urban district of Perry Barr was absorbed into the environs of Greater Birmingham. By 1927 the Birmingham Extension Act had ended the urban district, and parts of Perry Barr were allocated to Birmingham, West Bromwich and Sutton Coldfield

The majority of the Parish of Perry Barr was taken under the auspices of the Diocese of Birmingham. Since the 1930s housing estates have sprung up around the church. The population has increased in consequence and daughter parishes have developed within the original bounds of the St. John's Parish.

The bells were placed in the tower in 1868 so that the sound of them, calling successive generations to Sunday service, has echoed over the changing face of the parish in its transition from fields to flats.

Cast by John Taylor, the bells are an octave, the tenor weighing 13 cwt. 2 qr. 17 lb., in the key of F sharp. The inscriptions on the bells are:-

Treble.—Laus Deo in Jesu Christo.

2nd. — Gloria Patri Filioque et Spiritu

3rd. — In Loving Remembrance, John Fawkener Winfield.

4th.—Taylor and Co., Founders, Loughhorough.

5th.—Presented by Mrs. Dickenson.

6th.—Presented by R. W. and Mrs. Winfield, Rev. C. B. and Mrs. Snapp, Rev. Phillip and Mrs. Brown.

h.—The Rev. C. B. Snapp, vicar. John Gilbert, Henry Davenhill, churchwar-

Tenor. — This peal of bells erected in memoriam Frederick Lord Calthorpe, 1868, by friends and Parishioners of Perry Barr. Laus Deo.

Although the bells had been rung more or less continuously since their installation. they fell silent during the late 1950s, the increasingly bad "go" of the bells possibly being a major contributory factor.

The nucleus of the present band was started in 1963 by the happy coincidence of churchgoers wishing the bells to be rung again and the arrival of an enthusiastic and competent instructor in the form of David Purnell. Despite the difficulty of ringing the bells, a band of mainly young people was established, and since then it has consolidated on the initial framework.

In 1965 the band formed the St. John's Society and a constitution was drawn up. Each year the Society holds several outings, designed to give experience to the younger members. An annual dinner at the Vicarage is now a well-established tradition; this year we were pleased to welcome the secretary of the St. Martin's Guild. Sunday service ringing has been maintained with very little break since the band was re-formed and it has figured regularly in the quarter peal columns of "The Ringing World". The present objective is to ring a peal on the bells before work on them commences.

The bells, urgent though their need is, must obviously take second place to the requirements of the fabric. The ringers, however, are anxious to raise as much money as they can for the restoration of the bells. Various schemes dealing with the future of the bells are at present under analysis, but they all have one factor in common: we need money urgently if the bells are to be restored before they are ultimately declared unfit to be rung.

To help raise money for the bells the majority of the fees charged for weddings are placed in the Bell Fund. Over the past year the fund has been bolstered by the sele of greeting cards and stationery. We sale of greeting cards and stationery. We hope to hold a Ringing Festival at Perry Barr in late July, depending on when the bells can be dismantled.

Will you help to further the tradition of ringing at Perry Barr by sending a donation to the Bell Fund? By subscribing to this venture you will undoubtedly further the venture you will undoubtedly further the art of change-ringing and prevent a tower from falling silent on Sundays. All contributions will be personally and gratefully acknowledged, and should be addressed to the tower captain, Richard J. Tibbetts, 54, Sandringham Road, Perry Barr, Birmingham, 22B.

BEVERLEY AND DISTRICT SOCIETY

The Society held its A.G.M. at Beverley on February 8th. Members met for afternoon ringing, after which they adjourned to the Parish Hall, where Mr. W. F. Moreton (general secretary of the Yorkshire Association) presented the Albert Sellers Memorial Cup to St. Mary's, Beverley, who were the band judged by the Ringing Master and cup committee to have made the most progress in committee to have made the most progress in 1968.

Sixty-seven members and friends sat down for tea, after which the business meeting was held. The annual report was presented and approved, and the following officers were elected: President, Mr. K. Kirk; vice-president, Mr. N. W. Castle; secretary and treasurer, Mrs. D. S. Johnson; assistant secretary, Miss J. Gray; Ringing Master, Mr. R. Ducker; assistant Ringing Master, Mr. N. Pailing; the committee—Messrs. J. I. Booth, J. Brook, J. Chaddock, R. Horton and D. S. Johnson.

Seven new members were elected.

After the meeting there followed a short service and ringing until 9 p.m.

REFORM OF CENTRAL COUNCIL URGED

GUILDFORD GUILD'S ACTION

GUILDFORD Diocesan Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guild at its annual meeting on March 8th at Guildford Cathedral Processor Guildford Cathedral Process dral Refectory expressed itself in no uncertain terms in favour of a more business-like approach towards the meeting of the Central Council. It was contended that the meeting should have priority over ringing and social functions.

Without dissent, the following motion was passed to be forwarded to the secretary of the Council for inclusion in the Council's agenda for its meeting at St. Albans on May

"This Council instructs the Standing Committee to examine the constitution of the Council and to make recommendations with a view to ensuring that the business of the Council, particularly at its annual meeting, is completed in a satisfactory

Moving the resolution, Mr. Douglas A. R. May said he had been a representative on the Central Council for the last six years, but what he had seen of that body he had not really liked. There were ringing things he liked and also the pleasure of meeting people whose names frequently appeared in "The Ringing World". His general impression was that it was a very good ringing week and good social evenings and a little time tacked on for business. There was a tremendous waste of time because the business meeting was left until the end. At Worcester "Any other business" was cut down to five minutes and the general secretary to the Council had enough of Moving the resolution, Mr. Douglas A. R. general secretary to the Council had enough of his own for 15 minutes.

EARLIER MEETING

"I would like to mention how I think the arrangements could be improved. First of all attangements could be improved. First of all think the time of the meeting should be altered from Tuesday to earlier in the weekend. The motion is an instruction to the Standing Committee and they should consider this thing and arrange for the ringing to take place after the meeting and not before

Another matter was that he would like to press for the Central Council to appoint a chairman in addition to its president. Without mentioning any names, in the past some presidents had made poor chairmen. "We want a chairman elected for his high ability in the

REDUCE MEMBERSHIP

Another thing was to cut down the number of representatives sent to the Council. Non-territorial members in general ought to be cut out. Certain Associations like the London County had only one subscription—when joining. At their meetings they would not get more than 20 to 25 members and yet they had four members. They had to go to the Oxford Guild for members to represent them.

A voice: He was not elected at the annual

meeting.
Mr. J. F. M. Maybrey seconded and said he agreed wholeheartedly with what Mr. May had said in general terms. It should go to the Standing Committee.

Mr. W. Viggers, another member of the Council, said he agreed with what had been

Mr. P. G. Sherwood said the main problem

Mr. P. G. Snerwood said the main problem was too many members on the Council. It they cut the number down it would be useful. Mr. T. W. White pointed out that the Central Council had very little income of its own and the main source was the affiliation fee of 10/- per representative. If the number of representatives was reduced there would have to be a very substantial increase in the affiliation fee, probably fourfold or more, and with small Guilds or Associations this would be a hard-ship. For the 10/- per member from affiliated bodies the service rendered was remarkable when the size of the reports was taken into consideration.

The motion was carried nemine.

PEALS AND ELECTION OF MEMBERS

There was a long discussion on an amendment of Rule 14, to read: "Members may be elected at any Guild or District meeting. The election of a member may also take place before a peal which it is intended to ring for the Guild provided there are present at least three members who reside within the diocese or who

ring regularly on Sunday at a church within the diocese. The election is subject to con-firmation at a Guild or District meeting." Winding up the debate, Mr. D. A. R. May said the Executive Committee considered this

carefully and thrashed it out at length. First of all, Mr. Church took the view that peals in their towers should be for their Guild. The executive came down on this: The present rule required a majority of members to be present before an election could take place. The re-vised rule required three members present but it would be necessary for them to be resident members

An amendment submitted by Mr. Michael Church was defeated 35 against and 11 for,

and the motion carried.

During the discussion there was strong sentment to a peal having been rung in Guild-ford for the Yorkshire Association. It was regarded as an act of discourtesy.

