SUGGESTIONS FOR THE COUNCIL.

In addition to the matters specifically mentioned in the Central Council's agenda, there are one or two things which we hope will come before the meeting next Tuesday at Lincoln. One is the question of the official communication of the Council's resolutions to the affiliated bodies, when those resolutions are outside the purely private affairs of the central body. We have, on previous occasions, pointed out that although the Council may pass resolutions of importance to the Exercise, there is nothing in the rules or constitution which makes it necessary for the Council to inform the affiliated societies of any action taken. This is a weak link in the chain, and certainly detracts from the authority of the Council. It is true that in many cases representatives are called upon to report to their associations, but when an association happens—as does happen with some of them every year—not to have a representative present, there is no means of securing that a decision of the Council shall be transmitted to the affiliated body. Whether this defect in the machinery can be remedied without coming within the interpretation of an alteration of rules, of which one month's notice must be given, we do not know; but if it does, the recommendation of the Standing Committee, or an expression of opinion from the meeting, would overcome the difficulty for this year, and the matter could be more formally regulated by due notice next year. In any event, common sense dictates that the present rather absurd position should be altered.

Another matter which we hope will come up for decision is the question of the publication of the Plain Major methods. This work, which would be of great interest and use to the Exercise, has been delayed by the war and the subsequent high cost of printing; but if it is now found that the collection cannot be published as a whole, we commend to the Council our suggestion made long ago, that it might with advantage be published on the instalment plan, thus enabling the outlay on one section to be largely recovered before the next is embarked upon. At any rate, we hope something may be done, not only because it would be primarily in the interests of ringing, but also because it is a great pity that so much valuable work should be pigeon-holed and the labours of the Committee blanketed.

There is one other action which we should like to see taken by the Council. A great deal of trouble was taken to collect a list of all the ringers who fell in the war. That list, we presume, is now among the archives of the Council. We should like to see a resolution passed to have those names, with other particulars available, written on parchment, so that they may occupy an honoured place in the new library.

ST. MARTIN'S GUILD, BIRMINGHAM.

A RING OF TWELVE FOR ASTON?

The spring meeting of the St. Martin's Guild for the Diocese of Birmingham was held at Aston on Saturday week, and, as usual, when held at this old familiar tower, was well attended.

Aston! To Birmingham ringers—and especially to those who were young and are now of a certain age—the very name conjures up memories of doughty deeds of long ago; long peals (and short ones!) freak peals (as Stedman Major), and scores and scores of ordinary peals of all kinds, good, bad and indifferent, but mostly good, and mostly Stedman Caters.

Here it was that the Holt Society was formed in 1879, mainly owing to the efforts of Mr. Wm. Kent, and flourished exceedingly, to the no small concern of its ancient contemporary, the St. Martin's Guild. Here it was that the great Henry Johnson rang most of his peals, and here he now sleeps his last sleep, as also does Thomas Reynolds of blessed memory.

We have on previous occasions described the magnificent old Gothic church, and its stately Elizabethan neighbour Aston Hall, which was besieged by the Parliamentary forces in the days of Charles the First, and surrendered after a gallant defence.

Fortunately the old hall, and about 50 acres of the surrounding park, were acquired by the Corporation of Birmingham, and thus saved for all time from the depredations of the jerry builder who has already done untold damage to what, at one time, was claimed to be one of the prettiest villages in the country.

The following was written of Aston by the Rev. A. Cleveland Cox, of Baltimore, U.S.A. (afterwards Bishop of New York), who visited it in 1851 (An Easter Monday ramble took Mr. Cox and his friend to Aston):—'We came suddenly in sight of the old church, its beautiful spire and gables harmonising with the surrounding view, and telling a silent story of long past years. Beyond it, a majestic avenue of elms disclosed at its extremity a mansion of Elizabethan architecture and date, not the less revered from the fact that Charles the First slept in it just before Edgehill fight. The rooks were chattering in its venerable trees, which seemed to divide their predilections equally with the steeple. Had I challenged my friend to show me a genuine Roger-de-Coverley picture in real life, as the entertainment of my holiday, I must have admitted myself satisfied with the scene at Aston. Not only did the old hall, and the church, in all particulars, answer to such a demand; not only did a river run by the churchyard; not only were there fields beyond, with cattle grazing, corn sprouting, and hedges looking freshly green; but when I entered the churchyard gate, lo! a rustic party, in holiday trim, were hanging about the old porch, awaiting the reappearance of a bridal train, which had just gone in. It wanted but the old Knight himself and his friend the Spectator, to make the whole scene worthy of the seventeenth century.'

The scene thus depicted seems very far off when we think of this noisy, bustling corner of old Aston to-day, with its innumerable tram-cars, and the huge football crowds which fill it on so many Saturday afternoons (the ground of the famous Aston Villa Club is within a stone's-throw of the church). Yet it presented just such a picture as the writer describes within the memory of many living there to-day.

The bells are a peal of ten and somehow seem to have lost the charm they once possessed. Indeed two of them are cracked, and when this was pointed out to Mr. Phillips, one of the churchwardens, together with the fact that there was room for a really good peal of twelve, he became quite interested, and it is not altogether impossible that, in the not too distant future Aston may be the proud possessor of a ring of twelve. Funds are already being collected for repairing the tower and spire, and if the additional money can be raised for the bells, the job might be done at the same time. Who knows?