25% IN ARREARS

Presenting the report the Master, Mr. Peter G. Smart, said one of the important features of the report was membership, which showed little change compared with 1967. In 1967 they had to note that 17 per cent, had not paid their subscription; this year the situation had worsened and was 25 per cent. This was a serious situation; it could be that 25 per cent. were no longer interested, but he did not think it was true. He asked members in arrears to pay their subscription: it was important as subscriptions were their principal form of in-

COSSES BY DEATH

The members stood while the following who had died since the last report were remembered: Miss N. Bragg (Aldershot). Messrs, F. C. Hagley (Witley), W. Jelley (Holy Trinity, Guildford), S. Petter (Worplesdon), F. Radford (St., Nicolas', Guildford) and W. J. Robinson (Holy Trinity, Guildford).

There were 36 peals rung during the year, the same number as in 1967. They were rung in 22 towers (23 in 1967) by 138 members (119) in 21 different methods or numbers of methods, Fifteen members rang their first peal (six) and two (Messrs, A. D. Elsmore and R. D. Mills) their first as conductor, Mr. R. Col-(six) and two (Messrs, A. D. Elsmore and R. D. Mills) their first as conductor. Mr. R. Collins rang his 100th peal and Mr. M. J. Church his 50th. The four peals rung on February 10th were specially arranged to mark the 40th anniversary of the Guild.

Quarter peals reported in "The Ringing World" numbered 117 (114 in 1967). They were rung in 36 towers: Ashtead's with 16 quarters was the leading one. Striking competitions were held in all four Districts and in the Earnham District eight of the 15 (1984ers com-

Farnham District eight of the 15 towers com-

Copies of the 1967 report and the Guildford Guild issue of "The Ringing World" were sent to all parochial church councils in May, with the suggestion that each Council should consider increasing the affiliation fee to at least one guinea a year. Nearly half the councils replied and the income from this source amounted to £25 9s, compared with £4 5s, in

ANCIENT BELLS CENSUS

The Diocesan Advisory Committee asked for help in checking ancient church bells in the diocese. Information about bells cast prior to 1750 was extracted from "Surrey Bells and

London Bellfounders" (Stahlschmidt, 1884) and "Hampshire Church Bells" (Colchester, 1920) and sent to all towers where they had members. By the end of the year most had replied. In towers where there were less than five bells and no members the work was proving more difficult and visit by volunteers had been made. A schedule of bells to be preserved had been drawn up in 1934, and the investigations carried out so far had revealed that some of the scheduled bells had been melted down. A full report would be sent to the Diocesan Advisory Committee in due course.

The general secretary (Mr. C. W. Munday)

said he was still waiting to hear from people who had volunteered to go to the remote

towers, It had been an interesting job.
Restoration work had been carried on at
West Clandon and Epsom, The Master congratulated Mr. John Davidge (Epsom) and his merry men on an extremely creditable job. (The front seven bells were rehung on ball bearings, all the work in the tower being done

by the local band.)

Major E. J. Bragg, peal recorder, said 15
people rang their first peal this year, which
was very creditable. He hoped they would list

their names in future reports.

Mr. E. Warner seconded the adoption of the

Mr. E. Warner seconded the adoption of the report, which was agreed to.

The financial statement was presented by Mr. G. K. Williamson, which showed that the halance carried forward was £286 against £244. The Cathedral Rell Fund had a balance of

OFFICERS FOR 1969

The following officers were elected for 1969:
Master, D. A. R. May (West Clandon); general
secretary, C. W. Munday (Ewell): treasurer,
G. K. Williamson (Aldershot); auditor, P. G.
Sherwood (Ash). There were six nominations
for the Central Council and a ballot resulted
in the election of D. A. R. May, T. Page, P.
G. Smart and W. H. Viggers. Two former
members of the Council were unsuccessfulMessrs, J. F. M. Maybrey and S. H. Ponting.
The retiring Master in an address said in a
Guild of 600 members that they could only
find one person being willing to be nominated The following officers were elected for 1969:

find one person being willing to be nominated to succeed him was a very poor show. In an appeal for loyalty to the officers he said most ringing organisations must have those rebels who were nonconformists. "Don't let them mislead you or sidetrack you from the ideals in ringing, and one of those ideals is ringing for Sunday service. If you do that regularly you will be worthy of the Art."

Mr. W. Viggers proposed a vote of thanks to the Master and associated with it Angela,

Another amendment to the rules approved was that an honorarium of £5 5s, each be paid to the Master and to the general secretary.

12 BELLS FOR CATHEDRAL

In reply to a question the Master said the appeal made by the Bishop for two extra bells appeal made by the Bishop for two extra bells for the Cathedral, giving the diocese its first ring of 12, was being considered by the executive committee. It would be a great advantage to the diocese to have a ring of 12 bells.

Mr. F. Housden pointed out that an additional bell to make a light eight would be a

great asset.

The Master promised to bring the matter forward. Mr. T. Page asked for more discipline in the

Cathedral belfry while the ringing was in pro-

A vote of thanks was passed to Mrs. Mun-day and Mrs. Smart and their helpers, for pre-paring an excellent tea and catering for 170

There was ringing on the Cathedral bells during the afternoon, and the Lady Chapel was too small for all who desired to attend the was too small for all who desired to attend the service which was conducted by the Dean (the Very Rev. A. C. Bridge). Mr. S. G. Ponting was the organist. The Dean joined the ringers at tea and was thanked by the Master. Even-ing ringing was at St. Nicolas' Church and

Ringing and Conducting Standard Methods

By ROBERT B. SMITH

PART I KENT TREBLE BOB

(s) Conducting, Touches and Peal Compositions

(Continued from page 194)

TN the last article we looked at the general points on conducting the method and then in detail at some Minor touches and peal compositions. Turning now to Kent Treble Bob on 8. 10 and 12 bells, we find that the calls are made in the same positions as for Plain Bob, i.e., M.B.W.H. in the case of Major and M.W.H. in the case of Royal and Maximus, i.e., the principle of calling the observation bells in and out of slow work used in Minor compositions does not apply on higher numbers. It will be remembered that when considering the "bob work" for the method it was shown that all the bells above 4ths place do two extra dodges in the positions they happen to be dodging in when the bob is called, and repeat the lead that they have just rung. For this reason methods of this type are referred to as being "extending lead" methods and derive much of their music from repetition of leads when the tenor is in the Middle, Wrong and Home positions. calls are made in the same positions as for

KENT T.B. MAJOR

When conducting Kent Treble Bob it has already been suggested that the coursing order should be remembered and transposed in exactly the same way as for Plain Bob. In addition, however, it is important to remember which bell is ringing the slow work. This serves two important purposes:

(i) To check that the treble works out the back and returns to the lead in the correct position relative to the working bells, i.e., in the position which would have been occupied by the slow bell had it not been in slow.

(ii) To see that the slow bell does not leave the slow before the trebuse to the slow before the trebuse.

(ii) To see that the slow bell does not leave the slow before the treble returns to the lead. It should also be noted that when the slow bell is leading full all the other bells are plain hunting and when the slow bell is making 2nds all the other bells are dodging. (This latter point is most useful when ringing handbells.)

The most familiar touch of Kent T.B. on any number of bells is obviously three leads (three consecutive bobs), the figures for which were given in the touches of Minor. There are very few short touches of Kent T.B. Major because the plain course takes 224 changes and the addition of bobs, other than the touch mentioned above, extends the course to a length which is longer than there is normally time for at meetings or practices.

				65432
				64352
				63542
				-
				35642
				36452
				34562 *

The first thing that one notes in the above composition is that there are always two bobs at home. The second point to note is that the same bell is in 6ths place for the whole of one part; this can be extremely useful when one is first attempting to conduct. It will also be observed that the same bell is in 2nds place at each course end in one part; this of course is a guide to having called the correct number of a guide to having called the correct number of homes and also that the next call is a "Wrong", unless the part end has just been rung, when the pext call will be a "middle". It is not necessary to remember all the part ends, although it is useful to do so, as they can be transposed quite readily for this composition. The coursing order 34562 (*) is the coursing order at the first part end, and also the coursing order after calling M.W. in the first course. Having rung the first part, the second part end coursing order can be obtained by transposing M.W., i.e., 34562 call M gives 34625, call W gives 46325.

The only difficulty one could experience when attempting to call this composition is deciding when to call the "middle" which occurs at the beginning of each part. This can be solved, however, by noting that the bell which was previously in 6ths place (for three courses, remember) makes the last beb of the calls at home; this is the only bob at home made by that bell in the part and no problem should arise in this direction.

5,088 KENT T.B. MAJOR by J. Nicholl

Course ends	Cal	ling	Cour	sing orde	ers
23456	B	W	53246		
35264	X		65324		
56342	X		46532		
42563	X	2	24653	46253	62453
26435	X		36245		1001
63254	X		53624		
35642	X		45362		
42356	X	2	24536	45236	52436
Twice repeated.					