Through the generosity of the Vicar and wardens tea was provided in the Vicarage rooms, followed by the business meeting, under the chairmanship of the Presiding Ringing Master, Mr. Alderman J. S. Pritchett, M.A. An apology from Mr. Albert Walker having been read, and routine business disposed of, the Chairman proposed hearty thanks to the Vicar for the use of his bells, and to the wardens, Messrs. Phillips and Poole, for so kindly entertaining them. Mr. Pritchett reminded them that last year they invited the Guild to make the visit an annual one, and they had taken them at their word. So long as they received such a cordial welcome they would continue to come unless they received an intimation to the contrary. He also wished to thank Mrs. Phillips and the other ladies for their kind attention at table.

Mr. Albert Parsons seconded. He added he had come early that afternoon for the express purpose of looking through the old church, and was delighted with the grand interior, particularly the chancel and the Erdington chapel, which were full of historical monuments of great beauty.—Needless to add, the resolution was carried with acclamation.

The Vicar, the Rev. Canon W. J. Cole, M.A., in reply, alluding to Mr. Pritchett's remarks as to the beauties of Aston 100 years ago, said he did not wish it to be like that to-day. He thought it was

far more beautiful now than it could possibly have been then. The teeming people were more interesting to him, and he would rather have it as it is than the sleepy old village of 100 years ago.

The writer made a mental note that this was the first time he had ever heard anyone prefer present-day Aston to the Aston described above by the Rev. Cleveland Cox. Ugh!

Mr. Phillips said they were grateful for the vote of thanks, but it was they who were honoured by the presence of the Guild. He loved the music of the bells, but the secretary had just told him that it was not as good as it might be, and also that a full peal comprised twelve bells. He did not want Aston to be behind other churches in this respect, and he would see what could be done to get a full peal for their old tower (loud cheers).—Mr. Poole also suitably responded.

Later the tower was revisited, while a good touch of Stedman Cinques was rung on handbells, by P. O. Laffin 1—2, A. Norman 3—4, G. F. Swann 5—6, J. E. Groves 7—8, W. Kent 9—10, M. J. Morris 11—12.

It was decided to hold the next meeting at Boldmere, if the necessary permission be granted. A. P. S.

BARNESLEY & DISTRICT ASSOCIATION.

A HINT TO THE CLERGY.

A monthly meeting of this Association was held at Sandal Magna on Saturday, May 13th, and a large company gathered to ring on this renowned peal of six bells, cast by Messrs. Mears and Stainbank in 1812. Wakefield, Barnsley, Crofton, Wath, Wragby Pontefract, Felkirk, Selby, Badsworth, Earlsheaton and Royston were represented.

A substantial tea was provided by the local company, and Mr. Wm. Reyner (President) occupied the chair at the meeting. Some interesting discussions took place, after which the President introduced the Vicar (the Rev. A. Audley Parry), and said how important it was for the work of the church, that both ringers and clergy should meet together as church workers, in common with all other bodies connected with the church. In times past the ringers, in many cases, were almost a nonentity, but he was pleased to say the clergy and church officials were now taking a more lively interest in their work, and he thought this was in a great measure due to the efforts of the various ringers' associations. He, in common with all true campanologists, regretted the fact that many good peals of bells hung silent in the steeple. This was a deplorable fact, and ought to be seriously considered by all associations. He thought, too, that the rural deans, in their usual visitations, should make inquiry into both bells and ringers, and where dissatisfaction or a dormant peal was found to exist, a report should be made to the proper authority. The fault did not always lay in the condition of the bells, but sometimes in some unpleasant controversy which existed between the ringers and the incumbent, or in some other causes which ought to be ascertained. He also suggested that all clergy who were intent on providing recreations and amusement for young men, should endeavour to introduce the art amongst them, as both the physical and mental exercises in campanology were equal to any, and far superior to some of the recreations of the present day. This effort would probably stimulate and interest some young men and eventually they would not only be included in the army of church workers, but perhaps become adepts in the art and science of change ringing.

The Vicar gave the company a hearty welcome to the parish, and hoped they would be delighted with their visit. They and all ringers were professors of a noble art, and one full of reminiscences from times immemorial. He thought that to Chiusa one would have to look for the real origin of bells, but their various forms and uses were so wrapt up in antiquity that it was almost impossible to trace their origin. To bells could be attributed the responsibility for the beautiful towers and steeples in connection with places of worship, both in this country and also on the Continent. If the history of bells could only be correctly written, they could give the whole history of Europe. Ringers loved their bells, and where they could call thousands to places of worship, the clergy could only reach the members from the pulpit. Ringers were true ministers of God, and reminded people of their bounden duty. The various peals gave both joy and pleasure to both ringers and listeners, and served a good and holy purpose. When a mournful peal was rung, or a passing bell was tolled, it reminded them all that they too must sooner or later pay the debt of nature and pass away to the great beyond.

The Vicar was heartily thanked for his interesting and inspiring address, and after a vote of thanks to him and the ladies who served the tea, a very interesting meeting terminated, and the bells kept going again until 9 p.m.

It was decided to hold the next monthly meeting at Monk Bretton, near Barnsley, on Saturday, June 10th.

HOUSLOW.—At St. Paul's Church, on April 30th for evening service, a quarter-peal of Grandsire Triples, in 42 mins.: F. Goddard 1, A. Beckensale 2, C. Tricker 3, J. Shave 4, T. Beadle 5, G. Spencer (conductor) 6, A. Harding 7, H. Brooks 8.

BATH AND WELLS DIOCESAN ASSOCIATION.**LICHESTER DEANERY BRANCH.**

The Lichester Deanery Branch paid a visit to Yeovil for their meeting on May 15th, and there was a large attendance of ringers from the towers of Norton-sub-Hamdon, Stoke-sub-Hamdon, Martock, Ilminster, Langport, Bridgwater, and Yeovil Parish Churches.

During the afternoon touches of Grandsire Triples and Caters and Stedman Triples were rung on the very fine peal of ten bells in the Parish Church tower, under the direction of the Ringing Master, Mr. Taylor, of Ilminster.

The usual service was held in the Parish Church in the afternoon, and this was conducted by the Rev. G. W. Saunders, Vicar of Martock, the president of the Guild, and the singing was led by the organ, played by Mr. F. G. Risdon, organist and choirmaster.

The Rev. G. W. Saunders gave a most interesting address, in which he gave details of the story of Yeovil bells, the history of which goes back to 1432. Tea followed in St. John's Schools, at which the Rev. G. W. Saunders presided. Included in the company was the Vicar of Stoke-sub-Hamdon (the Rev. H. Jocelyn Davies), the churchwardens of Yeovil Parish Church (Messrs. W. E. Tucker and J. Goodchild), and the branch secretary (Mr. F. Farrant, Martock). An excellent tea was served by Mrs. J. Goodchild, Mrs. H. Y. Standring, Mrs. Cridge, and Mrs. Denslow.

The usual business meeting followed.—The President said that the decision of the Association to come to Yeovil had been justified by the excellent arrangements made for their reception, and he thanked the ladies who had provided such an excellent tea for them. He had had a note from the Vicar regretting that owing to a previous engagement he was unable to be present.—Several names were presented for membership and accepted, and it was decided that the next quarterly meeting be held at Huish Episcopi.

Much interest was taken in two rolls of parochial accounts of the time of Queen Elizabeth, shown by the churchwardens. The accounts contain many entries for the care and repair of the bells and one of them (1587) recorded the ringing of the bells when 'the Queen's Majesty (Elizabeth) began the twentieth yere of her moste happie veigne.' The original contract, signed in 1728 by Thomas Bilbie and the churchwardens for the re-casting of the tenor bell in that year was also closely examined.

During the evening the bells were kept going in various methods by the Yeovil ringers and their visitors.

GREAT BADDOW BELLS.**SUGGESTED RECASTING OF AN ESSEX RING.**

At the meeting of the South-Eastern District of the Essex Association, at Great Baddow, on May 20th, a suggestion that the bells should be recast was put forward, and the Vicar expressed the hope that it might be taken in hand at an early date.

The meeting began with a service in the Parish Church, the Association special form being used. The Rev. C. Neill, M.A., Vicar, officiated. The address was given by the Rev. F. A. Rough-ton, M.A., Vicar of Galleywood. Tea and a meeting followed in the Parish Room. Mr. W. Lincoln, District Master presided, supported by the Vicar, Messrs. F. Howard and F. Smyth-Tyrell (churchwardens), Mr. C. H. Howard, J.P., Master of the Association, Mr. P. Timson, district secretary, and thirty members from Rettendon, Broomfield, Sandon, Chelmsford, Maldon, Fryerning, Writtle, Braintree, and Great Baddow.

The Master thanked the Vicar for the excellent tea, and the Vicar of Galleywood for his helpful address. He also called attention to the unmusical tone of the bells, and expressed the hope that the Church authorities would consider the question of recasting the bells—a much-needed improvement. Great Baddow he said, was unique in that it possessed the most musical ring of bells for its weight in the diocese at the daughter church at Galleywood, and the peal at the Parish Church was the most unmusical.

The Vicar, replying, said he knew the bells needed re-casting and putting thoroughly in tune and he hoped the matter would be taken up by the parishioners at an early date, so that they might have a peal of bells worthy of their fine old parish church.

The Master said Great Baddow was a renowned ringing centre early in the nineteenth century. The peal of Bob Major 10,080 rung there on March 7th, 1818, still held the record as the longest length rung in that method in the county.

Ringings continued during the evening, Miss A. E. Waldoe, of Maldon, taking part in touches of Bob and Treble Bob Major, her first attempt on eight bells.

The next meeting was fixed for Fryerning in September.

Members of the North-Eastern Division had a very successful meeting at Great Tey on Saturday, May 27th, 35 members, representing 15 towers, being present. Touches of Stedman, Double Norwich, Cambridge, Superlative, and other methods, were rung.

After tea, presided over by the Master Mr. W. J. Nevard, ten new members were elected, and after discussion, Goldhanger was the place in favour for the next meeting.

BELFRY GOSSIP.

Last Sunday was the anniversary of the first peal of Stedman Caters, which was rung at St. John's, Horsley Down, by the College Youths on May 28th, 1787. The tablet recording this historical performance adds this quaint comment, 'May this peal transmit their (the ringers') names to posterity with that of the ingenious Mr. W. Jones, on whose abilities his inimitable commentaries so happily concludes with "Here the Cynic and the Panegyrist stop" and join in eulogiums to such distinguished merits.'

Sunday was also the tenth anniversary of the Bristol Surprise record, 15,264, conducted by Mr. W. Pye at Hornchurch in 9 hrs. 40 mins.; and the anniversary of the first Surprise peal rung out of England, Superlative, at Bray, Ireland, in 1901, which the Editor of 'The Ringing World' had the privilege of conducting.

On the following day, the only peal yet rung on the sea was conducted by Mr. W. Short on s.s. Cambria, and the first Surprise peal in Wales, New Cambridge, was rung at Bangor by members of the same party.

The first peal of New Cumberland Surprise was rung at Burton on May 31st, 1886, and on June 1st, 1912, the 14,931 Stedman Caters on handbells was rung at Guildford.

On June 3rd, 1773, the first twelve-bell peal was rung in Birmingham—a peal of Grandsire Cinques. There have been a good many twelve bell peals rung in the famous Bull Ring since then and when the 150th anniversary falls next year, doubtless the first performance will be fittingly celebrated.

Next Sunday is an interesting anniversary for the bells of Bow, Cheapside, for exactly 160 years ago, viz., on June 4th, 1762, the new peal of ten bells by Lester and Pack, were rung for the first time.