This composition if anything is simpler than the one by Reeves, but the fact that there are no calls at home means the music is lacking somewhat. The plan for calling this composition is as follows. Call bobs before until the 6ths is in 2nds in the coursing order. Call wrongs until the 6th is in 5ths in the coursing order. Call befores until the 6th is in 6ths in the coursing order, then call wrongs until the 5th comes home. Repeat the whole twice.

KENT T.B. ROYAL

Kent T.B. Royal, being a "clean proof" method, i.e., no internal falseness, has a large number of good compositions. From the point of view of simplicity, however, the following composition by John Reeves is hard to beat.

5,040 KENT T.B. ROYAL by John Reeves Course ends Calling Coursing orders

23456	M	W	Н	53246
52364 65243 53246 Twice	2 1 rep	2 2 eated	252	\$3462 53624 36524 63254 62534 62453 24653 24653 42563 42563 43623
				423\$6 43526

One merely calls two bebs at every calling position until the 6th makes the bob at a middle; then call two homes on this coursing order and repeat the whole twice.

The same statement I made about Kent T.B. Royal can be applied to Maximus. Maximus compositions are only seven or eight courses long and are often one-part compositions. The following composition is, however, a simple two-part peal.

5,088 KENT T.B. MAXIMUS by D. Prentice Coursing orders Course ends Calling 23456 M W

		_			
52436	1		32546

UNIVERSITY ACTIVITIES

Oxford Society's Annual Dinner

The annual dinner of the Oxford University The annual dinner of the Oxford University Society was held on February 1st. Ringing started at 12.30 at St. Thomas's, and altogether during the course of the day 12 churches were open. The ringing was generally of a high standard for such an occasion and included a half course of Yorkshire Maximus at the Cathedral. After ringing at the University Church of St. Mary-the Virgin, the Vicar (Rev. Philip Martin) took Evensong.

The dinner was held in Jesus College Hall. The Society's president, Canon Elliot Wigg. was in the chair.

Proposing the toast of "The Church", Mr Philip West, in a very witty speech, examined the ringers' place in the society of the Church. He drew a picture of a ringers' Valhalla full, of course, of pubs and Indian restaurants and also of the most notorious members of the also of the most notorious members of the Society engaged in an everlasting strop session. In more serious vein he drew attention to the necessity of the ringing fraternity forgoing its frequently aloaf and patronising attitude to the Church and taking its proper place in the Church's community. Experience showed that unless ringers recognised their commitments the Church in its present state would be forced to amoutate its diseased limb amputate its diseased limb.

The Rev. Raymond Lowe, of St. Cross, replying, assured the Society that if the ringers were a limb of the Church amputation would take place only over his dead body. The welcome Mr, Lowe always extends to ringers is greatly appreciated by the Society.

Although he declared his intention to return his "Teach Yourself Guide" back to the library forthwith, Mr. Nigel Orchard regaled us with his amusing descriptions of the trials of the novice. He welcomed the Society's guests—Mr. Lowe, Mr. Andrew Stubbs, Master of the College Youths, Mr. Alan Scholfield, Master of the C.U.G., and his wife, and the Masters of the London and Bristol University Societies. Mr. Stubbs replied.

Mr. Scholfield proposed the toast of "The Society". He appeared to have left his notes on the train but nevertheless remembered enough scurrilous stories about the O.U.S. to

convince any who were previously unaware of the fact that he comes from Cambridge. The Master, Mr Jeremy Pratt, replied in the traditional manner When he announced his intention to review the activities of another very successful year an illustrious ex-Master from Brightwell-cum-Sotwell was heard to say: "You leave my sister out of it," to which Mr. Pratt replied: "It appears that your sister does not wish to be left out."

The formal part of the direction.

The formal part of the dinner then being concluded, the assembled company adjourned to the College Bar to partake of equally enjoyable, but less formal, activities until closing

University of Wales Rag Week Tour

February 28th-March 1st saw the U.W. hold their tour and meeting in Radnorshire and Shropshire. Towers visited were Presteigne, Knighton, Leominster, Atcham, Wrockwardine and Market Drayton. Ringing was of a good standard, this being especially so at Market Drayton, where the A.G.M. was held.

Members were in attendance from Aberystwyth, Swansea, Lampeter and Cardiff, and with the assistance of Lyndon and Diane Hatfield the band was further strengthened.

Ringing included Bob Major, Grandsire Friples, Kent, Cambridge, Stedman, Bob Minor as well as the more usual Doubles methods February 28th-March 1st saw the U.W. hold

methods

At the A.G.M the Master's and secretary's posts fell vacant: Miss Margaret Twigg, U.C.W., Aberystwyth, was unanimously reelected to the office of Master, and David J. Morgan, U.C.St. David, Lampeter, elected secretary. It was proposed that the summer tour be held in Derbyshire between August 18th-24th and all interested are asked to contact the secretary as soon as possible. The October meeting will be on the 25th in the Swansea

area.

It was a well-worthwhile tour, and thanks must be extended to Mr. H. Hatfield, Presteigne, for providing accommodation, incumbents and all others who made the tour a success. We ended up, in the traditional way, with an oriental meal in Shrewsbury.

D. J. M.

ATTEMPT FOR MAXIMUS RECORD

Dear Sir,—The Provost of Birmingham, the Rt. Rev. George Sinker, has kindly agreed that another long peal attempt may be made on the bells of St. Philip's Cathedral, Birming-

The attempt will be on Easter Monday, April 7th, 1969, commencing as soon as pos-sible after 8.30 a.m., and will be for 17,328 Newgate Surprise Maximus (Newgate has Lon-Newgate Ausprise Maximus (Newgate has Londinjum work above the treble; the work under the treble is very similar to that of London Royal (No. 3)). The band will be Messrs. A. N. Stubbs, D. J. Purnell, B. Jones, J. R. Insley, R. A. G. Inglis, N. J. Goodman, M. J. Fellows, M. D. Fellows, M. F. Edwards, P. Border, C. A. Barren, J. A. Ainsworth, Messrs. R. W. Pipe, G. E. Fearn and A. R. Patterson have agreed to act as umpires.

It is suggested that a suitable rendezvous for any ringers in Birmingham that day should be at either the Windsor in Cannon Street or the Trocadero in Temple Street.—Yours faithfully, C. A. BARRON.

Birmingham.

LADY DISTRICT CHAIRMAN FOR MIDDLESEX

An attendance of over 50 assembled at All Saints', Harrow Weald, for the annual meeting of the N. and E. District on February 15thand this despite a weather forecast of snow and gales.

The secretary reported a satisfactory year, 16 ringing and 19 non-resident members being elected to the Association. Successful meetings had been held at various parts of the District and it was pleasing to know that the bells of St. Giles-in-the-Fields continued to ring regularly for the Thursday mid-week service (assistance from those working within the area and able to spare the time from 1 to 1.30 p.m. would be most welcome).

Reference was made to the continued success of John Mayne and his handbell band, culminating in a peal of Spliced Surprise Major in 28 methods, also to the peal of Spliced Surprise Major in 25 methods on the bells of St. Ann's, Stamford Hill, conducted by Jonathan S. N. Porter Congratulations were also extended to Mr. T. J. Lock, the general secretary, who passed three notable milestones in his ringing career during the year. In June he joined the very select band who have rung 1,000 peals. Shortly afterwards he completed his 500th peal for the Middlesex Association, and to complete the year in December he rang his 300th peal on the bells of St. Mary's. Willesden. To the best of the writer's knowledge apart from sickness, etc., Tom has never missed his duty as a Sunday service ringer.

Three members had passed to higher service, viz., A. W. Coles, former Master and vicepresident and a member since 1905; W. J. Langley, a stalwart of the Monken Hadley band, a member since 1921; and Miss Pauline Gearing, of Hendon (1961), who died at a tragically early age

The following members were elected to office for the ensuing year: Miss G. E. Newcombe (chairman) replaced Mr. H. G. Hart, who had occupied the chair for the past 14 years and did not seek re-election; Mrs. H. G. Hart (Master), T. G. Hawkins (deputy Master), E. H. Kilby (secretary), D. T. C. Smith (assistant secretary), Miss V. E. Ware (auditor) and H. G. Hart, R. Gage and J. M. Steele (committee representatives). representatives).

Mr. C. W. Ward was congratulated on com-pleting 50 years as a ringer, principally at Monken Hadley and Barnet, and for which a celebration quarter peal had been rung at the former tower.

A rumber of new ringing members were elected, namely, M. Ellington and the Misses J. Hawes, K. Hughes, M. Piper, J. Stobart, D. F. and D. M. Whilloch, of Southgate; R. Farley, J. A. Kelsey and L. Roberts, of Hackney: C Lowry (unattached) and A. J. Muskett and B. Smith, of Pinner Miss Stephanie Green, of Essendon, was elected as a non-resident ringing member, while the provisional election of 19 similar members prior to participating in peals was ratified. peals was ratified.

Prior to closing the meeting the chairman proposed a vote of thanks to the Rev. Derek Bond, Vicar of Harrow Weald, for conducting the service; to the Rev. S. R. Skemp, Rector of Stanmore, whose bells had been enjoyed; to Mrs. Beedie, for accompanying at the organ; and to Mrs. Hart and the local band, for providing tea—hot mince pies were admirable and suited the outside elements.

E, H. K.

Monthly Meetings popular with Cheltenham Branch

There was a good attendance of over 30 ringers for the Cheltenham Branch meeting at Leckhampton on Monday, February 17th. Ringing started promptly at 7.30 and continued briskly throughout the evening with a variety of methods, including Oxford Bob, Grandsire and Stedman Triples, Plain Bob and Cambridge Major.

After the bells were lowered at 9 p.m. ringers went to the Vicarage, where coffee and biscuits were provided. During a short business meeting the Association chairman, Miss E M. Bliss, presented the Branch with a certificate for coming second in the striking competition held at North Cerney in November.

Mr. W. A. Farmer, Branch chairman and captain of the team, thanked Miss Bliss, saying it was a team effort. He hoped the Branch would win the Croome trophy in 1969.

Letters to the Editor

PEALS—DISCUSSION NOT POLICY

Dear Sir,-Mr. Hairs, who was not present at Worcester, according to the record should beware of attributing to "The Ringing World" with its slender resources the authenticity of Hansard in reporting debates. It may be re-Hansard in reporting debates. It may be re-called that other people as well as myself have already pointed out some of the errors.

The sentence he quotes does not represent the view that I expressed. My view is that matters should be fully debated with all the information made available in good time for proper consideration before decisions are taken.

This was the intention in asking Mr. Speed to write a letter about the reporting of peals. It is clearly stated and he emphasised in his final paragraph that its purpose was to encourage discussion and was not already committee policy.

Messrs, Jackson and Hairs are really accusing Mr. Speed and the rest of the committee of dishonesty in this matter.

Perhaps Mr. Hairs would have done better to read the editorial on page 478 of the issue of June 21st, 1968, and then remind Mr. Jack-son of its final sentence.—Yours sincerely,

DENIS A. BAYLES.

Chester-le-Street

STAINBANK v. BECKETT

Dear Sir,—I was very interested in the recent articles by "Cheshire Delight" on the lawsuit between Mr Stainbank and Sir Edmund Beckett and can perhaps add an item in which Beckett had the last word.

This was related to me about 1931 by the late Edwin Gibbs, a prominent London ringer and a member of St. Paul's Cathedral band under Mr. Pettit and Mr. Cockerill.

Mr. Gibbs was a native of Eye who came to London as a young man about 90 years ago. He was an interesting person to talk to and had a wonderful store of anecdotes of London ringers of that period. These were aptly described about ten years ago by the late Mr. A. A. Hughes to an interviewer in "The Times" as "quaint, colourful characters".

The last years of his life were spent in

The last years of his life were spent in a local nursing home crippled with arthritis. He was a very lonely man too, and my son (then at school) and I seldom missed visiting him on Sunday afternoons.

It was during one of these visits he told us my son's version of Mr. Cook's story of Counsel and the College Youth (who. incidentally, he said was George Stockham, steeplekeeper at St. Clement Danes') and added that when Beckett paid the damages awarded against him he wrote on the cheque "Big Ben is cracked!" Some years later, in conversation with Mr. Hughes, he confirmed this.—Yours sincerely,

E. BARNETT.

10, Kings Close, Crayford, Kent.

LT.-COL. C. F. JERRAM

Dear Sir,—Lt.-Col. Jerram was well known in the Chertsey District and we rang a peal at Chobham on November 29th, 1919, when he was leaving the district. He wrote to me more than 40 years ago asking for particulars of the peal band, and I replied that we two were the sole survivors. He wrote to me frequently and also when I was in hospital.—Yours sincerely,

WILLIAM SHEPHERD.

Addlestone, Surrey.

"UNIVERSAL" COMPOSITIONS

"UNIVERSAL" COMPOSITIONS

Dear Sir,—With reference to Roger Baldwin's letter on page 162, perhaps it should be pointed out that the composition is in fact even more versatile than he admits.

It consists of the 12 positive courses with 3 in 3rds and the 12 negative courses with 3 in 4ths. However, any other pair of positions will also give a composition, provided that the two positions can be connected with a single (of any sort) and that each position permits a bob. It may also be considered desirable that rounds should be included.

Other examples of this which provide very fine compositions are 2 in 2+ and 4- in Double Glasgow (see Mr. Baldwin's composition on page 1016, 1968) and 6 in 6+ and 5- in Yorkshire and Pudsey (see page 919, 1968).

A number of possible arrangements of these types of courses are available. Apart from

types of courses are available. Apart from that published by Mr. Baldwin (and its reversal, which I prefer on practical grounds) there are such types as the following:—

M	W	Н	M W H
2		S	<u> </u>
3		S S S S S S S S S S S S S S S S S S S	- S 2 S - S - S
3	-	S	- ² S

		S	Repeated twice
	- 2	S	
	3	S	
	3	S S S S S S S S S S S S S S S S S S S	
	- 2	S	

The Three-Part, of course, already has wide currency as Simon Humphrey's Lincolnshire. -Yours faithfully

CHRISTOPHER I. ROWSON. Edgbaston, Birmingham.

SETTLE DIFFERENCES

Dear Sir,-I was very surprised indeed that an anonymous letter consisting entirely of a personal attack on the Master of the London County Association was allowed to appear in the issue dated March 7th. Surely if the writer of this letter had not the courage to append his name the letter should not have been published. I have no wish to defend the London County Association, but I cannot see anything constructive in this letter. There is far too much ill feeling amongst ringers in London and I would suggest that this correspondent would be better employed in trying to settle differences instead of making things far worse than they need be. Perhaps when this person is a little more mature he will realise that anyone trying to reform any Society has an UP-HILL task before him. Surely if the membership of the London County Association is not satisfied with its Master, or any other officer for that matter, there is a constitutional way of remedying the situation?—Yours sincerely, JOHN R. KETTERINGHAM.

Bayswater, W

CHESTER CATHEDRAL APPEAL

Chester Cathedral appeal had reached, by March 4th. £185.164. Among the contributions are: Cheshire County Council, £15.000: Chester City Council, £10.000: Stockport Borough Council, £1.000: Northwich R.D.C., £200: Hale U.D.C., £150: Sale Borough Council, £105: Lymm U.D.C., £100.

HE WON THROUGH

Dear Sir.-A few comments from one tryer to others may help your correspondent of February 28th. The ability to learn new techniques slows dramatically after the age of 50. The tower captain who learnt at 15 cannot be ex-pected to appreciate this and he may well write you off as one who will never make a bell-ringer. After all, as captain he has other dis-tractions, and the patient, outstanding instructor is a rare bird.

The difficulty with bellringing is that it requires the simultaneous exercise of manual quires the simultaneous exercise of manual learning (bell control), mental learning (changeringing). a reasonably quick eye (rope-sight) and a quick response, as there is little or no time for correcting errors while ringing. The young can cope with all these elements together. Not so the learner over 50. If the captain writes you off to concentrate on the quick learner then you will have to teach yourself. The elements of bell control he will give you: competence comes only with practice.

As to learning rope-sight, the tenor may be the best introduction for, provided you strike last, it does not matter if you miss "seeing" every time the bell you should be ringing after. Rope-sight is best learnt on the treble. Stand Rope-sight is best learnt on the treble. Stand behind the treble ringer whenever he or she is plain hunting, and keep standing there until you see what they are doing I assure you that light will dawn. Once you see it grab the treble and have a go. The plain hunt on the treble is the first great hurdle to overcome. Thereafter progress will quicken. Change-ringing requires lots of homework not only in learning the method but also the order in which "your" bell meets the others at key points—leads, dodges and particularly where you pass the treble. Again I assure you that light will dawn.