Thirty years ago next Tuesday was rung the celebrated 16,698 of Oxford Treble Bob Major at Debenham, in 10 hours 32 mins., and on the 8th June, 1906, the 16,800 of Oxford Treble Bob was rung at Mottram in 9 hours 40 mins.

The death has occurred of Mr. W. J. Sedgeley, of King's Lynn who was for many years hon. secretary of the King's Lynn Branch of the Norwich Diocesan Association. An 'in memoriam' touch of 1,680 Kent Treble Bob Minor was rung at St. Faith's Church, Gaywood.

The many friends of Mr. J. Frank Smallwood, of Birmingham, will learn with regret that he has been in Queen's Hospital suffering from a very painful malady. He is now, happily, slowly mending, and has been able to leave the institution.

Mr. John Carter has left London for his summer sojourn in the Isle of Man.

Those who ring peals during Whitsuntide are requested to post off their reports at once so that they may reach us by Tuesday morning.

Messrs. W. Aggett and Sons, of Chagford, have orders for the restoration of the peals of bells at Coombe-in-Teignhead, Landulph, Whitechurch, Ashburton and Slapton, near Kingsbridge (Devon), etc.

We are asked to state that the peal of Stedman Triples at St. Stephen's, Clapham Park, on Easter Monday was Carter's O Bob One-Part.

DEATH OF MR. SAMUEL HOW.

A VETERAN COLLEGE YOUTH.

The veteran member of the College Youths, Mr. Samuel How, passed away on May 24th, and was buried at Fulham Cemetery, Mortlake, on Saturday, May 27th. The funeral service was conducted by an assistant priest of All Saints' Church, where Mr. How had, for about 25 years, rung twice a day for Divine service.

Mr. How was born at King's Kerswell, Devon, on February 19th, 1832, and there it was he learned to ring the bells up in peal. He also used to ring at St. Mary's Church, Torquay, his uncles also being ringers. He remembered the College Youths visiting Exeter, at the invitation of Mr. Troyte, when the British Association met there in 1869. In those days very little change ringing was done in the Western county, and after hearing a faultless 504 Stedman Triples, rung at St. Sidwell's Church, probably the first scientific ringing the Devon men had heard, Mr. How's uncle critically remarked that they 'ought not to call themselves ringers any more.'

Mr. How had taken part in 65 peals, all rung on the tenor. His first being Grandsire Triples at St. Mary the Virgin's, Putney, and his last at All Saints', Isleworth, both called by Mr. C. F. Winney. The deceased, who was in his younger days a very strong man, had rung peals with many of the old school of College Youths. He worked very hard, and brought up a large family, and with his wife, lived to celebrate his golden wedding. He was a man always devoted to duty and was a delightful company.

Mr. George Roberts and Mr. Robert Burgess were present at the funeral, and Messrs. C. F. Winney, W. T. Cockerill, H. R. Pasmore and T. Taffender, junr., rang, over the open grave, three whole-pulls in rounds with a pause between, and afterwards a course of Stedman Triples.

REPORT OF TOWERS AND BELFRIES COMMITTEE.

During the year 1921-22 the members of your committee have been consulted individually with regard to schemes of rehanging, etc., and advice has been given in some half-dozen cases.

At the end of 1921 your committee got into touch with the Society for the Protection of Ancient Buildings, and the members have attended four conferences with that society. As a result a statement has been drawn up setting out the points upon which your committee and the society are agreed in connection with the hanging of bells in old church towers. It is proposed that this document, after final revision, shall be printed and circulated to the ecclesiastical authorities concerned, including the Diocesan Advisory Committees, which have been recently set up. The society suggest that the expense of printing and circulation should be shared by the two parties to the conferences, and your committee ask for authority to contribute a sum not exceeding five pounds towards this cost.

For the purpose of these conferences your committee co-opted the Rev. C. W. O. Jenkyn, and they request the Council to confirm this co-option to the committee.

OTHER ARRANGEMENTS.

To the Editor.

Dear Sir,—I understand from Mr. F. W. Stokes of Blankney, Lincoln, that the Lincoln Diocesan Guild have kindly arranged to invite the representatives to tea, after the meeting on Whit Tuesday. This will probably be given at the White Hart Hotel, which, I understand, is near the Cathedral, and which I propose making my headquarters over the week-end, for the benefit of those who wish to get into touch with me or each other.

In regard to local arrangements, I am informed that the two Lincoln members of the Guild, Mr. G. Chester and Mr. C. W. P. Olifton, have kindly volunteered to deal with any applications for towers for ringing. The former's address is No. 61, Carline Road, Lincoln.

Mr. J. W. Seamer, of 9, St. Augustine's Avenue, Grimsby, is in touch with the Reception Committee. He states that ringing could be arranged for Whit Monday at both the eight-bell towers at Grimsby, and possibly at Louth, where there is a heavy ring of eight.—Yours faithfully,

E. ALEX. YOUNG.

Sir,—The bells of St. Peter-at-Arches (8) in this city (near the Stonebow) will be available for the convenience of members of the Central Council on Whit Monday, from 8.30 to 9 p.m. and on the Tuesday from 6.30 p.m. to 8 p.m., and from 8.20 p.m. to 9 p.m., the interval being necessary because of a service.

Our ringing times on Sunday are from 10.30 to 11 in the morning, and from 5.45 to 6.30 in the evening. The methods rung are Grandsire, Stedman and Bob Major, and, if we have sufficient visitors, Treble Bob and Double Norwich.—Yours, etc.

CHARLES MCGUINNESS.

NOTICE OF LONG PEAL.

FORTHCOMING ATTEMPT ON THE TREBLE BOB RECORD.