Visit neighbouring towers on their practice nights and your District meetings when you can. You will be surprised at the number of can. You will be surprised at the number of friendly, patient and experienced ringers who are ready to help you. And even if it takes you ten times longer than your children to acquire the technique, eventually your captain will come to appreciate and value a member of the band who can be relied upon to turn up not only at practices but at the services and who is not subject to the distractions of "O" Levels, higher education or courtship. "Keep at it" is the enthusiastic advice of yours faithfully, yours faithfully,

> ANOTHER TRYER WHO HAS. (Name and address supplied.)

COMBINATION ROLL-UP

Dear Sir. — Please can somebody tell me what is a combination roll-up?

None of my friends locally seem to know. though we are agreed that it must be some-thing mathematical and not, as the name sugwinter clothing for peal ringers!-Yours

J. V. LONSBROUGH.

Newhaven, Sussex.

BELLHANGING IN THE WEST

Mr. J. P. Fidler who with his son, Arthur. is living at Bow, Crediton, writes that their re-ception in the West Country has been very good and a number of contacts have been made.

Among the jobs tackled by his son are the overhauling of a ring of five at Elworthy. Somerset, overhauling a ring of eight at Hatherleigh and attending to bells at Huntsham and Woolbrook.

BELL ROPES

Reminiscences of the Rev. H. Law James

By C. T. H. BRADLEY, of Folkingham, Lines.

HAVING lived in Lincolnshire all my life, I was particularly interested in the correspondence concerning the late Rev. H. Law James, whom I first met over 50 years ago. I felt prompted to write as the 37th anniversary of his death has recently passed, when on February 6th, 1932, ringers from various parts of the country gathered at Surfleet to pay their last respects to a great ringer. I feel it would be most appropriate if some ringing could be organised each year on a Saturday nearest to the date of his death as a token of remembrance and esteem.

H. Law James was undoubtedly one of the greatest authorities on campanology and dog-gedly held on to his own convictions regarding gedly held on to his own convictions regarding composition and other ringing subjects, invariably winning his point of view in the end. Some of us remember back in the 1920s, when a battle royal would take place in "The Ringing World" on the subject of "What is a legitimate method?" between H.L.J., the late Armiger Trollope, the late W. Willson, of Leicester, and others. He was a great authority when advice was sought on bell restoration, recasting, augmentation, etc. casting, augmentation, etc.

LEARNT TO RING IN A CATHEDRAL

He once told me he took up ringing at an early age and had his first lesson in handling a bell at Gloucester Cathedral. In the 1890s he came to Lincolnshire and was curate at St. Martin's, Stamford, for some years, and to put At that time the chief activity was in the north of the county, where the old North Lincolnshire Association was in being; there was some activity in the south.

It was in 1898 that he accepted the living of Surfleet, where he remained a devoted parish priest for the rest of his life. He soon became a great inspiration in ringing circles in Lincoln-shire and ringing flourished under his guidance.

L.D.G. FOUNDED

In April, 1899, at a meeting held at Lincoln, the Lincoln Diocesan Guild as we know it to-day was founded, and the Rev. H. Law James was unanimously elected Master of the Guild, which office he held until his death. It was at this meeting that the Guild was divided into four Branches—the Northern, Southern, Eastern and Elloe Deaneries—which made organisation more acceptable. tion more acceptable.

It was not long after H.L.J. had been at Surfleet before his attention was turned to the five bells in his church. He and his church-wardens discovered that one bell was cracked. and they made a brave attempt to weld the bell in the tower, but without success, so the bell went to Loughborough for recasting.

Some years later it was decided to augment the ring to six. The new bell was cast at Loughborough and dispatched by rail to Surfleet. Here it was removed by H. L. J. and helpers at 9 a.m., hoisted and hung during the day, and a 720 had been rung by 9 p.m. Round about 1913 a bigger restoration was undertaken, when the six bells were retuned and hung in a new iron frame, with the addition of four more trebles, making a ring of tion of four more trebles, making a ring of ten—the lightest in the country. The new bells were given by H. L. J. as a memorial to his

In the years that followed great activity in ringing took place at Surfleet, both by ringers in the county and from outside. Many memorable ringing weeks were held at Glyn Garth, the home of that well-known ringer the late Rupert Richardson and Mrs. Richardson. As headquarters, Glyn Garth was often described as home from home for all ringers. Happily, Mrs. Richardson is still at Surfleet, ably serving as tower captain and giving instruction to a young band in order to maintain Sunday service ringing.

SPLICED MINOR INTRODUCED

By 1911 the standard of ringing in general improved in the county and new fields in Spliced Minor ringing emerged, arranged by H. L. J. and his brother, Rev. Bankes James, who was equally brilliant in this field of ring-The first peal in 14 Spliced Minor methods, comprising seven true extents, was rung in 1911 at Edenham, the home of that well-known Lincolnshire ringer the late Arthur I Holmes, and was arranged and conducted by Rev. H. L. James.

As a ringer-cyclist H. L. J. must have been unique, for it was most unusual if one did not unique, for it was most unusual if one did not see him turn up in the familiar knickerbockers and putties, which stood him in good stead whether for peal attempt, practice or meeting; in fact a 100-mile journey was quite commonplace for him. He was always available in giving help to a struggling band, and would often cycle on a winter's night from Surfleet to Grantham (some 25 miles) to give assistance to a band at St. Wulfram's. It was not until he was more advanced in years that he took he was more advanced in years that he took to a motor car.

LINCOLNSHIRE'S FIRST 12

Soon after the end of the 1914-18 war suggestions were made concerning the placing of a war memorial in the Cathedral in memory of the Lincolnshire ringers who had given their lives in the war. Some were in favour of a scheme to increase the Cathedral's splendid ring of eight to ten by the addition of two trebles. H. L. J. thought it should be 12, thus making the first 12 in the county, also a ring of 12 was more worthy for such a magnificent of 12 was more worthy for such a magnificent edifice as Lincoln Cathedral. After he had discussed the project with the Cathedral authorities the augmentation was agreed to and the work entrusted to John Taylor and Co. The bells arrived at the Cathedral early in 1928 and were hallowed by the Dean on April 28th before being hung in St. Hugh's tower.

The first peal on the 12 was rung on December 28th, 1929, in 4 hours 9 minutes, being 5.280 Cambridge Surprise Maximus, composed and conducted by the Rev. H. Law James. Of this peal I think he was particularly proud, as footnote suggests:-

- (1) First peal on the 12 bells.
- (2) First peal of Cambridge Maximus by all the band.
- (3) First peal of Maximus by all except the conductor.
- (4) The conductor's 200th peal as conductor.
- (5) Rung by all residents of the Lincoln Diocesan Guild.

(Continued in next column)

NORWICH DIOCESAN ASSOCIATION

Reepham Wants £600 for its Bells

Aylsham was the venue for the quarterly meeting of the Northern Branch on March 8th, when over 60 members were present.

A warm welcome from the Vicar (Rev. F. B. Evans) even if, as he said, we were a bit of a nuisance as the date coincided with the match between Wales and Ireland and he had had to leave the television. Anyway, he had the satisfaction of Wales winning.

The Rev. P. Kelly assisted with the service; Mrs. J. Wells played the organ; the Branch Ringing Master (Mr. M. Cubitt) read the lesson.

The secretary told members that Mr. Howchin was in Eathn Hall, suffering with thrombosis; Mr. F. Davey had improved from his heart attack, and he had spoken to the oldest member that afternoon, Mr. P. Artis, who had reached the age of 93.

Bernard Wells, of Aylsham, Mrs. M. Bibby, Paul Cadman and Keith Record, of Marsham, were elected members. Aylsham ringers have now five fathers and five sons as members of the company. The Branch striking competition is to be held on Saturday, May 17th, at Wroxham and Coltishall,

The next Branch meeting is to be held at Reepham and Salle on June 14th. It was sad news to learn that the treble is out of action at Reepham; the estimated cost of repairs to the six bells is £600 We feel sure, with the enthusiasm of the Rev. P. Kelly, this money will soon be raised. (He will be delighted to receive donations for the project.)

The chairman (Mr. G. Sayer) proposed a vote of thanks to the Vicar, the Rev. P. Kelly, Mrs. J. Wells, Mr. N. J. A. Pumphrey, and to all who had assisted in making the meeting a

The ten bells were rung to various methods, including rounds and London Royal, under the leadership of the Branch Ringing Master (Mr. M. Cubitt) M. Cubitt).