On Whit Saturday, June 10th, 1922, eight members of the Lancashire Association will start for Mr. Gabriel Lindoff's 18,240 of Kent Treble Bob Major at the Parish Church, Mottram-in-Longdendale, Cheshire, starting at 8 a.m.

NEW BELLS AT BROUGHTON.

STAFFS PEAL OPENED.

A new peal of eight bells has been installed at Broughton, Staffs, and has been dedicated by the Bishop of Lichfield. By the munificence of Mr. John Hall, the old six has been recast and two larger bells added, making a magnificent octave, with a tenor of 15½ cwt. in F. The bells are hung in a new H frame on steel girders, and swing on ball bearings. The roof of the tower has been raised so that the bells can be heard to the best advantage. The whole of the work has been carried out by Messrs. J. Taylor and Co., who are to be congratulated upon the splendid execution of the task entrusted to them.

On each of the six smaller bells is inscribed: 'Pietatis ergo sr b Broughton Barti, 1720—Recast, 1922,' and on the seventh '1922,' while the tenor bell bears the following record: 'The six smallest bells recast and two larger bells added by John Hall 1922.'

The dedication ceremony was attended by a large number of people from the parish and surrounding district, and in addition to the Bishop of Lichfield, the Rev. W. S. Robinson (Vicar of the parish) and the Rev. J. Richards (Rector of Ashley) were present.

The dedication touch consisted of 168 Grandsire Triples, conducted by Mr. W. Weatherby, of Market Drayton, the ringers being R. T. Holding 1, J. H. Riding 2, H. Holding 3, R. Langford 4, V. R. Rodenhurst 5, W. Saunders 6, W. Weatherby 7, J. L. Hayward 8. Touches of Stedman Triples and Bob Major followed, Mr. R. T. Holding conducting the second touch of Bob Major, and the following ringers taking part: A. Hickman 1, J. H. Riding 2, H. Holding 3, R. Langford 4, V. R. Rodenhurst 5, W. Saunders 6, W. Weatherby 7, R. T. Holding 8. Additional touches of Grandsire and Stedman were also rung, the following ringers taking part, in addition to those named, Messrs. P. Taylor and J. Oldham (Loughborough), T. Tudor and A. Lawton.

The general opinion of the ringers who attended the dedication was one of unstinted praise of the fine tone of the bells and of the excellent finish of the workmanship.

On Saturday, May 13th, a peal of Grandsire Triples was rung.

NEW METHODS.

To the Editor.

Sir,—Mr. Pyc has evidently made statements which he cannot substantiate. In a previous letter he claimed to have called peals of Bristol with the 6th 12 courses at home. This week he reduces it to one peal, six leads short of the extent.

I am pleased to see Mr. Pyc recognises the strength of the Whitley Bay band, with whom I rang my peals of Bristol. It might interest him to know that this band from treble to tenor say that the back work of Bristol is monotonous.

As regards the musical qualities of Erin, Forward, etc., Erin is more musical than Stedman; Forward is more musical than Treble Bob. Dublin Complex is akin to Bristol for music, but is spoiled by its lengthening lead. Superlative is best left alone, both double and single. It says little for Mr. Pyc's opinion of a musical method, after praising it in the way he did in a previous letter. Duffield was composed to eliminate the bad patches in Superlative, but, as these methods (owing to their short courses) contain more calls, they do not appeal to the conductor who likes to score a peal at every attempt.—Yours, etc.,

W. H. BARBER.

LONGEST LENGTH OF LONDON.

To the Editor.

Sir,—The honour of producing the longest length of London belongs, in my humble opinion, to the Rev. H. L. James. That the peal is obtained on the same plan as Mr. Lindoff's is undeniable. It is an honour to be able to claim the longest length in any method, and many will regret that Mr. Lindoff having got so near did not persevere and get that 'little more' that Mr. James has.—Yours sincerely,

W. A. CAVE.

DEATH FROM EFFECTS OF WOUNDS.

The death has occurred at Upper Walmer, of Mr. J. Trinder, for many years a member of the Kent Association. The deceased, who was 45 years of age, served in the war, and it is to the effects of the wounds he received in 1917 that he has now succumbed.

Mr. Trinder had rung seven peals, one of Bob Major, one of Stedman Triples, and five on six bells.

HERTFORD COUNTY ASSOCIATION.

On Saturday, May 27th, the Northern District held a meeting at Barley, which is situated in the north-eastern corner of the county. The tower, which is of Saxon architecture, contains a nice ring of six bells, which have recently been rehung by Messrs. Day and Son, of Erc, Suffolk. In the absence of the Rector, the Rev. Fossett conducted a short service, and gave a suitable address.

Tea was provided in a very quaint old fifteenth century hall opposite the church.

Unfortunately this meeting clashed with a meeting held at the same time at Bennington, but ringers from Barkway, Fulbourne, Hitchin and Royston were present, and spent quite an enjoyable afternoon.

A resolution was confirmed, on the proposition of Mr. R. King, seconded by Mr. E. Howard, that the June meeting be held at Knebworth as formerly.

Thanks to the Rector for the use of the bells, to the Rev. Fossett for conducting the service, to Miss Wilkinson (the Rector's daughter) for presiding at the organ, to the ladies who did such excellent catering for tea, and to Mr. Mansfield for making the necessary arrangements.

EASTERN DISTRICT.

The May meeting was held on Saturday at the old-world village of Bennington, which in its spring beauty was looking at its best, and all who attended were well repaid for the labour which the journey involved. Members and friends assembled from places far apart, and one lady ringer had cycled the distance from Trumpington, a suburb of Cambridge. The towers represented were Barkway, Baldock, Hitchin, Ware, Hertford, Gravelly, Luton, Great and Little Munden, besides the members of the Bennington band, including the two veterans Messrs. J. Kitchener and S. Page.