HERTS COUNTY ASSOCIATION Northern District

The Northern District again met at two towers for its monthly evening meeting on March 1st. Ringing took place at St. Mary's Church, Graveley, for the first part of the evening, the six being put to good use to cater for the tastes of all present. Rounds were rung by the many learners and various methods up to Spliced Plain Minor by the more ex-

The company then moved on to St. Mary's, Great Wymondley, for a period of further ringing on the six with a fairly long draught. Everybody then dispersed to find a warmer place in which to spend the rest of the evening.

N. N. R.

(Continued from previous column)

Sad to say, only four members of this band are still living, viz.: John Walden, Leslie Pask, Harold Marcom and Harold Walker.

Looking back to the beginning of the century and onwards we owe a deep sense of gratitude for the life and work for campanology given by Rev. Henry Law James for the Guild, and indeed for the Exercise at large.

GROTON; MASS; U.S.A.—In Oct., 1968; 1,260 Plain Bob Triples: H. J. S. Cheever I, A. G. K. Solbert 2, G. McC. Johnson 3, S. B. Prudden 4, J. R. Chandler 5, P. L. Chandler (cond.) 6, F. E. Ulen, iun. 7, R. S. Young 8. In memory of the Rev. Paul L. Abey, friend and chaplain of the ringers. Also on Nov. 17th. 1,260 Pl. Bob Doubles: A. McDonald (cond.) 1, E. R. Cowles 2, R. G. Woolworth 3, P. L. Chandler 4, J. R. Chandler 5 J. W. Poor 6. First quartef 2, 3 and 6.

HANKHURST. RENT. — On Feb 20th. 1,260 Grandsire Triples: S Piper 1, A. H. Kehip 2, Miss A. Harris 3, W. Gorringe (cond.) 4, E. West 3, G. S. Waters 6, I. V. J. Smith 7, D. West 8, Rufig halfmuffled in memory of Roy West, chorister for 30 years, interred this day

HAWRLEY, HANTS.—On Feb. 23rd; 1,260 Grandsire Triples; Maureen Tipper 1, Carol Starey 2, R. Tipper 3 K. Tipper 4, D. Hughes 5, D. Hatherly 6, B. Walton (cond.) 7, B. Gambrill 8. For Family Communion

HEADCORN, KENT.—On Feb. 23rd, 1,260 Grandsire Doubles: D. Taylor (first quarter) 1, H. Baker 2, N. Sheppard (first quarter as cond.) 3, R. Jean Vidler 4, G. W. Grant 5, R. Millidine (covering) 6. For Evensone and a birthday compliment to H. Vidler,

HEANOR, DERBYS.—On Feb. 16th, 1,260 Pl. Bob Triples: M. Camm 1, D. Beach 2, D. Camm 3, D. Coulson 4, G. Futters 5, R. Marchbank 6, G. Faulks (cond.) 7, T. Ford 8, In memory of the Rev. S. R. Futters, a former vicar.

HORNCHURCH, ESSEX. — On Feb. 23rd, 1,260 Siedman Triples: Marion Bibby I, Joan M. Peacock 2; J. Fowier 3, S. Penfold 4, C. C. M. Paln 5, I. W Stephenson 8, F. V. Gant (cond.) 7, P. Sipplit 8

REYNSHAM, SOM: On Feb. 24th, 1,260 Grandsire Triples: Lesley While 1, Susan Moore 2, F. C. Morford 3, J. W. Owen 4, R. J. Moore 5, R. Hillman 8, T. W. Harris (cond.) 7, W. G. Dinham 8. First Triples 1 and 8. For rehallowing service after church redecoration

RING'S LANGLEY, HERTS. On Feb. 16th, 1,260 Pl. Bob Minor R. Barker (first Minor) 1, Mrs. D. M. Barker 2, D. J. Goodman 3, G. Spratt 4, B. 11. Barker 5, P. W. Harper (cond.) 6. For Evensong.

RING'S LYNN, NORFOLK.—At St. Margaret's Church, on Feb 25th, 1.260 Plain Bob Royal: D. Gagen 1, R. Newson 2, P. Gagen 3, W. W. Cousins 4, R. Harrop 5, O. Claxton 6, C. Tovell 7, L. W. Houghton 8, C. Cousins 9, N. V. Harding (cond.) 10. Rung as a compliment to Miss Shelagh R. Collins and the Rev M. C. C. Meiville on the announcement of their enhagement, and also to mark the 60th bifthday of the conductor and tower captain; Mr. N. V. Harding.

KINGSTON UPON THAMES, SURREY.—On Feb. 23rd, 1,260 Pláin Bob Minor: Ann V. Salvage 1, Lesley A. Hawes 2, Katharine Salvage 3, C. D. Collin 4. M. J. Green 3, B. J. Stone (cond.) 6. For Holy Communion, and as a birthday compliment to ringer of 3.

KNOWLE, BRISTOL.—On Feb. 23rd, 1,280 Grandsire Triples: R J. Tutton (first on eight) 1, Wendy Treble 2, D. P. Treble 3, D. A. Powney 4, M. J. K. Griffiths 5. W. G. Cocks (first "inside") 6, B. G. North (cond.) 7, J. F. Boulter (first on eight) 8. For Evensong.

LANGDON HILLS, ESSEX.—On Feb. 23rd, 1,260 Doubles (four methods): W. White 1, D. Stott ("circled the tower") 2, G. Lucas 3, J. Foster (most methods "inside") 4, P. M. Fleckney (cond.) 5, L. Foster 6

LINCOLN.—At the Cathedral, on Feb. 20th, 1,280 Cambridge S. Major: W. Froggert 1, I. Minns 2, J. L. Millhouse (cond.) 3, C. J. Sharp 4, P. C. Pitchford 5, D. Phillipson 6, H. L. Pask 7, G. Paul 8.

LEANDAEF, GLAM.—At the Cathedral, on Feb. 9th, 1,280 Double Norwich Court Bob Major: Anne Cooke 1, N W. H. Simon (cond.) 2, Ann Pilgrim 3, N. A. James 4 P. S. Reading 5, M. Pilgrim 6, J. W. Bull 7, C. P. Quartley 8. First in method 3, 4. Before Evensong for St. Teilo's Day. Also on Feb. 23rd, 1,280 Stedman Triples: N. W. H. Simon (cond.) 1 F. W. Corney 2, Judith Ashcroft 3, J. B. Plumb 4, N. A. James 5, S. Fenwick 6, P. S. Reading 7, J. James 8. For Evensons.

LODSWORTH, SUSSEX. — On Feb. 23rd, 1.306 Cambridge S Minor: D. O. Haslam 1. C. B. Fynes 2-3, Julie: Fynes 4, Rev. J. H. Greene S, W. L. Weller (cond.) B. Rung half-municed in memoriam Rear-Admiral A. R. Hammick (1887–1969), donor of the second bed.

EAST GRINSTEAD AND DISTRICT GUILD

The Guild held its 42nd A.G.M. at Coleman's Hatch on the sunny afternoon of March 8th. In the afternoon Danchill and Lingfield towers were also open for ringing. At 4.30 p.M. members assembled at Coleman's Hatch in an assortment of vehicles, including a very-well-preserved elderly black Trojan.

The service was conducted by the president, Rev. J. R. Missen. Afterwards tea was taken by 32 members in the Church Hall. The chairby 32 memoers in the Church Hall. The chair-man (Mr. B. E. Jeffrey) opened the meeting by thanking the president for the service, the organist fetr playing at such short notice, and Mr. and Mrs. Ryman and their helpers for preparing the tea

The chairman remarked how glad he was to have present Mr. A. Relfe, the oldest vice-president (not the oldest member, as stated previously). There were 12 applogies for absence and one new member was elected. The meeting on April 12th will be held at Newdigate and Capel (subject to confirmation) and it is hoped to visit Eudham on May 10th. The chairman's report and the treasurer's report were passed, though there was a disagreement as to the layout of the statement of accounts.

The president and vice-presidents were reelected with one alteration (Mr. J. W. Ritson
was deleted as he no longer lived in the area).
The chairman said that he felt a change in his
office might be beneficial to the Guild, but as
there were no other candidates he was reelected for another year. The vice-chairman
(Mr. J. E. Warner) did not wish to stand for
the office again and Mr. P. R. Everest was
elected as his successor. The hon, secretary,
hon, treasurer and the hon, auditor were all
re-elected unopposed. Mr. B E. Jeffrey declined to stand as C.C. representative again
and Mr. K. Game was elected to succeed hith.
Mr. M W. Thompson was re-elected to the
committee and the two other committee members are now Mr R. P. Sherlock and Mr. J.
E. Warner.
The route for the outing this year to East The president and vice-presidents were re-

The route for the outing this year to East Kent on October 17th was approved, Mr. E. J. Ladd was authorised to book a dinner for January 10th, 1970, up to the cost of £1 5s. per head.

A fliotion from the committee that the peal hooking fee should be dropped was passed, but with the suggestion that the ringers should make a donation to the church where the peal was rung. A fee for the booking of the peal was rung. A fee for the booking of should be paid out of Guild funds.

should be paid out of Guild funds.

Because of increase in expenditure the subscription is to be raised to 3/- for adults and 1/- for junior members (these amounts were chosen as they will convert nicely into decimal coinage: 15p. and 5p.). The treasurer pointed out that the increase would not have been necessary if members had paid their subscriptions early in the year. The new subscription rates will operate from January 1st, 1970. It was also passed that the Guild should continue with evening practice meetings. An idea to

wish also passed that the Gulld should continue with evening practice meetings. An idea to hold a Hallowe'en party received no support.

A copy of Wilfrid G. Wilson's "Change Ringing" was donated by Mr. B. V. Collison and presented by the president to the young ringer who was considered to have made most progress during 1968. The recipient was Chris Bassett, of Tunbridge Wells.

Ringing continued till 9 o'clock with Harts.

Ringing continued till 9 o'clock, with Hartfield also available

CORRECTIONS & AMENDMENTS

In the peal of 127 methods of Spliced Treble Boh Minor (page 127) rung at Holme Pierrepont the sixth extent was composed by P. W. Saltmarsh and not as submitted.

Mr. H. Denman, of Rockley, Retford, asks its to state that he rang his 350th peal at Babworth on January 11th and not his 300th as printed on page 185.

In the list of leading peal ringers of 1968 (page 214) the position of Colin A. Banton should be 26. His total number of peals was 60 and not 50 as submitted.

FOR THE BEGINNER

What is Good Rhythm and Striking, and how is it Achieved?

By NORMAN CHADDOCK

"In ringing, the hand is used to swing the bell, the eye to enable its proper position to be maintained amongst the ropes and the ear is required to judge that both these jucutiles are rightly used, and at the same time the attention of the mind must never be relaxed from consideration of the method by which the changes are being produced. The ear must, therefore, criticise the work of the eye and hand, in order that if they be defective the swing of the bell may thereafter be made longer or shorter as required."

JASPER W. SNOWDON, Founder President of the Yorkshire Association of Change Ringers, 1875.

The most important skill for a ringer to attain is good rhythm and striking. Simple methods well struck sound pleasant. Ringing which is badly struck gives little satisfaction to anyone.

Good striking is a question of rhythm and timing and can only be attained if each tinger can hear his own bell and indeed all the others, counting from the lead. He is thus aware of any inaccuractes and can correct

them.

In change-ringing the beat of the whole ring of bells should be constant, i.e., 123456123456-123456123456-123456123456-123456123456-, etc. In 6-bell ringing there should be equal intervals of about a quarter second between each succeedabout a quarter second between each succeeding note plus an extra quarter second for the open lead at handstroke. The timing of each hell, however, varies throughout the changes according to whether or not it is hunting up, flunting down, staying in one place as at lead, when behind, or when making an internal

For instance, a study of the plain course of Bob Minor reveals that if the interval of the open lead is included, the time intervals between consecutive filows of No. 6 bell in the following change-rows are 7, 8, 5, 8 and 6 quarter second intervals respectively:—
351624

Handstroke 132546 Backstroke 135264 Handstroke 312546 Backstroke 321456

Handstroke 312546
Backstroke 321456
There is, of course, less variation when plain hunting. For instance, when plain hunting down there is, apart from the difference between handstroke and backstroke due to the open lead, a sleady rhythm.

Even a good band may take a little while to achieve feally good timing and striking when ringing unfamiliar bells since they have to adjust themselves to the bells and to each other at the particular speed at which they are ringing. ringing.

It is essential for each ringer to count the

It is essential for each ringer to count the beats of each change row and ensure, for example, that if his bell is to strike in 6th place it does in fact strike on the 6th beat.

We can regard ringing on six bells as "ringing six beats to the bar", ringing five bells as "five beats to the bar", ringing eight bells as "eight beats to the bar", allowing, of course, an extra beat every other bar for the open lead.

lead.

If the above-mentioned five, six and eight bells were part of the same ring of bells and the same bell used as the tenor, then there would be little difference in the duration of the "bar" no matter how many bells were being rung, but the greater the number of bells Being rung the closer they should strike to

When plain hunting from 2nd to 6th place and back to lead in Minor (if rung with open leads), something like the following should be going through the mind of the ringer:

"123456 (23456-123456)123455-123456123456-

123456123456-123456123456-12345623456-", etc. The number in black type are the beats of the ringer's own bell. The numbers in plain type are the beats of the other bells.

HOW GOOD STRIKING IS ACHIEVED
The ringer must listen to all the bells, count the beats from the lead as every change is rung and emphasise in his mind the particular beat on which his bell is to strike.

A good deal of mental and physical skill and co-ordination is needed to achieve really good striking. When plain hunting the bell itself acts as a governor in keeping steady timing. When succeeding time intervals are changing the time the bell is field over balance, or the arc through which the bell swings, has to be varied.

TYPICAL FAULTS IN STRIKING

Padly timed leads
Too wide in 2nd place when hunting up,
Too close when making the second blow last.

Too wide at backstroke when hunting down.

Ringing too closely over big bells.
Ringing too widely over little bells.
Failure to allow for the odd-struckness of one's own bell of of the bell over which one is striking. Failure to dodge back fully to the required

beat.

Ringing persistently too wide or too close. These and other faults in timing and striking may be summarised as failure to ring exactly ON the appropriate beat. This may be caused by inexperience, poor bell and rope control, or inability to hear the bells and their beats. The value of handbells as a means of train-

ing beginners towards good striking cannot be over-emphasised. A tape-recorder can also be used for self-criticism.

BELFRY GOSSIP

The peal at Rickmansworth in our last issue was rung for the patronal festival and also as a 21st birthday compliment to Andrew Wilby.

At All Saints' Church, Basingstoke, on December 31st, 1.260 rounds were rung for the old year. Getting ready for the quarter peal in 1969?

Perry Barr ringers have lost a stalwart of many years standing in Mr. Harry Wright. A farewell quarter peal was rung on February 23rd, with the company's best wishes for the

Probably through the enthusiasm of his son-in-law, Mr. "Bill" Coles, of Hillingdon, has been induced to ring two handhell peals. His last peal "in hand" was 45 years ago at Taun-ton with his brother, the late S. George Coles, and Arthur Reed. Comments Frank Price: "He rang extremely well."

If Miss L. Bright sends her address to the Editor she will receive a reply to her letter. Aylsham, Norfolk, ringers have five fathers and five sons in their company.

The quarter peal at Langdon Hills on February 23rd was a farewell to three members of the band. Peter Fleckney is moving to Kettering and John and Lewis Foster to Exeter.

The band who rang the peal at Clowne on July 27th apologise for the delay in it being submitted to "The Ringing World". This was caused by a misunderstanding between the conducter and the organiser

In honour of his receiving the Imperial Ser-Mr. F. G. Knight conducted his first peal in his home tower. Whitechturch Canonicorum, Dorset, on March 1st. The peal, Stedman Triples, was also for his 60th birthday.

A NOTED ANNIVERSARY PEAL AT SHREWSBURY

The peal of Grandsire Triples rung at St. Mary's, Shrewsbury, on February 15th, was the first peal of Triples on the bells for 105 years, and by a happy coincidence it was rung in the same time as the 1864 peal—a level three hours.

The 1864 peal was honoured by the following peal board, still hanging in the belfry:—

On 15th February, 1864, was rung in this tower a true and complete peal of Grandsire Tripples, containing 5,040 changes in 3 hours, consisting of 194 bobs and 46 singles by

John Gough 3rd
John Boylin 4th
Thomas Price 5th
Thomas Burd 6th
Henry Moore 7th
James Smith 8th
John Scholes 9th
John Rowley 10th
Call'd by James Smith

Rev. T. B. Lloyd, M.A., Minister.