Tea was provided by the generosity of the Rector (Rev. W. E. Mills), who had specially wished to do exactly as his father, the late Canon Mills, had done to welcome the association to Bennington for so many years, and a very hearty vote of thanks was accorded him for so doing.

The business meeting followed tea, Mr. J. Kitchener presiding, after which an adjournment was made to the famous tower, and Messrs. Kitchener and Page took a rope in a touch of Superlative Surprise, which gave them much pleasure, and brought back memories of the days 50 years ago, when Superlative Cambridge and London were the usual thing for morning and evening service, and when very few village bands could ring these methods.

WESTERN DISTRICT.

The quarterly meeting of the Western District was held at Apsley on Saturday, May 20th, when members attended from Hemel Hempstead, Tring, Laverstock Green, Berkhamstead, and one local tower. A short service was held, conducted by the Vicar, who, before giving the address, extended a very warm welcome to the association.

Tea, which was partaken of in the Church Room, was kindly provided by the Apsley ringers.

At the business meeting, at which Mr. H. Cutler presided, ten new members were elected, viz., Messrs. H. Cutler, W. Breed, R. Cutler, C. Henley, D. Birchmore, W. Humphrey and K. Runkham, of Apsley; and E. G. Benson, J. Blunt, and P. B. Curl, of Berkhamstead. Votes of thanks to the Vicar for the use of the bells and his address, and to the organist and to the Apsley men for their kindness in providing the tea, brought a very pleasant meeting to a close. The tower was again visited, and the bells were lowered in peal at 8.30.

ELY DIOCESAN ASSOCIATION.**ARCHDEACONRY OF WISBECH BRANCH.**

A district meeting was held at March, on Saturday, May 20th, when ringers were present from Cambridge, Newmarket, Terrington, Shouldham, Chatteris, Somersham, and the local band. Touches were brought round in various methods during the day, and some double-handed handbell ringing was much appreciated. A short service was conducted by the Rector (the Rev. G. S. Walker), who gave a hearty welcome to members. The Association form of service was used, and Mr. G. T. Bailey, the organist, was at the organ.

Afterwards a capital tea was provided in the Church Room by the Rector, Mrs. and Miss Walker were also present.

A business meeting followed, at which the Rector was elected an honorary member, and three ringing members were enrolled. Wisbech was chosen for the next meeting.

A very hearty vote of thanks was accorded to the Rector and all helpers, on the motion of Mr. R. Lathbury, seconded by Miss B. Shorter, for lending the bells, taking the service, and providing the tea; also to the Rev. R. Ridge, Rector of Doddington for granting the use of his bells.

The tower was then again visited, and further ringing was indulged in. Some of the members went to the old village of Doddington, where touches were brought round on the fine-toned bells much to the interest of the local band, who met the party. Thanks are due to them for having everything ready.

NORTH NOTTS ASSOCIATION.**NUMERICAL ADVANCE, BUT MEAGRE PERFORMANCES.**

The 35th annual meeting of the North Notts Association was held at East Retford on Saturday, May 20th, and was attended by upwards of 60 members and visitors from kindred associations. The three towers in the old borough, viz., East Retford (10), West Retford and Ordsall, were at the disposal of ringers from 2 to 9 p.m., and were made good use of. The following towers were represented: Anston, Barlborough, Blyth, Harthill, Norton Cuckney, Laneham, Sutton-on-Trent, Ordsall, East and West Retford, Tuxford, Warsop and Worksop, while members from kindred associations were present from Wortley, Chesterfield, Staveley Town, Treeton, Doncaster and Tickhill.

A short service was held at East Retford Church, at which the Rev. C. Bailey gave an excellent address, in which he dwelt upon the sacredness and importance of the ringer's office.

An excellent tea was provided at Cooke's Cafe, in Carolgate, the gathering being presided over by the Rev. C. Bailey. At the business meeting which followed, the Vicar was supported by the Rev. J. S. Mumford (of Norton Cuckney, late of East Retford), the hon. secretaries, Messrs. H. Haigh and D. A. Piercy, and also by the hon. secretary of the Doncaster District Association (Mr. Harold Walker) and Miss K. Jackson, of the Parish Church, Doncaster, and Miss A. Taylor, of Worksop Priory.

A vote of sympathy was passed, the members rising in silence for a few moments with Mr. T. R. Flint, an energetic member of the committee, who has recently lost his wife, and the secretary was authorised to write him a letter of condolence.

The following new members were elected: 5 from Worksop, 7 from Edwinstowe, 6 from Harworth, 3 from Warsop, 4 from Tickhill, 2 from Doncaster, 3 from West Retford, a total of 30, and a new record for the association. This list included the Misses A. Taylor, E. Winrow, E. Weaver, of Worksop Priory; Miss K. Jackson, of Doncaster; also six non-resident life members and three vice-presidents among them the Rector, churchwarden, organist and sidesmen from one church, all proposed by Mr. H. Haigh, and seconded by Mr. G. Hardwick.

The officers were re-elected, viz., President, the Lord Bishop of Southwell; patrons, His Grace the Duke of Newcastle, His Grace the Duke of Portland; the vice-presidents, secretaries, and working committee.

The annual report was read and adopted. Whilst congratulating the members upon another year of advancement, numerically and financially, the Hon. Secretary reported that from a ringing standpoint the performances of the society were very meagre indeed, not a single peal of 5,000 changes having been rung by any company, and the only 720's in new methods were rung by Anston, Barlborough, Ordsall and Worksop. The report went on to review the work of the year, and bore testimony to the support accorded by the vice-presidents. The membership roll at the end of the year was 16 vice-presidents, 161 performing, non-resident and probationary members.