Mr. Ernest F. Willcox, who conducted this year's peal, writes: "It is obvious that both peals were rung on the same eight, but the old ringers were known to call their bells 3, 4, 5, etc., instead of Treble, 2, 3, etc." He thanks his band for taking part in a well-struck peal.

ONE-DAY YORKSHIRE COURSE

A strong team of tutors has been arranged for the one-day course in bellringing to be held at Market Weighton in East Yorkshire on Saturday, May 10th, and the bells available for practical sessions include some fine and notable rings.

Tutors include Messrs. W. F. Moreton, W. E Critchley, J. H. Fielden, D. S. Johnson, R. Ducker, S. Armeson and N. Chaddock (course organiser).

Details of the course appear in our Notices columns.

INDIVIDUAL PEAL RECORD

Mr. and Mrs. D. E. House, of 59, Caernarton Road, Norwich, are undertaking the compilation of individual peal records for 1969 in succession to Mr. G. E. Thoday, to whom we extend our best thanks for a difficult and complicated job. Will ladies who marry in the course of the year inform Mr. House of their change of name.

PREFERMENT FOR REV. P. NEWING

The Bishop of Gloucester has appointed the Rev. Peter Newing to be priest-in-charge of the parishes of Tibberton and Taynton, two villages about five miles north-west of Gloucester on the edge of the Forest of Dean. Peter and Angela hope to leave Blockley, Moreton-in-Marsh, early in June.

Unfortunately the Bishop has placed one of his few ringing curates in a parish without bells. There are three old bells at Tibberton and one small bell at Taynton. We wish them every blessing in their new sphere of Church work.

BELFRY GOSSIP

NEW GUILD MASTER

DOUGLAS A. R. MAY

Taught to ring at West Clandon, Surrey, by the then general secretary of the Guildford Diocesan Guild, George L. Grover (secretary for 19 years), in 1956. First peal was two Doubles methods on October 16th, 1957, at Ockham, which was the first peal by all the band, conducted by D. A. R. May. A broken rope had prevented first peal being one of Yorkshire at Holy Trinity the previous week. It was rung two weeks later, conducted by F. A. Munday, to whom thanks are due for tuition in Surprise Major. Master of University of London Society in 1961 and at age of 21 became Master of Guildford Diocesan Guild in 1962, continuing in that office until 1966. Central Council 1963 onwards.

Rang several peals for Cumberlands, including one of the six peals of 9-Spliced S. Major on March 9th, 1968, a few for other Societies, and about 80 for the Guildford Guild, 38 as conductor. Highlight of last period in office was the opening of the bells at Guildford Cathedral on May 17th, 1965, Married Jill Lane, of Merrow, in 1961, who has rung 55 peals with him. 9-month-old son, Timothy. Captain at West Clandon since a new band was formed in 1966, when they returned to the neighbourhood after two years at Old Woking.

JOINT MEETING AT DENHAM

The meeting at St. Mary's, Denham, on January 22nd. was attended by ringing members and their families from the Middlesex County Association (South and West Branch), the Ladies' Guild and the Oxford Diocesan Guild (East Berks and South Bucks Branch). The programme began with ringing on the 24 cwt. eight and this was followed by a service conducted by the Rector (Rev. E. Corr). The sermon was preached by Mr. Geoff Hadrill, one of the lay readers in the parish and himself a ringer.

An excellent tea was prepared by the ladies of Denham, and the remainder of the evening was spent as a social. The highlights of this were the film "This then is Denham", which portrayed aspects of parish life and activities and was made by the Higher Denham Film Society, and the tunes played on handbells by Mr. and Mrs. Ernest Eldridge, of Cookham, and Miss Diana Seal, of Maidenhead.

J. R. A. M.

JOHN TAYLOR & CO., LOUGHBOROUGH, LEICESTERSHIRE

OUTING IN MID-SOMERSET

On March 8th a small party of ringers from the Bath area held a pleasant outing in glorious sunshine around the Taunton/Bridgwater area. Details:—

Pawlett.—A' pleasant ring of five on plain bearings; a trifle loud in ringing chamber. The tenor the oldest bell, 1625; fourth recast in 1938 by Mears and Stainbank.

Puriton.—This six go well but are not in tune. Local band has done a good job with decorating the ringing chamber. The bell chamber spotlessly clean with blue headstocks and yellow wheels Louis Pope and Ron Short joined us in the ringing

Chedzoy.—A pleasant-toned six but are showing signs of neglect. Clock no longer in motion, plaster falling down and ringing room dirty. Two items that struck us as uncommon: (1) The rope circle with 1, 2 and 3 bunched tightly together and then a partition which obstructs the vision of the other three; (2) the frame is set at an angle of 45° in the tower with 1 and 4 on plain bearings and the rest on ball bearings. The tenor is well known for slipping wheel, but it was found that with a perfectly tight rope and keeping it absolutely straight no further trouble was experienced even when turned in. If this bell does slip wheel, the ringer stands a more than even chance of some grazed knuckles as the rope comes down near the partition. The ring is tuned to the key of F.

Goathurst.—A pleasant, average ground floor ring on ball bearings. We were pleased to meet the Rector.

Enmore.—Heavy six on plain bearings which sound more pleasant outside. One or two bells tend to drop but considering they are not rung too often are not too bad. Bells are in the key of E.

Cothelstone.—Note that the tenor is now unringable due to badly worn bearings and the rope has been removed for safety. The other five are rather unmusical and tend to drop, but considering ringing has only been revived in late years they are not too bad. The bells are in E, rung from the ground with rope guides. The church has a beautiful setting on an estate and is well worth a visit,

Kington St. Marv.—A pleasant-looking tower; bells rehung 1968 by Mears and Stainbank. Clean, well-looked-after ringing room. Architect will not allow the bells to be rung for long periods due to the tower, so peals. etc., are out of the question. But in our humble view the tower could as well fall down in short spells of ringing as in a peal.

Creech St. Michael.—A pleasant, average six in the key of E. The Vicar made us very welcome.

Our ringing aspired to the heights of Spliced Surprise and several courses of London, but one or two touches could have been better. We do wish to thank those who came to meet us and we were pleased to meet new friends.

A.F.L.

CHILCOMPTON DOES IT AGAIN

On March 1st at Ashwick four Chilcompton ringers were in the team that rang 10,080 Surprise Minor. The peal, believed at present to be a record length for the Bath and Wells, consisted of 14 different 720s of Surprise Minor. The conductor was Adrian Beck.

One of the youngest companies in Essex is

One of the youngest companies in Essex is at Thorpe Bay, the oldest member being Paul R. Sentance (19). We look forward to many quarters from Thorpe Bay.

The peal at Stratford on February 15th was a compliment to Mr. Malcolm Phipps and Miss Marjorie Yarnold, who were married the same day at Chesterfield Parish Church.

When the North Dorset Branch met at Stourton Caundle on March 8th they had the biggest attendance for 21 years with over 50 members and visitors present.

only from

Peter Sloman, 96, Mountview Road, London, N.4.

OBITUARY

MR. J. F. MILNER

John Frederick Milner died suddenly at his home in Sheringham, Norfolk, on Tuesday, March 11th, 1969. He was 69.

Mr. and Mrs. Milner retired from their business at Kirklington, Notts, and settled on the Norfolk coast some six years ago. Fred, a man of outstanding size, strength, charm and generosity, had motored tens of thousands. a man of outstanding size, strength, charm and generosity, had motored tens of thousands of miles in the course of his ringing career and had taken part in more than 500 peals, many in multi-method Surprise Major. He was particularly proud of his association with the late Harold Poole, with whom he rang many peals, and of the restoration and augmentation of the new ring at Southwell Minster, at which tower he conducted London Surprise Major on March 27th, 1954, for his 500th peal.

500th peal.

At Kirklington Fred was a churchwarden and Ruth organist for many years. He was well-known as a splendid craftsman in wrought iron, and many examples of his work will survive for centuries.

N. G.

BEDFORDSHIRE ASSOCIATION

Despite the snow and ice, there was an average attendance for the time of year at the Biggleswade District meeting on February 8th at two 5-bell towers—Compton and Meppershall. At the business meeting the gathering stood in silent tribute to Mr. Andrew Sinfield, of Maulden, and it was sad that not more of his contemporaries could have braved the cold to honour his memory.

The annual outing is to be held on the third Saturday in May, with a venture into Rutland for the first time in many years. Our thanks to Mr. Philip Rogers for his efforts to make the outing a success year after year.