The balance sheet, audited by Messrs. A. Johnson and W. H. Johnson, V.C., showed a credit balance of £25 16s. 7d., a gain on the year's working of £2 15s.

A hearty vote of thanks was proposed to the Rev. C. Bailey for presiding, for his excellent address, and for the use of bells; also to the Rectors of West Retford and Ordsall for the use of their bells. A vote of thanks was also accorded to the clergy and all vice-presidents for their patronage and financial support during the past year.

Some good ringing was done on the bells at all three churches. On six bells, Kent and Oxford Treble Bob, College Pleasure and Plain methods were rung, while at the Parish Church the touches included Grandsire Triples and Caters, Treble Bob Royal and Major, Plain Bob and Stedman Triples, a Worksop lady, Miss Taylor, ringing her first touch on ten bells, in which Miss Jackson, of Doncaster, also took part.

Harworth and Edwinstowe having now become affiliated, the association hopes to hold meetings in July and August at these two places.

An alteration of rule has now increased the meetings of the association from four to six each year.

SOUTH DURHAM TOWERS.

A combined practice was held on Saturday, May 27th, at Bolton-on-Swale (6), when ringers were present from Heighington, Hurworth, Shildon, Holy Trinity and St. John's, Darlington. Touches amounting to 2,592 changes were rung in Grandsire and Stedman Doubles, Plain Bob, Oxford and Kent Treble Bob and London Surprise Minor, a well-struck 720 of Kent, the first for 12 years on these bells, completing a very enjoyable afternoon. It was decided to hold the next meeting at Staindrop on June 10th. A very hearty vote of thanks was passed to the ladies and the Vicar for so kindly providing tea, and the Vicar for the use of the bells.

WARWICKSHIRE GUILD.

VISIT OF LANCASHIRE ASSOCIATION PRESIDENT.

The May monthly meeting of the Guild, held at Monk's Kirby, on the 20th ult., may be classed as one of the most successful in the history of the Guild. This magnificent peal loses none of its fascination, and upwards of 60 ringers were present during the afternoon and evening, from Allesley, Coventry, Desborough, Exhall, Chilvers Coton, Croft, Rugby, Stoke, Polesworth, Green, Stoney Stanton, Nuneaton, Wolvey, and the local band, who are making excellent progress under the tuition of the Rugby members.

Just as the company were about to sit down to tea, provided at the Denbigh Arms, they were pleasantly surprised by the appearance of the Rev. Canon H. J. Elsee, President of the Lancashire Association, who is a native of Warwickshire, and received his first instruction in the art on the old five bells at St. Andrew's, Rugby.

The Ringing Master (Mr. A. Roberts) extended a hearty welcome to the Canon, and his remarks were endorsed by Mr. A. Wilkerson, hon. secretary of the Guild.—Canon Elsee, replying, said how pleased he was to be amongst his Warwickshire friends once again, and especially to be able to hear such a noble peal at Monk's Kirby. He remarked later, in the tower, that he never thought it would be his great pleasure to ring Superlative there.

Twelve new members were elected, including several of the local band. The Guild heartily thank the Vicar for his kind permission to use the bells, also to the local band for having them in readiness. Tune ringing and Stedman Caters on the handbells were indulged in after tea.

The methods rung during the afternoon and evening in the tower included London, Bristol, Cambridge and Superlative Surprise Double Norwich and Bob Major. Stedman and Grandsire Triples. The lowering of the bells in peal about 8.30 p.m. brought a happy and successful meeting to a close.

DEATH OF MR. CECIL CHAPMAN.

A PROMISING YOUNG KETTERING RINGER.

The Kettering Parish Church ringers have lost, by the death of Mr. Cecil Chapman, at the early age of 20 years, one of the most promising young ringers in the county. The deceased, who was the youngest son of Mr. James E. Chapman, was taken ill on Saturday, April 29th, and on the Monday was removed to the Kettering General Hospital, but despite the skilful attention of five doctors, he passed away on Saturday, May 6th.

Cecil Chapman was one of those who commenced ringing at a very early age, and under the influence of his father, and the writer, made rapid progress in handbell ringing, showing every prospect of becoming an accomplished ringer and conductor on both tower and handbells. He rang 7—8 in a peal of Bob Major when only 12 years old, it being the 100th peal rung by his father for the Association. On June 6th, 1915, he was umpire, and ticked off every lead end of Holt's original rung on handbells, conducted by W. Perkins. His first tower bell peal was one of Minor in seven methods rung after the war. Altogether he had rung 21 peals in the following methods: On tower bells: Doubles 6 (conducted 4), Minor (1 method) 1 (conducted 1), Minor (7 methods) 1, Minor (8 methods) 1, Grandsire Caters 1, Bob Major 1, Stedman Triples 1, Double Norwich 1, Superlative 1, Cambridge 1. On handbells: Grandsire Triples 1, Bob Major 4, Double Norwich 1.

Of a quiet and unassuming disposition, always punctual and regular in attendance to ring for services, a keen and accurate striker, he made many friends, and his presence in the belfry will be sorely missed by all who came in contact with him.

The funeral took place on Wednesday, May 10th, the service being conducted by the Rector (the Rev. C. B. Lucas). As the funeral cortege proceeded to the cemetery the bells of the Parish Church were chimed by Mr. W. T. Wilson, of Isham (treasurer of the Association), Miss C. Hepburn and Miss Lewis of Isham (who represented the Ladies' Guild), Mr. C. Moor, R. Black, R. W. Lawrence, and A. Warren, of Weekley, assisted by Mr. C. W. Bird and A. V. Inns, of the Kettering band.

Four of the deceased's fellow ringers acted as bearers viz. Messrs. Nichols, Payne, Sawfoot and Turner. After the committal service at the graveside, a course of Grandsire Triples was rung by A. Inns 1—2, F. Sawfoot 3—4, D. Nichols 5—8, R. Black 7—8.

Among the many handsome floral tokens was one from the Kettering ringers, and others from the Rector, and ringers of Weekley: Mr. W. T. Wilson and Miss Hepburn, Isham; Mr. A. N. Wood, of Bedford; Mr. J. Palmer, of Acton Hall Gardens, Cheshire.

In the evening an attempt was made for a peal of Stedman Triples, with the bells half-muffled, but this was unfortunately lost owing to a shift course. The whole peal and stand was rung 20 times by the following: A. Inns 1, R. Lawrence (Weekley) 2, A. Henman 3, C. W. Bird 4, R. Turner 5, A. Payne 6, D. J. Nichols 7, F. Sawfoot 8.

At Weekley, where Mr. Chapman had been instructing the local band during the past year, a 720 of Bob Minor was rung in 24 mins., with the bells half-muffled, by the local ringers: C. Moore 1, Miss K. Moore 2, R. F. Lawrence 3, R. G. Black 4, A. Warren 5, R. W. Lawrence (conductor) 6.

MIDDLESEX COUNTY ASSOCIATION.**MEETING AT BARNET AND HADLEY.**

A successful meeting of the N. and E. district of the Middlesex County Association and London Diocesan Guild was held on May 20th, at Barnet and Hadley. Quite a large number of members took advantage of the very fine weather to take a country outing, and to enjoy some good ringing on the two peals of bells available. A short service was held in Barnet Parish Church at 6 p.m., when the Rector (the Rev. W. Manning), after giving the Association a hearty welcome, paid a tribute to the late Mr. Arthur T. King, who, he said, was a man whose life all could take as an example. He mentioned that Mr. King was at one time a parishioner of Barnet, and during the short period, just after his own coming to Barnet, that they were associated, he had been able to note Mr. King's high character, and he summed up by saying that the deceased President was well worthy of being called 'A scholar, a gentleman, and a Christian.' He had now passed away, and had gone to receive the reward of his labours from the Master whom he had so faithfully served.

After tea, which was partaken of in the Church House, the usual business meeting was held, the new President of the Association the Rev. F. B. Bonsey, being in the chair. He was supported by the vice-president, Messrs. F. A. Milne and T. Beadle; also Mr. W. Pye (Master), Mr. G. B. Lucas (District Master), Mr. C. T. Coles (hon. secretary), and upwards of 30 members.

Mr. Milne introduced the President to the members, and Mr. Bonsey, who was given a hearty ovation, acknowledged the honour which had been conferred upon him, adding that he would do his utmost to further the interests of the Association.

Two new members were elected, and Willesden chosen as the place for the next meeting, on July 8th.

Votes of thanks were unanimously passed to the Rectors of Barnet and Hadley for the use of their bells, and to the towerkeepers for having everything ready for the members. Both peals were subsequently made use of in a variety of methods, and during the afternoon and evening the following methods were practised: Grandsire and Stedman Triples, Plain and Kent Treble Bob, Double Norwich, Cambridge, London and Bristol Surprise, several members ringing their first courses of the Surprise methods.

SOUTH AND WEST DISTRICT AT EALING.

A meeting of the S. and W. District was held at St. Mary's, Ealing, on Saturday, May 27th. Although the weather was warm, and the 'go' of the bells not 'great,' the gathering proved a success, and touches of Grandsire, Stedman, Plain Bob, Kent and Oxford Treble Bob, Double Norwich and Cambridge were rung. A ringers' service, with a short address, was conducted by the Rev. F. J. L. Rees, and much appreciated. In the absence of the Vicar (the Rev. G. J. Sharp) he gave the association a hearty welcome.

The company were entertained to tea by the Vicar and wardens, to whom a vote of thanks was accorded for the use of the bells and their kind hospitality.

WINCHESTER DIOCESAN GUILD.

GUILDFORD DISTRICT.

A district meeting was held at Cranleigh, on Saturday, May 27th, 37 ringers being present from Cranleigh, Crawley, Dorking, Dunsfold, Ewhurst, Guildford (Holy Trinity and St. Nicolas), and Shere. Service was conducted by the Rector (the Rev. P. Cunningham), and tea was provided in the Church Hut, the chair being taken by Sir Gerald Chadwyck Healey, supported by the Rector, the chairman of the committee, and Ringing Master.

At the business meeting it was decided to hold the summer meeting at Ramore, on August Bank Holiday, subject to the consent of the authorities.

A cordial vote of thanks to the chairman for presiding, to the Rector for conducting the service, and to the organist, was passed. After the business, four members of the Cranleigh band gave some delightful selections of tunes on the handbells and touches of Grandsire and Stedman were also rung by some of the members present. Ringing on the tower bells was indulged in during the afternoon and evening.

A BRISTOL MEMORIAL.

On Sunday, April 9th, the 6th Batt. of the Gloucestershire Regiment marched to St. James' Church, Bristol, where their commanding officer, Lieut.-Col. F. W. Hek (commanding officer of the Battalion), unveiled the parish war memorial. The tablet, which is erected in the south porch of the church, is of handsome design, in bronze with a border of Devon marble, and contains the names of 109 men of St. James' and a suitable inscription. The service was most impressive, the Bishop performing the dedication. Prior to the service, St. James' Ringers Guild rang the bells half-muffled, but owing to the lack of time a quarter-peal of Stedman Triples had to be abandoned, and the bells brought round at 1,187 changes.
